

# MEMORANDUM

TO THE BOARD:

SUBJECT: General Manager's Report

DATE: July 2, 2019

FROM: John Winkler, General Manager

**A. INFORMATION/EDUCATION HIGHLIGHTS:**

1. **Creature Comforts:** The I&E animals have new digs! They have moved from the dark basement to a well-lit and temperature-controlled room that Corp employees used to occupy. Now all of the animals can be together (instead of some at Austen's house) and thrive in their new habitats. Stop by to see them.

**B. PERSONNEL/MISCELLANEOUS ITEMS:** Nothing to report.

**C. REPORT ON PURCHASES – CONSTRUCTION SERVICES, PROFESSIONAL SERVICES AND PERSONAL PROPERTY:** Pursuant to Board direction, the report indicating construction services, professional services and personal property purchases from the month of June 2019 is attached for your review. Please review this report and contact me if you have any questions.

**D. CURRENT AND ON-GOING PROJECTS – P-MRNRD LEGAL COUNSEL:** A copy of current and on-going projects for District Legal Counsel, Husch Blackwell, as of June 17, 2019, is attached for your review. I would ask each Director to review this report. If you have any questions, please feel free to contact me.

**E. PAPILLION CREEK WATERSHED PARTNERSHIP REPORT:** The Papillion Creek Watershed Partnership Subcommittee meeting schedule for Thursday, June 27, was canceled. The next meeting is scheduled for July 25, 2019.

**\*F USACE COOPERATION AGREEMENTS FOR 2019 FLOOD LEVEE AND CHANNEL REPAIRS AND REHABILITATION:** The US Army Corps of Engineers (USACE) requires the District to enter into Cooperation Agreements for repairs and rehabilitation of District levees and channels under their PL84-99 Program. It is proposed that the Board grant authorization for the General Manger to execute these Cooperation Agreements. See the attached memo on this matter.

# Memorandum

**To:** Board of Directors  
**From:** John Winkler, General Manager  
**Date:** July 3, 2019  
**Re:** USACE Cooperation Agreements for 2019 Flood Levee and Channel Repairs and Rehabilitation

---

In March 2019, the District applied to the US Army Corps of Engineers (USACE) for Public Law (PL) 84-99 Rehabilitation of Damaged Flood Control Works for eight District Projects. The District sponsored federal flood control projects (Mo. River Levee R613, Mo. River Levee R616, Western Sarpy Levee, Big Papio Channel and Little Papio Channel) and non-federal flood control projects (Union Dike, Big Papio Levee, West Branch Levee) are active projects in the PL 84-99 program, which allows for federal post flood assistance to repair damaged projects.

The USACE has completed damage assessments and is currently working on design of flood repairs and rehab for these projects. The PL 84-99 program requires project sponsors, like the District to sign a cooperation agreement for the Rehabilitation of Damaged Flood Control Works, prior to the USACE commencing any repair work on the said project. It is anticipated that design will be completed for several projects in early July and the USACE will need the District to execute a cooperation agreement for them to proceed with the project repair work. Attached is a sample cooperation agreement for the R613 Levee project. All USACE project cooperation agreements are similar and the only differences are based on non-federal vs. federal project status shown below. The District project status and associated required District cost share are as follows:

Project Name	Federal or Non-Federal	Cost Share Requirements
R613/R616	Federal	100% Federal Construction Cost; District provide ROW and borrow for levee repairs
Western Sarpy Levee	Federal	100% Federal Construction Cost; District provide ROW and borrow for levee repairs
Little Papio Channel	Federal	100% Federal Construction Cost; District provide ROW and borrow for levee repairs
Big Papio Levee (L to Capehart Rd)	Non-Federal	80% Federal/20% District Construction Cost;

		District provide ROW and borrow for levee repairs
West Branch Levee	Non-Federal	80% Federal/20% District Construction Cost; District provide ROW and borrow for levee repairs
Union Dike	Non-Federal	80% Federal/20% District Construction Cost; District provide ROW and borrow for levee repairs
Big Papio Channel (L to Center)	Federal	100% Federal Construction Cost; District provide ROW and borrow for levee repairs

**Management recommends that the Board of Directors authorize the General Manager to execute Cooperation Agreements with the US Army Corps of Engineers for PL 84-99 program repairs and rehabilitation of District levees and channels, subject to changes deemed necessary by the General Manager and approval as to form by District Legal Counsel.**

Gentlemen:

Attached are Cooperation Agreements for the R616-613 and R613 Levee System Repairs for review and signature.

