RESOLUTION AUTHORIZING ISSUANCE OF SERIES 2016B BOND
(NDEQ LOAN AGREEMENT AND PROMISSORY NOTE)

BE IT RESOLVED by the Board of Directors (the “Board”) of the Papio-Missouri River Natural Resources District, in the State of Nebraska (the “District”), as follows:

Section 1. Findings and Determinations. The Board hereby finds and determines as follows:

(a) pursuant to Sections 2-3252 to 2-3255, R.R.S. Neb., as amended, the District previously established improvement project areas designated Washington County Rural Water Project No. 1 (“WC Project No. 1”) and Washington County Rural Water Project No. 2 (“WC Project No. 2”) to serve portions of Washington County; and

(b) the District has constructed rural water system improvements to serve WC Project No. 1 (such improvements, as presently existing and all additions, extensions and improvements thereto hereafter constructed by the District to serve WC Project No. 1 and for which revenue bonds may be issued under the terms of Section 2-3226, R.R.S. Neb., as amended [the “Act”] being herein referred to and collectively designated as the “WC1 Water System”), and has constructed rural water system improvements to serve WC Project No. 2 (such improvements, as presently existing and all additions, extensions and improvements thereto hereafter constructed by the District to serve WC Project No. 2 and for which revenue bonds may be issued under the terms of the Act, being herein referred to and collectively designated as the “WC2 Water System”); and

(c) the District has taken actions to extend the boundaries of both the WC1 Water System and the WC2 Water System and to effect a financial merger of the WC1 Water System and the WC2 Water System into a combined service area (together, the “Water System”); and

(d) the Water System constitutes and is determined to be a revenue producing facility for which revenue bonds may be issued under the terms of the Act; and

(e) to effect the refunding and redemption of certain outstanding bonds of the District for which the revenues of portions of the Water System have been pledged, the District intends to issue contemporaneously with the issuance of the 2016B Bond herein authorized its Water System Revenue Refunding Bonds, Series 2016A (the “2016A Bonds”), which are to be secured by a lien upon and secured by a pledge of the revenues of the Water System on an equal and ratable basis as the 2016B Bond authorized herein; and

(f) the Nebraska Department of Environmental Quality (“NDEQ”) has approved a project designated as “NDEQ Project No. D311614” relating to:

(i) the acquisition, construction, improvement, repair, rehabilitation or extension of the District’s Water System consisting of eligible costs associated with the extension of approximately 5,525 feet of new 10 inch water main; new appurtenances; all related work, testing, assessment and engineering fees; and

related projects, for which the estimated costs are not expected to exceed \$168,000 (collectively, the "2016 Project"), and

(ii) the refinancing of certain improvements to the Water System (the "County Project") previously constructed by the District and funded by Washington County, Nebraska (the "County") through the advance of certain funds outstanding in the approximate principal amount of \$182,000 (the "County Obligation"), which the District agreed to repay through periodic fees or otherwise;

for which the aggregate estimated total cost is not less than \$350,000 and NDEQ has agreed to lend the District funds in such amount (the "Loan") and in such connection has agreed to accept the Note (in such amount and as defined below) payable from the revenues of the Water System; in connection with the Loan it will be necessary for the District to approve, execute and deliver an agreement entitled "Loan Agreement (Governmental Borrower) between the Nebraska Department of Environmental Quality and Papio-Missouri River Natural Resources District, Washington County Rural Water System #2 Project, Washington County, Nebraska, NDEQ Project No. D311614" (the "Loan Agreement") and it is necessary and advisable for the District to approve the execution and delivery of said Loan Agreement and the "Note" as described therein (for the borrowed amount of up to \$350,000, which Note shall evidence, be and constitute the Note as herein authorized); and

(g) to satisfy the borrowing requirements described in this Section 1, it is necessary for the District to issue its Water System Revenue Bond, Series 2016B, in the total principal amount of up to \$350,000 (referred to herein as the "Note" or the 2016B Bond") pursuant to Section 2-3226 R.R.S. Neb. 2012, as amended; and

(h) at the time of issuance of the 2016B Bond and the 2016A Bonds, the 2016B Bonds and 2016A Bonds will be the only then-outstanding indebtedness of the District for which the revenues of the Water System have been pledged (subject to the right of the District to issue Additional Bonds and junior lien indebtedness as described in this Resolution); and

(i) all conditions, acts and things required by law to exist or to be done precedent to the issuance of the 2016B Bond as provided for in this Resolution do exist and have been done in regular and due form and time as required by law.

Section 2. Defined Terms. In addition to the definitions provided in parentheses elsewhere in this Resolution, the following definitions of terms shall apply, unless the context shall clearly indicate otherwise:

(a) The term "Additional Bonds" shall mean any and all bonds hereafter issued by the District pursuant to the terms of this Resolution which are equal in lien to the Note and the 2016A Bonds, including all such bonds issued pursuant to Section 10 and refunding bonds issued pursuant to Section 11.

(b) The term “Average Annual Debt Service Requirements” shall mean that number computed by adding all of the principal and interest due when computed to the absolute maturity of the bonds for which such computation is required and dividing by the number of years remaining that the longest bond of any issue for which such computation is required has to run to maturity. In making such computation, (i) the principal of any bonds for which mandatory redemptions are scheduled shall be treated as maturing in accordance with such schedule of mandatory redemptions and (ii) the principal of the final maturity of any bonds for which a sub-account has been established in the Debt Service Reserve Account shall be treated as reduced by the amount required to be held in such sub-account, so long as the amounts in such sub-account are required to be applied to payment of the final principal maturity of such bonds at maturity.

(c) The term “Deposit Securities” shall mean obligations of the United States of America, direct or unconditionally guaranteed, including any such obligations issued in book entry form.

(d) The term “Net Revenues” shall mean the revenues (as defined below), not including any income from the sale or other disposition of any property belonging to or forming a part of the Water System, less the ordinary expenses for operating and maintaining the Water System payable from the Operation and Maintenance Account described in Section 8 of this Resolution. Operation and Maintenance expenses for purposes of determining “Net Revenues” shall not include depreciation, amortization of financing expenses or interest on any bonds or other indebtedness. Net Revenues for all purposes of this Resolution shall be shown by an audit for the fiscal year in question as conducted by an independent certified public accountant or firm of such accountants, provided that if (a) such audit has not yet been completed and (b) a period of not more than 120 days have elapsed from the ending date of such fiscal year, then the Net Revenues may be shown by the audit report for the fiscal year immediately preceding the fiscal year in question and confirmation given by the District’s Treasurer that the unaudited information then available to the District for the fiscal year in question, if used as the basis for determining Net Revenues, would not result in a showing of Net Revenues insufficient to meet the test or tests for which Net Revenues are being determined.

(e) The term “revenues” shall mean all of the rates, rentals, fees and charges, earnings and other monies, including investment income, from any source derived by the District through its ownership and operation of the Water System, including any and all payments to be received by the District for such system under the terms of interlocal agreements related thereto.

Section 3. Authorization of Loan Agreement and Note.

(a) The District shall enter into the Loan Agreement in substantially the form set forth in Exhibit A to this Resolution, which exhibit is by such reference incorporated herein as if fully set forth.

(b) To provide for paying the costs of the 2016 Project and satisfaction of the County Obligation as described in Section 1 hereof, and to pay certain associated costs, there shall be and there is hereby ordered issued the District's Water System Revenue Bond, Series 2016B, in the form of a single promissory note (referred to in this Resolution sometimes as the "Note" or the "2016B Bond") in the principal amount not to exceed \$350,000, with such Note to be in substantially the form and to have such payment terms as are set forth in Attachment F to the Loan Agreement and are otherwise agreed to and set forth in the final form of the Note, which exhibit is by such reference incorporated herein as if fully set forth. For all purposes of this Resolution, the Note shall constitute a revenue bond of the District as authorized by Section 2-3226 R.R.S. Neb. 2012, as amended, and shall be included within the terms "bond" where such inclusion is appropriate.

(c) The Note and the Loan Agreement are hereby approved and the Chairperson, Vice Chairperson, Treasurer and/or General Manager of the District, or any other officer designated by one of such officers (each, an "Authorized Officer") are each hereby authorized to finalize the terms thereof and to execute and deliver the Note and the Loan Agreement with such changes from the forms presented and attached hereto as such officers shall deem appropriate for and on behalf of the District; provided however that the principal amount of the Note shall not exceed the amount set out in Section 3(b), the per annum rate of interest attributable to the Note shall not exceed 2.0%, administrative fees payable to NDEQ shall not exceed 0.75% per annum, and the longest maturity of the Note shall not be longer than November 10, 2039.

