Re: First Amendment to Interlocal Agreement with City of Omaha for the Missouri River R-613/R-616
Levee Project Modifications

The Board approved an Interlocal Agreement with the City of Omaha in February of 2019 for right-of-way and the relocation of utilities at the Papillion Creek Wastewater Treatment Plant. As a result of the proposed Modifications to the Missouri River Levee Systems R-613-616, utilities which serve the Papillion Creek Wastewater Treatment Plant must be relocated from the south side of the entrance road to the north side, see attached map. Per the original interlocal agreement, the NRD is responsible to pay for the relocations as part of the levee construction project and the City will reimburse the NRD for costs associated with the gas line relocation. The estimates for the work (based on recent bids) and quotes from the utility companies would be \$440,000 for the NRD and \$100,000 for the City.

As a result of the spring flooding and impacts to the wastewater treatment plant, the City desires to extend the length of the relocated utilities past their rebuilt entrance gate and beyond what is required by the NRD's project. To do this, the City wishes to amend the interlocal agreement so they can reimburse the District for these additional utility relocation costs, estimated as an additional \$100,000. Therefore, the City's not to exceed reimbursement for utility relocation is revised to \$200,000 in the attached First Amendment.

Another provision in the amendment to the interlocal agreement allows the City to reimburse the NRD in order to repair erosion caused along the Papillion Creek south of 13th Street and Capehart Road as a result of emergency sewage pumping while the treatment plant was inoperable. This separate reimbursement amount is not to exceed \$20,000 per the proposed amendment.

Management recommends that the subcommittee recommend to the Board of Directors that the General Manager be authorized to execute the proposed First Amendment to the Interlocal Agreement with the City of Omaha for Modifications to the Missouri River Levee System R-613-616 and Relocation of Utilities Servicing the Papillion Creek Wastewater Treatment Plant, subject to changes deemed necessary by the General Manager and approval as to form by District legal counsel.

AND
CITY OF OMAHA, NEBRASKA
FOR
MODIFICATIONS TO MISSOURI RIVER LEVEE SYSTEM R-613-616 AND
RELOCATION OF UTILITIES SERVICING THE PAPILLION CREEK
WASTEWATER TREATMENT PLANT**

THIS FIRST AMENDMENT TO INTERLOCAL COOPERATION AGREEMENT (this “AMENDMENT”) is made by and between the PAPIO-MISSOURI RIVER NATURAL RESOURCES DISTRICT (the “NRD”) and the CITY OF OMAHA, NEBRASKA (the “CITY”; the NRD and the CITY are hereinafter individually referred to as a “PARTY”, and collectively as “PARTIES”), pursuant to the Nebraska Interlocal Cooperation Act, Neb. Rev. Stat. §§ 13-801 to 13-827.

WHEREAS, the CITY owns and operates the Papillion Creek Wastewater Treatment Plant located at 15705 Harlan Lewis Road, Bellevue, Nebraska, which services areas west of 42nd Street in Omaha (“TREATMENT PLANT”);

WHEREAS, the NRD, as local sponsor, operates and maintains the Missouri River Levee System Unites R-616 and R-613 (the “LEVEE” or “LEVEE SYSTEM”, as applicable);

WHEREAS, the LEVEE SYSTEM provides critical flood protection to portions of property within the boundaries of the NRD and the CITY including the TREATMENT PLANT;

WHEREAS, the LEVEE SYSTEM is at risk of losing its Federal Emergency Management Agency (“FEMA”) accreditation status, and the loss of FEMA accreditation of the LEVEE SYSTEM would significantly impact the PARTIES;

WHEREAS, the NRD has retained a professional engineering firm to design and develop plans for the reconstruction and upgrading of the LEVEE SYSTEM in compliance with FEMA and USACE requirements;

WHEREAS, such plans require, among other things, the relocation of certain public and private utility line and related easements that are currently located on land owned by the CITY in an area to the south of the TREATMENT PLANT between the NRD’s Pedestrian Trail and the private driveway located on the TREATMENT PLANT property (the “SUBJECT UTILITIES”);

WHEREAS, the PARTIES entered into an Interlocal Agreement (the “AGREEMENT”) to relocate the SUBJECT UTILITIES and to allocate responsibility for the direct payment or reimbursement of certain costs incurred as a result of the relocation work;

WHEREAS, the CITY desires to extend the SUBJECT UTILITIES to areas beyond the original design which will result in additional costs to the NRD under the AGREEMENT;

WHEREAS, in March 2019, the Omaha metropolitan area, among other areas, endured a significant flooding event which caused damage throughout the CITY’s and the NRD’s jurisdictions, including making the TREATMENT PLANT inoperable for a significant period of time;

WHEREAS, as a result of the TREATMENT PLANT’s closure, the CITY was required to perform emergency sewage pumping into the Papillion Creek, at various locations, including south of 13th Street and Capehart Road in Bellevue, Nebraska; and

WHEREAS, the emergency sewage pumping into the Papillion Creek caused erosion to the NRD’s berm along the Papillion Creek south of 13th Street and Capehart Road in Bellevue, Nebraska (the “NRD BERM DAMAGE”); and

WHEREAS, the NRD has already retained a contractor to perform work to modify the LEVEE SYSTEM and the contractor is willing to enter into a change order to repair the NRD BERM DAMAGE (the “NRD BERM DAMAGE REPAIR”); and,

WHEREAS, the PARTIES desire to alter and amend the AGREEMENT with this AMENDMENT.

NOW, THEREFORE, for and in consideration of their mutual covenants contained in this AMENDMENT and in the AGREEMENT, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the AGREEMENT is amended as follows:

1. Paragraph 2 of the AGREEMENT is deleted in its entirety and replaced with the following:

2. Purpose. develop and permit the relocation of the existing fence located to the north of the Pedestrian Trail (2(a) and 2(b) collectively referred to as the “RELOCATION WORK”); (c) pay for the RELOCATION WORK and NRD BERM DAMAGE REPAIR; and (d) grant certain rights-of-way in order to allow the NRD and NRD’s contractor(s) to carry out its ongoing obligations to construct, repair, operate and maintain the LEVEE SYSTEM and to perform the NRD BERM DAMAGE REPAIR.

2. Paragraph 4 of the AGREEMENT is deleted in its entirety and replaced with the following:

4. CITY’S Responsibilities. The CITY agrees to the following:

a) Promptly review, and approve in writing, any and all plans and specifications provided by the NRD in connection with the NRD’s obligations set forth in Section 5 below. The CITY’s approval of such plans and specifications shall not be unreasonably withheld, delayed or conditioned. All requests by NRD under THIS AGREEMENT shall be deemed approved in the event the CITY does not respond to such requests within 30 days after NRD’s written request.

b) Cooperate with the NRD on determining a reasonable relocation of the SUBJECT UTILITIES and related easements before the RELOCATION WORK commences.

c) Reimburse the NRD for the actual costs incurred by the NRD in relocating the gas line and extending the relocation of the SUBJECT UTILITIES located on the TREATMENT PLANT property, such reimbursement not to exceed \$200,000.00.

d) Effective as of the EFFECTIVE DATE, permit and grant to the NRD and to the NRD’s contractors and agents the perpetual, non-exclusive right, license, rights-of-way, and permission to access and/or otherwise use the TREATMENT PLANT property for the purposes of (i) the NRD’s RELOCATION WORK pursuant to THIS AGREEMENT, (ii) NRD’s construction and ongoing operation, maintenance, and repair of the LEVEE SYSTEM located on the TREATMENT PLANT property.