After signature, please return both to me at your earliest convenience.

In addition, efforts on the repair contract are progressing well, and the anticipated contract award date of 23 July is approaching soon. As you are aware, adequate borrow materials are to be provided by the Project sponsor. On our call yesterday, there was discussion about the borrow location (Rumsey Station at 66th Street & W. Papio Trail) and the concern about sufficient quantity and suitability (pending test results). Additional borrow sources (either self-owned or commercial) will need to be identified soon to ensure the success of the repair project, let us know if you have any questions or concerns.

Respectfully,

**COOPERATION AGREEMENT  
BETWEEN  
THE UNITED STATES OF AMERICA  
and  
PAPIO-MISSOURI RIVER NATURAL RESOURCES DISTRICT  
for  
REHABILITATION OF A FEDERAL FLOOD CONTROL WORK**

**THIS AGREEMENT**, entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between THE DEPARTMENT OF THE ARMY (hereinafter referred to as the "Government") represented by the District Commander, Omaha District, U.S. Army Corps of Engineers, and the Papio-Missouri River Natural Resources District, (hereinafter referred to as the "Public Sponsor").

**WITNESSETH THAT:**

**WHEREAS**, the Government constructed a flood control project (hereinafter referred to as the "project") authorized by the Flood Control Act approved 22 December 1944, Public Law No. 534, 78<sup>th</sup> Congress, 2d session and governed by a resolution dated February 05, 1948, and which remains in full effect;

**WHEREAS**, pursuant to 33 U.S.C. 701n, the Government is authorized to assist in the repair or restoration of flood control improvements threatened or destroyed by floods;

**WHEREAS**, via written correspondence, the Public Sponsor has requested that the Government repair or restore the project, which was damaged by recent flooding or coastal storms, in accordance with 33 U.S.C. 701n and established policies of the U.S. Army Corps of Engineers; and,

**WHEREAS**, Public Sponsor hereby represents that it has the authority and legal capability to furnish the non-Federal cooperation hereinafter set forth and is willing to participate in the rehabilitation effort of the authorized project in accordance with the terms of this Agreement;

**NOW, THEREFORE**, the Government and the Public Sponsor agree as follows:

## **ARTICLE I - DEFINITIONS AND GENERAL PROVISIONS**

For purposes of this agreement:

A. The term "Rehabilitation Effort" shall mean the restoration of the levee to the original design grade and cross sections that existed prior to the flood event as generally described in a report entitled "Project Information Report, PL 84-99 Rehabilitation of Damaged Flood Control Works, Full Rehabilitation of the R-613 Levee System" dated May 22, 2019 and approved by the Division Commander on May 29, 2019.

B. The term "Rehabilitation Effort costs" shall mean all costs incurred by the Public Sponsor and the Government, in accordance with the terms of this Agreement, directly related to implementation of the Rehabilitation Effort. The term shall include, but is not necessarily be limited to: actual construction costs, including supervision and inspection costs; costs of contract dispute settlements or awards; and the cost of investigations to identify the existence of hazardous substances as identified in Article XIA. The term shall not include any costs for operation and maintenance; any costs to correct deferred or deficient maintenance; any costs for betterments; any costs for Public Sponsor-preferred alternatives; or the costs of lands, easements, rights-of-way, relocations, or suitable borrow and dredged or excavated material disposal areas required for the Rehabilitation Effort.

C. The term "betterment" shall mean the design and construction of a feature accomplished on behalf of, or at the request of, the Public Sponsor in accordance with standards that exceed the standards that the Government would otherwise apply for accomplishing the Rehabilitation Effort.

## **ARTICLE II - OBLIGATIONS OF THE GOVERNMENT AND PUBLIC SPONSOR**

A. The Government, subject to receiving funds appropriated by the Congress of the United States, and using those funds (and using funds provided by the Public Sponsor) shall expeditiously implement the Rehabilitation Effort, applying those procedures usually followed or applied in Government construction of Federal projects, pursuant to Federal laws, regulations, and policies. The Public Sponsor shall be afforded the opportunity to review and comment on solicitations for all contracts, including relevant plans and specifications, prior to the issuance of such solicitations. The Contracting Officer will, in good faith, consider the comments of the Public Sponsor, but award of contracts, modifications or change orders, and performance of all work on the Rehabilitation Effort (whether the work is performed under contract or by Government personnel), shall be exclusively within the control of the Contracting Officer.