(d) Each Authorized Officer is hereby authorized to negotiate, execute and deliver the Loan Agreement and the Note and are further authorized to take such further actions and to execute such certificates and other documents as shall be deemed necessary or appropriate by any of them in connection with the issuance and delivery of the Note and the Loan Agreement.

Section 4. Certification of Transcripts. The Secretary shall make and certify in counterpart transcripts of the proceedings of the Chairperson and Board with respect to the Loan Agreement and the Note, one of which shall be retained on file with the Secretary.

Section 5. Water System Revenue Pledge. For the payment of the 2016B Bond, both principal and interest, the District hereby pledges, hypothecates and grants a security interest in the entire revenues and earnings of the Water System as a first and prior pledge and encumbrance of such revenues, in accordance with the terms of this Resolution, such pledge, hypothecation and security interest being on an equal and ratable basis with the 2016A Bonds and any Additional Bonds issued from time to time as described in this Resolution. The pledge and hypothecation provided for the Bonds in this Resolution is intended to be and shall provide for a first and prior pledge and lien upon and security interest in the revenues of the Water System superior to any pledge, lien or security interest made or given with respect to any other indebtedness of the District as to its Water System (other than the 2016A Bonds and any such Additional Bonds) and is intended as a full exercise of the powers of the District provided for in the Act, as now or hereafter amended, with respect to the District's Water System and the revenues and earnings

thereof. The 2016B Bond is a lien only upon said revenues and earnings and are not general obligations of the District, nor is the 2016B Bond supported in any way by taxation.

Section 6. Use of Proceeds. The proceeds of the 2016B Bond shall be applied on proper order of the District to pay costs of the 2016 Project and to satisfy the County Obligation. Proceeds may also be used to pay certain costs of issuance as determined by an Authorized Officer.

Section 7. Covenant to Establish and Collect Rates and Charges. The District hereby agrees that it will impose and maintain and shall revise from time to time when necessary and shall collect such rentals, rates, fees and charges for the use and services of the Water System which shall be sufficient at all times to produce revenues and earnings sufficient at all times to provide for the payment of interest on and principal of the Bonds, the 2016A Bonds and any Additional Bonds as such interest and principal become due, to pay all reasonable costs of operation and maintenance of the Water System, including adequate insurance as provided by this Resolution and to pay for the necessary and reasonable repairs, replacements and extensions of said Water System, and to otherwise satisfy the requirements of the Loan Agreement.

Section 8. Funds and Accounts. In connection with the pledge of the revenues and earnings of the Water System for the payment of principal of and interest on the Bonds, the 2016A Bonds and any Additional Bonds, the District does hereby agree with the holders of said 2016B Bond as follows:

(a) **WATER SYSTEM FUND** - The entire gross revenues and income derived from the operation of the Water System shall be set aside as collected and deposited in a separate fund which is hereby ordered established and designated as the "Water System Fund." For purposes of allocating the monies in the Water System Fund, the District shall maintain the following accounts (by the terms of this Resolution directed to be established): (1) Operation and Maintenance Account; (2) Bond Payment Account; (3) Debt Service Reserve Account; and (4) Retained Revenues Account.

(b) **OPERATION AND MAINTENANCE ACCOUNT** - Out of the Water System Fund there shall be monthly credited into the Operation and Maintenance Account such amounts as the District shall from time to time determine to be necessary to pay the reasonable and necessary expenses of operating and maintaining the Water System, and the District may withdraw funds credited to the Operation and Maintenance Account as necessary from time to time to pay such expenses.

(c) **BOND PAYMENT ACCOUNT** - Out of the Water System Fund there shall be credited monthly on or before the first day of each month to the Bond Payment Account, funds in such amounts and at such times as are sufficient to satisfy the payment obligations of the District under the Loan Agreement and the Note. The District Treasurer is hereby authorized and directed, without further authorization, to withdraw monies credited to the Bond Payment Account, or if the monies in such Account are insufficient, then from the Debt Service Reserve Account (but only from the appropriate debt service reserve sub-account) and next from the Retained Revenues Account, in an amount sufficient to pay, when due, the principal of and interest on the Note, the 2016A

Bonds or any Additional Bonds and to transfer such amounts due to the Paying Agent and Registrar (or other paying agent for Additional Bonds or, in the case of the Note, to NDEQ) at least five (5) business days before each principal and interest payment date. Upon the issuance of any Additional Bonds pursuant to this Resolution appropriate additional credits to the Bond Payment Account shall be provided sufficient to pay principal and interest on said Additional Bonds.

(d) **DEBT SERVICE RESERVE ACCOUNT** – No amount shall be required to be maintained in the Debt Service Reserve Account with respect to the Note. Other sub-accounts within the Debt Service Reserve Account may from time to time be established with respect to other bonds. Monies credited to the Debt Service Reserve Account may be withdrawn (but only from the appropriate sub-account), as needed to provide funds to pay, when due, the principal and interest on the Additional Bonds issued pursuant to this Resolution, if the Bond Payment Account contains insufficient funds for that purpose, and the District Treasurer is hereby authorized and directed to make such withdrawal if and when needed. In the event of a withdrawal from the Debt Service Reserve Account, there shall be credited to the Debt Service Reserve Account in the month following such withdrawal and each month thereafter (until each sub-account in the Debt Service Reserve Account has been fully restored) all monies in the Water System Fund remaining after making the payments required to be made in such month to the Operation and Maintenance Account and Bond Payment Account. Upon the issuance of any Additional Bonds a separate sub-account in the Debt Service Reserve Account shall be established (in such amount as the Board of Directors shall determine appropriate, which may be \$-0-) and any such separate debt service reserve account shall have the right to share, in the event of drawings upon such reserve sub-account for Additional Bonds, in revenues available in the Water System Fund upon a pro rata basis in accordance with the respective outstanding principal amounts or each such issue. Anything in this Subsection (d) to the contrary notwithstanding, the amount required to be maintained in any debt service reserve sub-account for any issue of Additional Bonds the interest on which is intended to be exempt from federal income taxation shall not be required to exceed at any time the maximum amount permitted to be invested without yield restriction under Section 103(b) and 148 of the Internal Revenue Code of 1986, as amended, and applicable regulations of the United States Treasury Department. Each sub-account in the Debt Service Reserve Account shall constitute a special and separate account held in trust for the specific issue for which it has been established held solely for such specific issue and to assure the payment of principal and interest thereon. When any issue of Additional Bonds for which a sub-account has been established is no longer outstanding, the particular sub-account for such issue shall no longer be required to be maintained.

(e) **RETAINED REVENUES ACCOUNT** - Monies from the Water System Fund remaining after the credits required in the foregoing Subsections (b), (c) and (d) have been made in full shall be credited to the Retained Revenues Account. Monies in the Retained Revenues Account shall be applied (1) first, to make up any deficiencies in the accounts described in the foregoing Subsections (b), (c) and (d); (2) second, to retire any of the Note, the 2016A Bonds or any Additional Bonds prior to their maturity, (3) third, to provide for replacements for or improvements to the Water System, (4) fourth, to pay

principal of and interest on any junior lien indebtedness incurred with respect to the Water System, and (5) fifth, to provide for any other lawful purpose of the District related to the Water System determined upon by the Board of Directors.

The provisions of this Section shall require the District to maintain a set of books and records in accordance with such accounting methods and procedures as are generally applicable to a utility enterprise, which books and records shall show credits to and expenditures from the several accounts required by this Section 8. Monies credited to the Water System Fund or any of the accounts or sub-accounts therein as established by this Resolution shall be deposited or invested separate and apart from other District funds. Except as specified below for the Debt Service Reserve Account, the District shall not be required to establish separate bank or investment accounts for the accounts and sub-accounts described in Subsection (b), (c), (d) and (e). Monies credited to the Debt Service Reserve Account or any reserve sub-account therein (unless otherwise directed in the authorizing resolution for any Additional Bonds with respect to the reserve sub-account for such Additional Bonds) shall, if maintained in a demand or time deposit account, be kept in a separate account and not commingled with other Water System funds or accounts. If invested, monies credited to the Debt Service Reserve Account or any reserve sub-account therein may be commingled with other Water System funds or accounts so long as the District maintains books and records clearly identifying the specific investments, or portions thereof, which belong to the Debt Service Reserve Account and the specific sub-accounts therein. Monies in any of the accounts may be invested in securities eligible for investment of other District funds. Income from or profit realized from any such investment shall be credited to the respective account from which said investment has been made until such account contains the maximum amount required to be deposited therein and thereafter such income or profit shall be transferred to the Water System Fund and treated as other revenues from the operation of the Water System.

Section 9. Covenants Relating to Water System. So long as any Note, the 2016A Bonds or Additional Bonds are outstanding, the District hereby covenants and agrees as follows:

(a) The District will maintain the Water System in good condition and will continuously operate the same in a reasonable and efficient manner, and the District will punctually perform all duties with reference to said system required by the Constitution and statutes of the State of Nebraska, but this covenant shall not prevent the District from discontinuing the use and operation of all or any portion of the Water System so long as the revenue derived from the District's ownership of the properties constituting the Water System shall be sufficient to fulfill the District's obligations under this Resolution.

(b) The District will not grant any franchise or right to any person, firm or corporation to own or operate a water system in competition with the Water System.

(c) The District will maintain insurance on the property constituting the Water System (other than such portions of the system as are not normally insured) against risks customarily carried by similar utilities, but including fire and extended coverage insurance in an amount which would enable the District to repair, restore or replace the property damaged to the extent necessary to make the Water System operable in an efficient and proper manner to carry out the District's obligations under this Resolution. The Board of

Directors shall annually examine the amount of insurance carried with respect to the Water System and shall evidence approval of such insurance by resolution. The proceeds of any such insurance received by the District shall be used to repair, replace or restore the property damaged or destroyed to the extent necessary to make the Water System operable in an efficient and proper manner, and any amount of insurance proceeds not so used shall be credited to the Retained Revenues Account and applied in a manner consistent with the priorities set forth in subsection 8. In the event of any such insured casualty loss, the District may advance funds to make temporary repairs or provide for an advance on costs of the permanent repair, restoration or replacement from the Operation and Maintenance Account or other funds of the District and any such advances shall be repaid from insurance proceeds received.

(d) The District will keep proper books, records and accounts separate from all other records and accounts in which complete and correct entries will be made of all transactions relating to the Water System. The District will upon request have its operating and financial statements related to the Water System audited annually by a certified public accountant or firm of certified public accountants. The District will furnish to the original purchaser of the Note and to the original purchaser or purchasers of each series of Additional Bonds issued hereunder (which may be accomplished by posting on EMMA), within seven (7) months after the end of each fiscal year of the Water System, a copy of the financial statements of the Water System and the certified public accountant's report thereon.

(e) The District shall cause each person handling any of the monies in the Water System Fund to be bonded by an insurance company licensed to do business in Nebraska in an amount or amounts deemed sufficient by the Board of Directors to cover the amount of money belonging to said system reasonably expected to be in the possession or control of any such person. The amount of such bond or bonds shall be fixed by the Board of Directors and the costs thereof shall be paid as an operating and maintenance expense from the Operation and Maintenance Account.

Section 10. Additional Bonds. To provide funds for any purpose related to the Water System, the District may issue Additional Bonds (other than Additional Bonds issued for refunding purposes which are governed by Section 11 of this Resolution) payable from the revenues of the Water System having equal priority and on a parity with the Note, the 2016A Bonds and any Additional Bonds then outstanding, only upon compliance with the following conditions:

(a) Such Additional Bonds shall be issued only pursuant to a resolution which shall provide for an increase in the monthly credits into the Bond Payment Account in amounts sufficient to pay, when due, the principal of and interest on the Note, the 2016A Bonds and any Additional Bonds then outstanding and the proposed Additional Bonds and for any monthly credits to the Debt Service Reserve Account as may be required to be established with respect to such Additional Bonds.

(b) The District shall have complied with one or the other of the two following requirements:

1) The Net Revenues derived by the District from its Water System for the fiscal year next preceding the issuance of the Additional Bonds shall have been at least equal to 1.25 times the Average Annual Debt Service Requirements of the Note, the 2016A Bonds and any Additional Bonds, all as then outstanding, and of the proposed Additional Bonds; or

2) The District shall have received a projection made by a consulting engineer or firm of consulting engineers, recognized as having experience and expertise in municipal utility systems, projecting that the Net Revenues of the Water System in each of the three full fiscal years after the issuance of such Additional Bonds will be at least equal to 1.25 times the Average Annual Debt Service Requirements of the Note, the 2016A Bonds and any Additional Bonds, all as then outstanding, and of the proposed Additional Bonds. In making such projection, the consulting engineer shall use as a basis the Net Revenues of the Water System during the last fiscal year for which an independent audit has been prepared and shall adjust such Net Revenues as follows: (A) to reflect changes in rates which have gone into effect since the beginning of the fiscal year for which the audit was made, (B) to reflect such engineer's estimate of the net increase over or net decrease under the Net Revenues of the Water System for the fiscal year for which the audit was made by reason of: (i) changes of amounts payable under existing contracts for services; (ii) additional general income from sales to customers under existing rate schedules for various classes of customers or as such schedules may be revised under a program of changes which has been adopted by the Board of Directors of the District; (iii) projected revisions in costs for water service, labor, wages, salaries, machinery, equipment, supplies and other operational items; (iv) revisions in the amount of service to be supplied and any related administrative or other costs associated with such increases due to increased supply from the acquisition of any new facility; and (v) such other factors affecting the projections of revenues and expenses as the consulting engineer deems reasonable and proper. Annual debt service on any proposed Additional Bonds to be issued may be estimated by the consulting engineer in projecting Average Annual Debt Service Requirements, but no Additional Bonds shall be issued requiring any annual debt service payment in excess of the amount so estimated by the consulting engineer.

The District hereby covenants and agrees that so long as any of the Note, the 2016A Bonds and any Additional Bonds are outstanding, it will not issue any bonds or notes payable from the revenues of the Water System except in accordance with the provisions of this Resolution, provided, however, the District, to the extent permitted under the terms of this Resolution, reserves the right to issue bonds or notes which are junior in lien to the Note, the 2016A Bonds and any such Additional Bonds with the principal and interest of such junior bonds or notes to be payable from monies credited to the Retained Revenues Account as provided in Subsection 8(e) of this Resolution.

Section 11. Refunding Bonds. The District may issue refunding bonds which shall qualify as Additional Bonds of equal lien to refund any of the Bonds, the 2016B Bond or

Additional Bonds then outstanding, provided, that if any such Bonds, the 2016B Bond or Additional Bonds are to remain outstanding after the issuance of such refunding bonds, the principal and interest payments due on the refunding bonds in any calendar year following such refunding shall not exceed the principal and interest payments which would otherwise have been due on the refunded bonds in such calendar year by more than ten percent (10%). Refunding Bonds issued in accordance with this paragraph may be issued as Additional Bonds of equal lien without compliance with the conditions set forth in Subsection 10(b) of this Resolution.

The District may also issue refunding bonds which shall qualify as Additional Bonds of equal lien to refund any Note, the 2016A Bonds or Additional Bonds then outstanding provided, that, if any such Note, the 2016A Bonds or Additional Bonds are to remain outstanding after the application of the proceeds of the refunding bonds to the payment of the bonds which are to be refunded, such issuance must comply with the Net Revenues test set forth in Subsection 10(b)(1) of this Resolution and, if the proceeds of such refunding bonds are not to be applied immediately to the satisfaction of the bonds which are to be refunded, then such refunding bonds must provide by their terms that they shall be junior in lien to all Note, the 2016A Bonds and any Additional Bonds outstanding at the time of issuance of such refunding bonds until the time of application of their proceeds to the satisfaction of the bonds which are to be refunded. In computing Average Annual Debt Service Requirements to show compliance with said Net Revenues test for such refunding bonds, all payments of principal and interest due on such refunding bonds from the time of their issuance to the time of application of the proceeds of such refunding bonds to the satisfaction of the bonds which are to be refunded shall be excluded from such computation to the extent that such principal and interest are payable from sources other than the revenues of the Water System, such as earnings on the investment of the proceeds of said refunding bonds, or from monies in the Retained Revenues Account, and all payments of principal and interest due on the bonds which are to be refunded from and after the time of such application shall also be excluded. For purposes of this paragraph of this Section 11, the time of application of the proceeds of the refunding bonds to the satisfaction of the bonds which are to be refunded shall be the time of deposit with the paying agent for such bonds which are to be refunded pursuant to Section 10-126 R.R.S. Neb. 2012, as amended, (or any successor statutory provision thereto) or the time when such bonds which are to be refunded under the terms of their authorizing resolution or resolutions are no longer deemed to be outstanding, whichever occurs sooner.