B. As further specified in Article III, the Public Sponsor shall provide all lands, easements, and rights-of-way, including suitable borrow and dredged or excavated

material disposal areas, and perform all relocations determined by the Government to be necessary for construction, operation, and maintenance of the project and the Rehabilitation Effort.

C. As further specified in Article IV, the Public Sponsor shall contribute, in cash, in-kind services, or a combination thereof, a contribution toward construction of the Rehabilitation Effort in an amount equal to \$0 towards the total Rehabilitation Effort costs.

D. The Public Sponsor shall not use Federal funds to meet its share of total Rehabilitation Effort costs under this Agreement unless the Federal granting agency verifies in writing that the expenditure of such funds is authorized by statute.

E. The Public Sponsor shall hold and save the Government free from all damages arising from the construction, operation, and maintenance of the Rehabilitation Effort and any authorized project-related betterments, except for damages due to the fault or negligence of the Government or the Government's contractors.

F. The Public Sponsor agrees to continue to participate in and comply with the policies and procedures of the U.S. Army Corps of Engineers Rehabilitation and Inspection Program, and of Title 33, Code of Federal Regulations, Part 208.10 (33 CFR 208.10).

G. The Public Sponsor may request the Government to accomplish betterments. The Public Sponsor shall be solely responsible for any increase in costs resulting from the betterments and all such increased costs will be paid in advance by the Public Sponsor in accordance with Article IV.

### **ARTICLE III - LANDS, RELOCATIONS, AND PUBLIC LAW 91-646**

A. The Government shall provide the Public Sponsor with a description of the anticipated real estate requirements and relocations for the Rehabilitation Effort. Thereafter, the Public Sponsor shall furnish all lands, easements, and rights-of-way, including suitable borrow and dredged or excavated material disposal areas, and perform any relocations, as may be determined by the Government in that description, or in any subsequent description, to be necessary for the construction, operation, and maintenance of the Rehabilitation Effort and the authorized project. The necessary lands, easements, and rights-of-way may be provided incrementally for each construction contract. All lands, easements, and rights-of-way determined by the Government to be necessary for work to be performed under a construction contract must be furnished prior to the advertisement of that construction contract.

B. The Public Sponsor shall comply with the applicable provisions of the Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970, Public Law 91-646, as amended by Title IV of the Surface Transportation and Uniform Relocation

Assistance Act of 1987 (Public Law 100-17), and the Uniform Regulations contained in 49 CFR Part 24, in acquiring lands, easements, and rights of way, required for construction, operation, and maintenance of the Rehabilitation Effort, including those necessary for relocations, borrow materials, and dredged or excavated material disposal, and shall inform all affected persons of applicable benefits, policies, and procedures in connection with said Act.

#### **ARTICLE IV - METHOD OF PAYMENT**

A. The Public Sponsor shall provide, during the period of construction, cash payments, in-kind services, or a combination thereof, required to meet the Public Sponsor's obligations under Article II of the Agreement. Rehabilitation Effort costs are currently estimated to be \$8.0 million and the Public Sponsor's share (cash and services in kind) of total Rehabilitation Effort costs is currently estimated to be \$0. In order to meet Public Sponsor's cash payment requirements, the Public Sponsor must provide a cash contribution estimated to be \$0. The dollar amounts set forth in this paragraph are based upon the Government's best estimates that reflect projections of costs, price level changes, and anticipated inflation. Such cost estimates are subject to adjustments based upon costs actually incurred, and are not to be construed as the total financial responsibilities of the Government and the Public Sponsor.

B. The required cash contribution shall be provided as follows: At least ten calendar days prior to the award of the first construction contract, the Government shall notify the Public Sponsor of the Public Sponsor's estimated share of the total Rehabilitation Effort costs including the Public Sponsor's estimated share of the costs attributable to the Rehabilitation Effort incurred prior to the initiation of construction. Within five calendar days thereafter, the Public Sponsor shall provide the Government the full amount of the required contribution by delivering a check payable to "FAO, USAED" to the Contracting Officer representing the Government. The Government shall draw on the funds provided by the Public Sponsor such sums as the Government deems necessary to cover contractual and in-house fiscal obligations attributable to the Rehabilitation Effort as they are incurred, as well as Rehabilitation Effort costs incurred by the Government. In the event that total Rehabilitation Effort costs are expected to exceed the estimate given at the outset of construction, the Government shall immediately notify the Public Sponsor of the additional contribution the Public Sponsor will be required to make to meet the Public Sponsor's share of the revised estimate. Within ten calendar days thereafter, the Public Sponsor shall provide the Government the full amount of the additional required contribution.