Section 12. Bonds No Longer Outstanding. The District's obligations under this Resolution and the liens, pledges, dedications, covenants and agreements of the District herein made or provided for shall be fully discharged and satisfied as to the Note issued hereunder, and said bonds shall no longer be deemed outstanding hereunder if such bonds shall have been purchased and canceled by the District or, as to any of said bonds not theretofore purchased and canceled by the District, when payment of the principal of and any applicable redemption premium, if any, on such bonds plus interest thereon to the respective dates of maturity or redemption (a) shall have been made or caused to be made in accordance with the terms thereof; or (b) shall have been provided for by depositing with a state or national bank having trust powers or trust company in trust solely for such payment (i) sufficient moneys to make such payment and/or (ii) Deposit Securities in such amount and bearing interest payable and maturing or redeemable at stated fixed prices at the option of the holder as to principal at such times as will ensure the availability of sufficient moneys to make such payment and such bonds shall cease to draw interest from the date fixed for their redemption or maturity and, except for the purposes of such payment,

shall no longer be entitled to the benefits of this Resolution; provided that, with respect to any such bonds called or to be called for redemption, the District shall have duly given notice of redemption or made irrevocable provision for such notice. Any such moneys so deposited with the aforesaid state or national bank or trust company as provided in this section may be invested and reinvested in Deposit Securities at the direction of the District and all interest and income from all such Deposit Securities in the hands of the aforesaid trustee bank or trust company which are not required to pay principal and interest on the Note for which such deposit has been made shall be paid to the District as and when realized and collected.

Section 13. General Authority. The officers of the District, or any one or more of them, including the Chairperson, Vice Chairperson and Secretary of the Board and the General Manager of the District are hereby individually authorized to do all things and execute all such documents as may by them be deemed necessary and proper to complete the issuance and sale of the Note and the execution and delivery of the Loan Agreement as contemplated by this Resolution.

Section 14. Expectations of Tax Status of the Note. The Board hereby expressly declares the intent and understanding that interest on the Note shall not be excludable from gross income under the terms of Section 103 of the Internal Revenue Code of 1986, as amended, and the District as issuer shall not file any information report with respect to the issuance of the Note pursuant to Section 149(e) of said Code.

Section 15. Severability. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution.

Section 16. Conflicting Resolutions Repealed. All resolutions or orders or parts thereof in conflict with the provisions of this Resolution are to the extent of such conflict hereby repealed.

Section 17. Effectiveness. This Resolution shall be in force and take effect as provided by law.

LOAN CONDITIONS AND TERMS

Section 2.01. Amount of the Loan. Subject to all of the terms, provisions and conditions of this Loan Agreement, and subject to the availability of State and federal funds, NDEQ will loan an amount not to exceed three hundred fifty thousand dollars (\$350,000) to the Borrower to pay a portion of the Project Costs. The actual amount of the Loan may be reduced without revision of any other terms, provisions or conditions of this Loan Agreement, other than adjustment by NDEQ to the Loan Repayment Schedule set forth in Attachment A hereto, to reflect the Loan Amount, based upon reductions in the actual total Project Costs as determined following the completion of construction of the Project. The Borrower must make provision for the payment of all costs exceeding the Loan Amount, provided that the Borrower may request that NDEQ provide supplemental loan funds through a separate loan agreement, the approval of which shall be dependent on availability of unobligated funds in the Loan Fund and NDEQ’s subsequent written approval of such request in its sole discretion upon such additional terms, conditions and covenants as NDEQ may then require.

Section 2.02. Term of the Loan. The Borrower agrees to begin repayment of principal and interest on the Loan Amount within one year from the date of Initiation of Operation, but no later than three years from the date of the Loan, whichever occurs first, and to repay such Loan in full no later than 20 years from Initiation of Operation and to pay all principal, interest, administrative fees and penalty fees when due.

Section 2.03. Interest Rate. The interest rate on the Loan Amount is determined by NDEQ pursuant to Regulations and the Intended Use Plan. The interest rate on this loan amount disbursed to the Borrower pursuant to this Loan Agreement during the period of construction shall be 2.0% and after the date of Initiation of Operation shall be 2.0% per annum (calculated on the basis of a year equaling 360 days made up of 12 months of 30 days each). For the purposes of this paragraph “construction” shall mean the period between the date of this Loan Agreement and the date of Initiation of Operation.

Section 2.04. Disbursement of Loan. Upon receipt of a disbursement request for work completed accompanied by any certification from the Borrower required by NDEQ, NDEQ shall make progress disbursements that correspond to such request of the Loan Amount to be used by the Borrower for Project Costs. The Borrower may obtain a copy of the disbursement record upon request to NDEQ. Each disbursement shall be upon warrant by the State and shall be equal to that portion of the unobligated principal of the Loan Amount incurred for Project Costs to the date of the request for disbursement from the Borrower. Submitted requests for disbursement must be supported by proper invoices for Project Costs, a certificate of the Authorized Representative to the effect that all representations made in this Loan Agreement remain true as of the date of the request and that no adverse developments affecting the financial condition of the Borrower or its ability to complete the Project or to repay the Loan have occurred since the date of this Loan Agreement, and other documentation acceptable to and approved by NDEQ. Disbursement requests should be submitted before the first or the fifteenth of each month to facilitate timely processing. All disbursement requests must be made prior to the Cut-off Date established by NDEQ.

The Borrower may request disbursement of the Loan Amount for eligible Project Costs, when such Project Costs have been incurred and are due and payable to project contractors. However, actual payment

of such Project Costs by the Borrower is not required as a condition of a payment request. Disbursement requests will be processed on or about the fifth and twentieth day of each month. Any Retainage withheld by the Borrower corresponding to the progress payment made to any contractor will be withheld by NDEQ until such Retainage is either reduced or released to the contractor by the Borrower.

The Borrower shall submit a draft of the operation and maintenance manual for the Project to Nebraska Department of Health and Human Service, Division of Public Health (NDHHS-DPH) before disbursements exceed 75% of the Project Costs. The Borrower shall submit a final operation and maintenance manual to NDHHS-DPH and receive approval before disbursements exceed 95% of the Project Costs or final disbursement, whichever comes first.

Installments of principal and interest (total debt service) shall be paid semiannually on December 15 and June 15 of each year in accordance with the Loan Repayment Schedule in Attachment A; provided that, following the final disbursement of Loan proceeds to the Borrower and receipt of the Initiation of Operation date, a revised final Attachment A shall be prepared by NDEQ to establish the final debt service schedule based upon the parameters described in the projected Attachment A. Such revised final Attachment A thereafter shall be deemed to be incorporated herein by reference and made a part hereof and shall supersede and replace the projected Attachment A.

NDEQ will send the Borrower an invoice for each required payment at least 30 days prior to the due date. When a Loan disbursement occurs after invoices are mailed, NDEQ will include adjustments for interest and fee charges on the next semiannual invoice.

(b) ***Optional Prepayment of the Loan.*** The Borrower may prepay the Loan, together with any accrued interest in whole or in part, at any time without penalty upon giving 60 days written notice to the NDEQ of its intent to prepay. The Borrower may make a partial prepayment of the Loan Amount only if the prepayment amount is greater than the lesser of 10% of the outstanding amount of the Loan, or fifty thousand dollars (\$50,000). The NDEQ shall prepare a new Loan Repayment Schedule to revise Attachment A following receipt of any partial prepayment of the Loan and such revised Attachment A thereafter shall be deemed to be incorporated herein by reference and made a part hereof and shall supersede and replace Attachment A.

(c) ***Mandatory Prepayment of Loan.*** If the Borrower receives a grant from any source for any portion of the Project Costs for which a portion of the Loan Amount has been disbursed and is outstanding under this Loan Agreement, such portion of the Loan Amount shall become immediately due and payable.

(d) ***Delinquent Payment Penalty and Penalty Interest.*** Payments shall be considered delinquent if not received within 15 days of the due date and for any such delinquent payment, the Borrower agrees to pay a 5% administrative penalty of said delinquent payment. In addition, the Borrower agrees to pay penalty interest on any such delinquent payment at the rate of 1% per month of the amount of such delinquent payment from and after the due date until it is paid.

Section 2.06. Administrative Fee. The Borrower shall pay to NDEQ, or at the direction of NDEQ, to NIFA or the Trustee, an annual administrative fee of 0.75% per annum of the Loan Amount outstanding from time to time to be paid in semiannual installments of 0.375% of the Loan Amount outstanding on the date invoices are mailed in accordance with the Loan Repayment Schedule in Attachment A. Following the final disbursement of Loan proceeds to the Borrower and receipt of the Initiation of Operation date, Attachment A shall be prepared by NDEQ pursuant to Section 2.05(a). The fee is waived for the first year from the date of the initial Loan Agreement.

Section 2.07. Project Schedule. The Borrower agrees to perform steps of the Project in accordance with the following schedule of milestone dates:

- (b) September 2016, Construction start
- (c) November 2016, Initiation of Operation
- (d) November 2016, Substantial completion of construction

The Borrower shall take affirmative steps to assure that small, minority and women's businesses pursuant to 40 C.F.R. 31.36(e) and small businesses in rural areas pursuant to 13 C.F.R. 121.2 are used when possible as sources of supplies, construction and services. - (d) Establishing delivery schedules, where the requirement permits, which encourage participation by disadvantaged business enterprises;
- (e) Using the services and assistance of the Small Business Administration and Minority Business Development Agency of the United States Department of Commerce; and
- (f) Requiring the prime contractor to take the affirmative steps listed above.

In addition, the Borrower agrees to submit to NDEQ a completed SF 334 form within 15 days after the end of each federal fiscal quarter during which the Borrower or its contractors award any subagreements to a disadvantaged business enterprise for building and building-related services and supplies.

Section 2.09. Public Water Supply System Resolution/User Charge Systems. The Borrower agrees to adopt and implement such changes to its Public Water Supply System Resolution/User Charge System as determined by NDEQ from time to time to be necessary to comply with the Regulations. The Borrower agrees that it shall not modify or amend or make additions to or deletions from its Public Water Supply System Resolution/User Charge System without the consent of NDEQ during the term of this Loan Agreement except for any increase in rates and charges necessary or deemed necessary by the governing body of the Borrower in order to comply with the provisions of this Loan Agreement.

(e) **Capacity Development.** The Borrower agrees to maintain a system of records for annual review and reporting of technical, managerial, and financial capacity of the public water supply system to demonstrate continued compliance with the requirements of the Nebraska Safe Drinking Water Act as provided under Title 179 NAC2 and the requirements of an operating permit, as issued by the Nebraska Department of Health and Human Services Regulation and Licensure effective October 1, 1999 for new community water supply systems, and October 1, 2000 for existing community water supply systems.

(f) **Contractor's Security.** The Borrower agrees to require any contractor of the Project to post separate performance and payment bonds or other security approved by NDEQ in the amount of the bid.

(g) **Certified Operator.** The Borrower agrees to provide a certified operator pursuant to Title 179 NAC2 Regulations Governing Public Water Supply Systems.

(h) **Site Title and Easements.** The Borrower must certify that site title, including all easements and rights-of-way necessary to allow construction of the Project, has been obtained prior to award of the construction contract (i.e., all real property has been acquired, bona fide options have been taken or formal condemnation proceedings have been initiated for necessary real property).

(i) **Contractor's Payments.** The Borrower agrees to make prompt payment to its contractor(s) of sums due for construction and to retain only such amounts as may be justified by specific circumstances and provisions of the construction contract.

(j) **Bid Solicitation.** The Borrower agrees that all bid solicitations will include the following statement:

The prospective participants must certify by submittal of EPA Form 5700-49 "Certification Regarding Debarment, Suspension and Other Responsibility Matters" that, to the best of its knowledge and belief, it and its principals are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any federal department or agency.

(k) **Debarment or Suspension.** The Borrower acknowledges that doing business with any party appearing in the "List of Parties Excluded from Federal Procurement or Non Procurement Programs" may result in disallowance of federal funds under this Loan Agreement and may also result in suspension or debarment under 40 C.F.R. Part 32.

(l) **Other Federal Requirements.** The Borrower agrees to comply with other applicable Federal Requirements in Attachment D hereto.

(m) **Project Sign.** The Borrower agrees to display the project sign if provided by NDEQ. The sign will remain the property of NDEQ and will be retrieved soon after project completion. The Borrower will remove the sign for NDEQ when requested.

(n) **Employment under Public Contracts, LB 403.** The Borrower agrees to comply with the provisions of LB403, approved by the Governor April 8, 2009. The following language is required and

will be included in all contracts made with contractors and is a pass through requirement for his or her subcontractors.

"The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee. If the Contractor is an individual or sole proprietorship, the following applies: 1. The Contractor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at www.das.state.ne.us; 2. If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide the US Citizenship and Immigration Services documentation required to verify the Contractor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program; and, 3. The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. §4-108."

(o) **Prevailing Wage.** All laborers and mechanics employed by contractors and sub contractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Public Law 111-88 shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (64 Stat. 1267; 5 U.S.C.App.) and section 3145 of title 40, United States Code.

The Borrower is responsible to insure compliance with the prevailing wage requirements and will include the following information in the contract documents:

Contractors and subcontractors on USEPA federally assisted construction projects are required to pay their laborers and mechanics not less than those established by the U.S. Department of Labor. A current wage decision containing the appropriate building and/or heavy type rates shall be included in the specifications. In addition, labor standard provisions, Davis Bacon and Related Acts, for federally assisted contracts shall be placed in the federal assurances of project specifications.

If an areawide decision or classification does not exist for the type of work to be performed, building or heavy, a decision or request for authorization of additional classification and rate must be requested from the Labor Department using the Standard Form 1444, Request for Authorization of Additional Classification and Rate available on the web at: www.gsa.gov/portal/forms/download/115906. These types of decisions or classifications are project specific, i.e. they are applicable only to the project for which they are requested and may not be used on any other project. Project decisions generally have an expiration date of 180 days after the date of issuance. Modifications or reissued decisions are applicable to a project if received by NDEQ not less than 10 days prior to bid opening. Modifications to classification and wage rates after bid opening shall be paid to all workers performing work in the new or modified classification from the first day on which work is performed in the additional classification as approved by the Administrator of the Wage and Hour Division, Employment Standards Administration, US Department of Labor.

Weekly Payrolls shall be submitted by the contractor to the Borrower or the Borrower's representative utilizing the Department of Labor Form WH-347. A webform which can be completed on-line is found at www.dol.gov/whd/forms/wh347.pdf. Instructions are also found on-line. The Borrower may also be required to submit copies of the Weekly Payrolls to NDEQ. As to each payroll copy received, the Borrower shall provide written confirmation on a form supplied by NDEQ indicating whether or not the project

is in compliance with the requirements of 29 CFR 5.5(a)(1) based on the most recent payroll copies for the specified week. The Borrower or Borrower's representative shall periodically interview a sufficient number of the contractor's or subcontractor's employees entitled to Davis Bacon prevailing wages to verify that contractors or subcontractors are paying the appropriate wage rates. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The Borrower must use Standard Form 1445 or equivalent documentation to memorialize the interviews. Copies of the SF 1445 form are available at <http://www.gsa.gov>. At a minimum, the Borrower or the Borrower's representative should conduct interviews with a representative group of covered employees within two weeks of each contractor or subcontractor's submission of its initial weekly payroll data and two weeks prior to the estimated completion date for the contract or subcontract. EPA has issued a waiver from the two week interview interval requirements by a November 16, 2012, EPA Memorandum, Class Deviation – Prevailing Wage Interview Interval Requirement in Clean Water and Drinking Water State Revolving Funds (CWSRF and DWSRF) Capitalization Grants. The provision for two week interview intervals is not a regulatory or statutory requirement and has been superseded by the class deviation. The Borrower or Borrower's representative should conduct such interviews if and when the Borrower or Borrower's representative finds it necessary to ensure that contractors are complying with the prevailing wage requirements.

(p) **Human Trafficking.** Under the requirements of Section 106 of the Trafficking Victims Protection Act of 2000, as amended, the following provisions apply to this award:

“The Municipality, its employees, sub-recipients under this award, and sub-recipients' employees may not engage in severe forms of trafficking in persons during the period of time that the award is in effect; procure a commercial sex act during the period of time that the award is in effect; or use forced labor in the performance of the award or sub-awards under the award.”