C. During the period of construction, the Government will provide periodic financial reports on the status of the total Rehabilitation Effort costs and status of contributions made by the Public Sponsor. Upon completion of the Rehabilitation Effort and resolution

of all relevant contract claims and appeals, the Government shall compute the total Rehabilitation Effort costs and tender to the Public Sponsor a final accounting of the Public Sponsor's share of Rehabilitation Effort costs.

1. In the event the total contribution by the Public Sponsor is less than the Public Sponsor's required share of total Rehabilitation Effort costs, the Public Sponsor shall, no later than 90 calendar days after receipt of written notice, make a cash payment to the Government of whatever sum is required to meet the Public Sponsor's required share of the total Rehabilitation Effort costs.

2. In the event total contribution by the Public Sponsor is more than the Public Sponsor's required share of total Rehabilitation Effort costs, the Government shall, no later than 90 calendar days after the final accounting is complete, subject to the availability of funds, return the excess to the Public Sponsor; however, the Public Sponsor shall not be entitled to any refund for in-kind services. In the event the existing funds are not available to repay the Public Sponsor for excess contributions provided, the Government shall seek such appropriations as are necessary to repay the Public Sponsor for excess contributions provided.

#### **ARTICLE V - CREDITING OF IN-KIND SERVICES**

The Government has approved a credit for In-Kind Services, compatible with the Rehabilitation Effort, in the estimated amount of \$0 for implementation of such services by the Public Sponsor. The affording of such credit shall be subject to an onsite inspection by the Government to verify that the work was accomplished in a satisfactory manner and is suitable for inclusion in the Rehabilitation Effort. The actual amount of such credit shall be subject to an audit conducted to determine reasonableness, allocability, and allowability of costs. The Government shall apply the credit amount toward any additional cash contribution required under this Agreement. The Public Sponsor shall not receive credit for any amount in excess of such additional cash contribution, nor shall the Public Sponsor be entitled to any reimbursement for any excess credit amount.

#### **ARTICLE VI - OPERATION AND MAINTENANCE**

A. After the Contracting Officer has determined that construction of the Rehabilitation Effort is complete and provided the Public Sponsor with written notice of such determination, the Public Sponsor shall continue to operate and maintain the completed Rehabilitation Effort as part of the project, at no cost to the Government, in accordance with specific directions prescribed by the Government in Title 33, Code of Federal Regulations, Part 208.10, Engineer Regulation 500-1-1, and any subsequent amendments thereto.

B. The Public Sponsor hereby gives the Government a right to enter, at reasonable times and in a reasonable manner, upon land that the Public Sponsor owns or controls for access to the project for the purposes of inspection, and, if necessary, for the purpose of completing, operating, and maintaining the Project. If an inspection shows the Public Sponsor for any reason is failing to fulfill the Public Sponsor's obligations under this Agreement without receiving prior written approval from the Government, the Government will send a written notice to the Public Sponsor. If, after 30 calendar days from receipt of such notice, the Public Sponsor continues to fail to perform, then the Government shall have the right to enter, at reasonable times and in a reasonable manner, upon lands the Public Sponsor owns or controls for access to the authorized project for the purposes of completing, operating, and maintaining the project. No action by the Government shall operate to relieve the Public Sponsor of responsibility to meet the Public Sponsor obligations as set forth in this Agreement, or to preclude the Government from pursuing any other remedy at law or equity to assure faithful performance pursuant to this Agreement.

#### **ARTICLE VII - FEDERAL AND STATE LAWS**

In the exercise of the Public Sponsor's rights and obligations hereunder, the Public Sponsor agrees to comply with all applicable Federal and state laws and regulations.

#### **ARTICLE VIII - RELATIONSHIP OF PARTIES**

The Government and the Public Sponsor act in an independent capacity in the performance of their respective functions under this Agreement, and neither party is to be considered the officer, agent, nor employee of the other.