(q) **Buy American Iron and Steel Products.** Public Law 113-235, Consolidated and Further Continuing Appropriations Act 2015 requires that none of the appropriated funds for the DWSRF may be used for the construction, alteration, maintenance, or repair of a public water system unless all of the iron and steel products used in the project are produced in the United States. DWSRF Buy American Iron and Steel (AIS) requirements are waived if a project has approved plans and specifications from the Nebraska Department of Health and Human Services prior to December 16, 2014, the enactment date of Public Law 113-235, Consolidated and Further Continuing Appropriations Act 2015. These Buy American requirements apply for the entirety of the construction activities financed by the Loan Agreement unless (a) a waiver is provided to the Assistance Recipient by EPA or (b) compliance would be inconsistent with United States obligations under international agreements. In order to receive a waiver, the Assistance Recipient must send a written request to the EPA Administrator. A decision will be made based on the following criteria:

- (1) The requirement is inconsistent with the public interest for purposes of the project for which a waiver has been requested,
- (2) Iron and steel products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality, or
- (3) Inclusion of iron and steel products produced in the United States will increase the overall cost of the project by more than 25 percent.

If the Administrator receives a request for a waiver, the Administrator shall make available to the public on an informal basis a copy of the request and information available to the Administrator concerning the request and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The Administrator shall make the request and accompanying information available by electronic means, including on the official public Internet Web site of the Environmental Protection Agency. EPA will provide additional guidance on this provision as it becomes available.

The term “iron and steel products” means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

Iron and steel products that are not 100% compliant with the above requirements should be identified early in the planning and design process and the appropriate justification prepared and waiver process followed to meet the requirement before the project goes to construction.

Buy American Iron and Steel (AIS) requirements are waived if a project has submitted plans and specifications for approval to a State agency, prior to enactment of the Appropriations Act or January 17, 2014 in accordance with the EPA nationwide plans and specifications waiver signed April 15, 2014.

In addition, EPA has granted a nationwide waiver for de minimis incidental components for eligible CWSRF or DWSRF projects, signed April 15, 2014. This action permits the use of products when they occur in de minimis incidental components for such projects funded by the Act that may otherwise be prohibited under section 436(a). Example of incidental components could include small washers, screws, fasteners, (i.e., nuts and bolts), miscellaneous wire, corner bead, ancillary tube, etc. Examples of items that are clearly not incidental include significant process fittings (i.e., tees, elbows, flanges, and brackets), distribution system fittings and valves, force main valves, pipes for sewer collection and/or water distribution, treatment and storage tanks, large structural support structures, etc. Funds used for such de minimis incidental non-AIS compliant components cumulatively may comprise no more than a total of 5 percent of the total cost of the materials used in and incorporated into a project. The cost of an individual non-AIS compliant item may not exceed 1 percent of the total cost of the materials used in and incorporated into a project.

EPA has provided additional guidance on these AIS provisions which can be found on EPA's website at http://water.epa.gov/grants_funding/aisrequirement.cfm.

(iv) This Loan Agreement has been duly authorized, executed and delivered on behalf of the Borrower and constitutes the legal, valid and binding obligation of the Borrower enforceable in accordance with its terms, except to the extent that enforceability may be limited by laws related to bankruptcy, insolvency or other similar laws affecting creditors' rights generally and general principles of equity.

(b) **Full Disclosure.** To the best knowledge of the Borrower, there is no fact that the Borrower has not disclosed to NDEQ in writing on the Borrower's application for the Loan or otherwise anything that materially adversely affects or that will materially adversely affect the properties, activities of its Public Water Supply System, or the ability of the Borrower to make all Loan Repayments and otherwise observe and perform its duties, covenants, obligations and agreement under this Loan Agreement.

(d) **Compliance With Existing Laws and Agreements.** The authorization, execution and delivery of this Loan Agreement by the Borrower, and the performance by the Borrower of its duties, covenants, obligations and agreements thereunder, will not violate any law to which the Borrower is subject or breach any agreement to which the Borrower is a party.

(e) **No Defaults.** No event has occurred and no condition exists that would constitute an Event of Default. The Borrower is not in violation of any agreement which would materially adversely affect the ability of the Borrower to make all Loan Repayments or otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement.

(f) **Governmental Consent.** The Borrower has obtained all permits and approvals required to date under this Loan Agreement (or is in the process of obtaining all permits and approvals that will be required, but are not required to be in place as of the date hereof) for the undertaking or completion of the Project and the financing or refinancing thereof. The Borrower has complied with or expects to comply with, all applicable provisions of law requiring any notification, with any governmental body or officer in connection with this Loan Agreement or with the undertaking or completion of the Project and the financing or refinancing thereof.

(g) **Compliance With Law.** The Borrower:

(i) is in compliance with all laws, ordinances, governmental rules and regulations to which it is subject, including, without limitation, any public hearing or public notice requirements or environmental review requirements contained in the Regulations, with which the failure to comply would materially adversely affect the ability of the Borrower to conduct its activities, enter into this Loan Agreement or undertake or complete the Project; and

(ii) has obtained, or expects to obtain, all licenses, permits, franchises or other governmental authorizations presently necessary for the ownership of its property which, if not obtained, would materially adversely affect the ability of the Borrower to complete the Project.

(h) **Use of Loan Proceeds.** The Borrower will apply the proceeds of the Loan as described in Article II: (i) to finance or refinance a portion of the Project Costs and (ii) where applicable, to reimburse the Borrower for a portion of the Project Costs, which portion was paid or incurred in anticipation of reimbursement by NDEQ and is eligible for such reimbursement pursuant to the Regulations. All of such costs constitute Project Costs for which NDEQ is authorized to make Loans to the Borrower pursuant to the Act and the Regulations.

(i) **Project Costs.** The Borrower certifies that the Project Costs, as listed in Attachment B, are reasonable and accurate estimations and, upon direction of NDEQ, will supply the same with a certificate from its engineer stating that such costs are reasonable and accurate estimations, taking into

account investment income, if any, to be realized during the course of construction of the Project and other money that would, absent the Loan, have been used to pay the Project Costs.

Section 3.02. Particular Covenants of the Borrower.

(a) **Dedicated Source of Revenue for Repayment of the Loan.** The Borrower hereby pledges the System Revenues as the dedicated source of revenue for the repayment of the Loan. The pledge herein provided for is made in accordance with and under the terms of the Loan Agreement Authorizing Resolution and is secured on a parity basis with the pledges made under and referred to in the Existing Revenue Obligations Authorizing Resolution. The Borrower shall fix, establish, maintain and collect such rates, fees and charges for the use and services furnished by or through the Borrower's Public Water Supply System, including all improvements and additions hereafter constructed or acquired by the Borrower, as will provide revenues sufficient to (i) pay the cost of the operation and maintenance, and replacement of the Public Water Supply System, (ii) pay at least 110% of the principal of and interest on the Loan as and when the same become due, and (iii) pay all other amounts due at any time under this Loan Agreement; provided, however, the lien of NDEQ on the revenues of the Borrower's Public Water Supply System shall be on a parity with the lien on such revenues of the Borrower's outstanding Public Water Supply System revenue bonds for the benefit of the Existing Revenue Obligations issued pursuant to and referred to in the Existing Revenue Obligations Authorizing Resolution, and any Additional Bonds hereafter issued on parity with such Existing Revenue Obligations. These revenues shall be set aside as collected and deposited in a separate fund as provided in the Loan Agreement Authorizing Resolution. Such fund shall be divided into at least two separate accounts, one for the operation and maintenance costs and the other for principal and interest payments on the Loan. The Borrower shall deposit monthly, in the Loan payment account, an amount equal to at least one sixth of the anticipated amount due on the next Loan payment date. The Borrower agrees to develop the User Charge System based on actual or estimated use of public water supply services, providing that each user or user class pay its proportionate share of operation and maintenance (including replacement) costs within the Borrower's service area, based on the user's classification and proportionate water usage demand compared to total system water usage demand and to conduct at least a biennial review of user charge rates to review the adequacy of the user charge rates. The Borrower agrees the initial financial analysis performed by NDEQ in Attachment C is a reasonable estimate of the Project Costs, of the financial situation of the Borrower in relation to the Project, and of the user charges necessary at the time of Initiation of Operation of the Project. NDEQ may review this information annually to insure the Borrower's compliance with this condition and update Attachment C to reflect any changes.

(b) ***Performance Under Loan Agreement.*** The Borrower covenants and agrees:

(i) to comply with all applicable State and federal laws, rules and regulations in the performance of this Loan Agreement (including, but not limited to the federal crosscutting issues listed in Appendix A of the EPA's final Drinking Water State Revolving Fund Program Guidelines and set forth on Attachment D hereto and NDEQ Regulations); and

(ii) to cooperate with NDEQ in the observance and performance of the respective duties, covenants, obligations and agreements of the Borrower and NDEQ under this Loan Agreement.

(c) ***Completion of Project and Provision of Moneys Therefor.*** The Borrower covenants and agrees:

(i) to exercise its best efforts in accordance with prudent public water supply utility practice to complete the Project and to so accomplish such completion on or before the estimated Project completion date set forth in Article II hereto; and

(ii) to provide from its own financial resources all moneys, in excess of the total amount of proceeds it receives pursuant to this Loan Agreement, required to complete the Project.

(d) **Delivery of Documents.** Concurrently with the delivery of this Loan Agreement (as previously authorized and executed) at the Loan Closing, the Borrower will cause to be delivered to NDEQ each of the following items:

(i) counterparts of this Loan Agreement (as previously executed by parties hereto);

(ii) copies of the ordinances and/or resolutions of the governing body of the Borrower authorizing the execution and delivery of this Loan Agreement certified by an Authorized Representative;

(iii) an Opinion of Borrower's Counsel substantially in the form of Attachment E hereto;

(iv) an executed Note (or other evidence of indebtedness) evidencing the Borrower's obligations under this Loan Agreement in the form of Attachment F;

(v) an executed certificate of the Borrower in the form of Attachment G hereto; and

(vi) such other certificates, documents, opinions and information as NDEQ may require.

(e) **Operation and Maintenance of Public Water Supply System.** The Borrower covenants and agrees that it shall, in accordance with Section 8 of Title 179 NAC 22—Operation and Maintenance of Community and Non-Transient Non-Community Public Water Systems:

(i) at all times operate the properties of its Public Water Supply System in an efficient manner; and

(ii) maintain its Public Water Supply System, making all necessary and proper repairs, renewals, replacements, additions, betterments and improvements necessary to maintain its system in good repair, working order and operating condition.

(f) **Disposition of Public Water Supply System.** The Borrower covenants that it intends to own and operate the Project at all times during the term of the Loan. The Borrower does not know of any reason why the Project will not be so used in the absence of (i) supervening circumstances not anticipated by the Borrower at the time of the Loan, (ii) adverse circumstances beyond the control of the Borrower or (iii) obsolescence of such insubstantial parts or portions of the Project as may occur as a result of normal use thereof.

The Borrower shall not sell, lease, abandon or otherwise dispose of all or substantially all of its Public Water Supply System except on 90 days' prior written notice to NDEQ and, in any event, shall not so sell, lease, abandon or otherwise dispose of the same unless the Borrower shall in accordance with Section 4.02 hereof assign this Loan Agreement and its rights and interests hereunder to the purchaser or lessee of the Public Water Supply System and such purchaser or lessee shall assume all duties, covenants, obligations and agreements of the Borrower under this Loan Agreement. In no event shall the Borrower sell, lease, abandon or otherwise dispose of the Public Water Supply System to any person or entity other than a municipal corporation or other political subdivision of the State of Nebraska, or any combination thereof, that has legal authority to own or operate the Public Water Supply System.

Before any proposed disposition of the Public Water Supply System can be made, the Borrower shall provide NDEQ, and NIFA if NIFA is an assignee of the Note, with an opinion of a nationally recognized bond counsel that such proposed disposition is permitted by the provisions of this subparagraph, and, further, that such disposition shall not endanger the exclusion from gross income for federal income tax

purposes of the interest on any bonds issued to fund deposits into the Loan Fund, nor shall it relieve the Borrower of its duties, covenants, obligations and agreements under this Loan Agreement.

(g) **Records and Accounts.** The Borrower shall maintain accurate records and accounts in accordance with generally accepted accounting principles for its Public Water Supply System (the "System Records"), separate and distinct from its other records and accounts (General Accounts). Such System Records shall be audited annually by an independent auditor in accordance with generally accepted government auditing standards. If total federal funds expended exceed a total of \$750,000 for the Borrower's fiscal year then the Borrower needs a Single Audit performed. Such System Records and General Accounts shall be made available for inspection by NDEQ at any reasonable time and when requested by NDEQ. A copy of the Borrower's annual audit report, including all written comments and recommendations of the auditor, shall be furnished to NDEQ within 210 days of the end of the requested fiscal year.

The Borrower specifically agrees to promptly notify the NDEQ of the occurrence of certain material events, to the extent necessary for the NDEQ to comply with its continuing disclosure obligations set forth in the SEC Rule. For purposes of this paragraph, "material event" shall mean (a) principal and interest payment delinquencies on any Indebtedness, (b) nonpayment related defaults in agreements authorizing any Indebtedness, (c) rating changes on any Indebtedness, (d) adverse tax opinions or events affecting the tax exempt status of any Indebtedness, or (e) unscheduled draws on debt service reserves or credit enhancements on any Indebtedness reflecting financial difficulties. Financial information and operating data pertaining to a material event, if requested, shall be supplied within 210 days after the end of the Borrowers fiscal year in which the event occurred.

(h) **Inspections; Information.** The Borrower shall permit the EPA, NDEQ and any party designated by NDEQ to examine, visit and inspect, at any and all reasonable times, the property, if any, constituting the Project, and to inspect and make copies of any accounts, books and records, including (without limitation) its records regarding receipts, disbursements, contracts, investments and any other matters relating thereto and to its financial standing, and shall supply such reports and information as the EPA and NDEQ may reasonably require in connection therewith.

(i) **Financial Information.** The Borrower specifically agrees to provide to NDEQ a reasonable number of copies of such financial information and operating data of the Borrower and the Public Water Supply System and the prompt notification of the occurrence of certain material events, to the extent necessary for NDEQ to comply with its continuing disclosure obligations set forth in the SEC Rule. Such financial information shall be audited in accordance with the provisions of subsection (g)(ii) hereof. Such financial information shall be prepared in accordance with GAAP. Such financial information and operating data, if requested, shall be supplied within 210 days after the end of its fiscal year. If audited financial information will be prepared, but is not available within 210 days of the end of the appropriate Borrower's fiscal year, unaudited financial information shall be provided to NDEQ pending receipt of audited financial information. For purposes of this paragraph, "material event" shall mean (a) principal and interest payment delinquencies on any Indebtedness, (b) non-payment-related defaults in agreements authorizing any Indebtedness, (c) rating changes on any Indebtedness, (d) adverse tax opinions or events affecting the tax-exempt status of any Indebtedness, or (e) unscheduled draws on debt service reserves or credit enhancements on any Indebtedness reflecting financial difficulties.

(j) **Insurance.** The Borrower will carry and maintain such reasonable amount of all risk insurance on all properties and all operations of the Public Water Supply System as would be carried by similar sized municipal operators of Public Water Supply System, insofar as the properties are of an insurable nature.

(k) **Continuing Representations.** The representations of the Borrower contained herein shall be true at the time of the execution of this Loan Agreement and at all times during the term of this Loan Agreement.

(l) **Notice of Material Adverse Change.** The Borrower shall promptly notify NDEQ of any material adverse change in the activities, prospects or condition (financial or otherwise) of the Borrower's Public Water Supply System, in accordance with the provisions of subsection (g)(i) hereof, or in the ability of the Borrower to make all Loan Repayments and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement.

(m) **Additional Covenants and Requirements.** If necessary in connection with the making of the Loan, additional covenants and requirements are listed on Attachment H hereto. The Borrower agrees to observe and comply with each such additional covenant and requirement, if any.

Article IV

ASSIGNMENT

Section 4.01. Assignment and Transfer by NDEQ. The Borrower hereby approves and consents to any assignment or transfer of this Loan Agreement that NDEQ deems necessary in connection with the operation and administration of the Loan Fund. The Borrower hereby specifically approves the assignment and pledging of the interest portion of the Loan Repayments to NIFA.

Section 4.02. Assignment by the Borrower. This Loan Agreement may not be assigned by the Borrower for any reason, unless the following conditions shall be satisfied:

(a) NDEQ shall have approved said assignment in writing;

(b) the assignee is a village, town, city, district, association, county or other public body created by or pursuant to State law of the State of Nebraska or any combination thereof, that has legal authority to own or operate the Public Water Supply System;

(c) the assignee shall have expressly assumed in writing the full and faithful observance and performance of the Borrower's duties, covenants, and obligations under this Loan Agreement; provided, however, such assignment shall not relieve the Borrower of its duties, covenants, and obligations under this Loan Agreement;

(d) the assignment will not adversely impact NDEQ's ability to meet its duties, covenants and obligations under the Pledge Agreement as determined in writing by NDEQ;

(e) the assignment will not adversely affect the exclusion from gross income for federal tax purposes of the interest on any bonds issued by NIFA to fund deposits into the Loan Fund; and

(f) the Borrower shall provide NDEQ, and NIFA if NIFA is an assignee of the Note, with (i) an opinion of a qualified attorney that each of the conditions set forth in subparagraphs (b) and (c) above has been met, and (ii) an opinion of nationally recognized bond counsel that the condition set forth in subparagraph (e) above has been met.

Article V

EVENTS OF DEFAULT AND REMEDIES

Section 5.01. Notice of Default. If an Event of Default shall occur, the nondefaulting party shall give the party in default and NIFA prompt telephonic notice of the occurrence of such Event of Default, provided the nondefaulting party has knowledge of such event of Default. Such telephonic notice shall be immediately followed by written notice of such Event of Default given in the manner set forth in Section 6.04 hereof.

Section 5.02. Remedies on Default.

(a) Whenever an Event of Default shall have occurred and be continuing, NDEQ or the Borrower shall have the right to take whatever action at law or in equity may appear necessary or desirable to collect the amounts then due and to become due or to enforce the performance and observance of any obligation or agreement of NDEQ or the Borrower (including, without limitation, withholding remaining Loan disbursements, cancellation of this Loan Agreement and acceleration of the remaining scheduled principal payments set forth on Attachment A, or such other remedies provided to NDEQ in the Act and the Regulations).

(b) If the Borrower fails to make any payment of principal and interest, late fee, and penalty interest imposed pursuant to this Loan within 60 days of the due dates specified in Section 2.05, the payment shall be deducted from the amount of aid to municipalities to which the Borrower is entitled under Neb. Rev. Stat. § 75-1503. Such amount shall be paid directly to the Loan Fund.

Section 5.03. Expenses.

(a) Upon the occurrence of an Event of Default on the part of the Borrower, and to the extent permitted by law, the Borrower shall, on demand, pay to NDEQ the reasonable fees and expenses incurred by NDEQ in the collection of Loan Repayments or any other sum due hereunder or in the enforcement of performance or observation of any other duties, covenants, obligations or agreements of the Borrower contained herein. Prior to incurring any such expenses, NDEQ shall provide written notice to the Borrower that it intends to incur such expenses; provided, however, a failure by NDEQ to give such notice shall not affect NDEQ's right to receive payment for such expenses. Upon request by the Borrower, NDEQ shall provide copies of statements evidencing the fees and expenses for which NDEQ is requesting payment.

(b) Upon the occurrence of an Event of Default on the part of NDEQ, and to the extent permitted by law and availability of appropriated funds by the Nebraska Legislature, NDEQ shall, on demand, pay to the Borrower the reasonable fees and expenses incurred by the Borrower in the enforcement of performance or observation of any other duties, covenants, obligations or agreements of NDEQ contained herein. Prior to incurring any such expenses, the Borrower shall provide written notice to NDEQ that it intends to incur such expenses; provided, however, a failure by the Borrower to give such notice shall not affect the Borrower's right to receive payment for such expenses. Upon request by NDEQ, the Borrower shall provide copies of statements evidencing the fees and expenses for which the Borrower is requesting payment.

Section 5.04. Application of Moneys. Any moneys collected by NDEQ pursuant to Section 5.02 or 5.03 hereof shall be applied (a) first, to pay interest on the Loan as the same becomes due and payable; (b) second, to pay principal due and payable on the Loan; (c) third, to pay expenses owed by the Borrower pursuant to Section 5.03 hereof; and (d) fourth, to pay any other amounts due and payable hereunder as such amounts become due and payable. To the extent that NDEQ's right to receive Loan Repayments is on a parity of lien basis with the lien of Existing Revenue Obligations or Additional Revenue Obligations on the Borrower's System Revenues, such moneys shall be applied pro rata to all such obligations.

Section 5.05. No Remedy Exclusive; Waiver; Notice. No remedy herein conferred upon or reserved to the parties hereto is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Loan Agreement or now or hereafter existing at law or in equity. The parties hereto, in good faith, shall exercise such remedies with due diligence in a timely manner, however, no delay or omission to exercise any right, remedy or power accruing upon any Event of Default shall impair any such right, remedy or power or shall be construed to be a waiver thereof, but any such right, remedy or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the parties hereto to exercise any remedy reserved to them in this Article, it shall not be necessary to give any notice, other than such notice as may be required in this Article V.

Section 5.06. Retention of Rights. Notwithstanding any assignment or transfer of this Loan Agreement pursuant to the provisions hereof, or anything else to the contrary contained herein, the parties hereto shall have the right upon the occurrence of an Event of Default to take any action, including (without limitation) bringing an action against the defaulting party at law or in equity, as such party may, in its discretion, deem necessary to enforce the obligations of the defaulting party pursuant to this Loan Agreement.

Article VI

Table includes debt payments for the water system's 2011A Bonds and a bank loan through Washington County Bank. Principal and interest payments for 2018 and 2019 are estimated for the Washington County Bank Loan since the rate will be renegotiated in June of 2017. Estimate is based on current loan terms with approximately \$23,000 in annual principal payments and \$20,000 in annual interest payments.

Analysis of the Water Utility:

The Papio-Missouri River Natural Resources District manages their water utility. The water utility ran operating surpluses for the year 2013. The water system experienced unordinary expenses in 2014 and 2015 as a result of litigation with the City of Fort Calhoun. Starting in FY2018, the District expects an operating surplus in excess of \$50,000 as a result of the Lakeland Connection Project. Washington Co. RWD#1 and #2 number of users is estimated at 910 households and a wholesale customer of the City of Fort Calhoun. The Washington County Rural Water System #2 current water user charge is a metered rate of \$25.00 per month base plus \$4.95 per 1,000 gallons use. Lakeland Estates number of users is estimated at 525 households, their current residential water rate is \$10.00 base per month with a usage charge of \$3.00 per 1,000 gallons use. Lakeland Estates will be assessed the debt service cost of the connection to Washington Co. RWD#2. The bulk charge to Lakeland Estates would be projected at \$2.10 per 1,000 gallons bulk rate per month plus a monthly base fee of \$1,100 to Lakeland Estates Water Company which will be passed along to the Lakeland Estates users. The estimated Lakeland Estates residential water rate increase to fund this project with 10% coverage on DWSRF debt service would be \$18.00 per month. For a typical household water use of 8,000 gallons per month the projected water rate

would total \$50.80 per month. A final assessment of revenues and costs will be analyzed to determine the actual user charge adjustment as necessary. Monthly water bills would vary accordingly for actual monthly water use for each service connection. The Papio-Missouri NRD is eligible for a 20-year DWSRF loan at a per annum interest rate of 2.0 percent plus an annual 1.0 percent administrative fee on the outstanding principal amount. The DWSRF loan funding assistance of \$350,000 which would have an annual debt service of \$23,917 plus the DWSRF contract required 10% coverage or \$2,392 for delinquency or loss of users as shown in Table 4 totals \$38,945 for the first year debt service including coverage.

Table 4

Proposed DWSRF Loan #D311614 of \$500,000 Principal

| DWSRF Base Program Loan Term (years) | Interest Rate | First Year Payment | First Year Payment + 10% Coverage |
|--------------------------------------|--|--------------------|-----------------------------------|
| 20 | 2.0% + 1.0% admin fee on outstanding principal balance | \$23,917 | \$26,309 |

The proposed 20 year DWSRF loan of \$350,000 annual principal and interest would be \$21,319. Principal and Interest repayments of SRF loans are protected by intercept statute Neb. Rev. Stat. §75-1503, which allow the Department to recover delinquent loan payments by intercepting state funds that are paid to the Papio-Missouri River Natural Resources District.

The projected monthly water rate utilizing the estimated household water use of 8,000 gallons equals \$50.80 or \$609.60 annually. This projected household water rate total is 0.89% of Washington County's 2014 median household income of \$68,207 and is below EPA's 2.5% upper level of water rate affordability.