#### **ARTICLE IX - OFFICIALS NOT TO BENEFIT**

No member of or delegate to the Congress, or resident commissioner, shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom.

#### **ARTICLE X - COVENANT AGAINST CONTINGENT FEES**

The Public Sponsor warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Public Sponsor for the purpose of securing business. For breach or violation of this warranty, the Government shall have the right to annul this Agreement without liability, or, in the Government's discretion, to add to the Agreement or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

## **ARTICLE XI - TERMINATION OR SUSPENSION**

If at any time the Public Sponsor fails to carry out its obligations under this Agreement, the District Commander shall terminate or suspend work on the Rehabilitation Effort, unless the District Commander determines that continuation of work on the Rehabilitation Effort is in the interest of the United States or is necessary in order to satisfy agreements with any other non-Federal interests in connection with this Rehabilitation Effort. However, deferral of future performance under this agreement shall not affect existing obligations or relieve the parties of liability for any obligation previously incurred. In the event that either party elects to terminate this Agreement pursuant to this Article, both parties shall conclude their activities relating to the Rehabilitation Effort and proceed to a final accounting in accordance with Article IV of this Agreement. In the event that either party elects to defer future performance under this Agreement pursuant to this Article, such deferral shall remain in effect until such time as either the Government or Public Sponsor elects to proceed with further construction or terminates this Agreement.

## **ARTICLE XII - HAZARDOUS SUBSTANCES**

A. After execution of this Agreement and upon direction by the Contracting Officer, the Public Sponsor shall perform, or cause to be performed, such investigations for hazardous substances as are determined necessary by the Government of the Public Sponsor to identify the existence and extent of any hazardous substances regulated under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) 42 U.S.C. Sections, 9601-9675, on lands necessary to Rehabilitation Effort construction, operation, and maintenance. All actual costs incurred by the Public Sponsor that are properly allowable and allocable to performance of any such investigations for hazardous substances shall be included in Rehabilitation Effort costs and cost shared as a construction cost.

B. In the event it is discovered through an investigation for hazardous substances or other means that any lands, easements, rights-of-way, or disposal areas to be acquired or provided for the Rehabilitation Effort contain any hazardous substances regulated under CERCLA, the Public Sponsor and the Government shall provide prompt notice to each other, and the Public Sponsor shall not proceed with the acquisition of lands, easements, rights-of-way, or disposal areas until mutually agreed.

C. The Government and the Public Sponsor shall determine whether to initiate construction of the Rehabilitation Effort, or, if already in construction, to continue with construction of the Rehabilitation Effort, or to terminate construction of the Rehabilitation Effort for the convenience of the Government in any case where hazardous substances regulated under CERCLA are found to exist on any lands necessary for the Rehabilitation

Effort and the authorized Project. Should the Government and the Public Sponsor determine to proceed or continue with the construction after considering any liability that may arise under CERCLA, the Public Sponsor shall be responsible, as between the Government and the Public Sponsor, for any and all necessary clean up and response costs, to include the costs of any studies and investigations necessary to determine an appropriate response to the contamination. Such costs shall not be considered a part of the total Rehabilitation Effort costs as defined in this Agreement. In the event the Public Sponsor fails to provide any funds necessary to pay for clean up and response costs or to otherwise discharge the Public Sponsor's responsibilities under this paragraph upon direction by the Government, the Government may either terminate or suspend work on the Rehabilitation Effort, or proceed with further work as provided in Article X of this Agreement.

D. The Public Sponsor and Government shall consult with each other to assure that responsible parties bear any necessary clean up and response costs as defined in CERCLA. Any decision made pursuant to paragraph C of this Article shall not relieve any party from any liability that may arise under CERCLA.

E. As between the Government and the Public Sponsor, the Public Sponsor shall be considered the operator of the project (which the Rehabilitation Effort is repairing and restoring) for purposes of CERCLA liability. To the maximum extent practicable, the Public Sponsor shall operate and maintain the authorized project in a manner that will not cause liability to arise under CERCLA.

### **ARTICLE XIII – NOTICES**

A. All notices, requests, demands, and other communications required or permitted to be given under this Agreement shall be deemed to have been duly given if in writing and delivered personally, given by prepaid telegram, or mailed by first-class (postage prepaid), registered, or certified mail, as follows:

If to the Public Sponsor:
