PAPIO-MISSOURI RIVER NATURAL RESOURCES DISTRICT
an Equal Opportunity Employer
W E L C O M E

The Papio-Missouri River Natural Resources District takes this opportunity to extend to you, our employee, a warm WELCOME!

Mutual understanding is vitally important to the success of any enterprise. To provide a basis for developing mutual understanding, this Employee Handbook contains many of the policies, rules, and procedures by which the District generally operates. You should study and retain this Employee Handbook for future reference, as you will be responsible for understanding and complying with the District's policies, rules, and procedures throughout your employment. Failure to abide by the District's policies, rules, and procedures may result in disciplinary action, up to and including termination of employment.

The policies, rules, and procedures contained in this Employee Handbook supersede all previous District policies, rules, and procedures and apply to you regardless of your date of hire. After reading this Employee Handbook you must sign the "Employee Verifications Form" at the end and give it to the Administrative Coordinator. Your decision to continue working for the District is conditioned upon your agreement to be bound by the terms of this Employee Handbook and the District's current and future policies, rules, and procedures.

In writing this Employee Handbook we have tried to avoid legal words and phrases as much as possible. This Employee Handbook was written for our employees as a matter of information only. It is **not a contract** between the District and any employee for employment for a specific duration, or any other purpose. New situations develop constantly, and the District reserves the right to change, suspend, or cancel any part of this Employee Handbook and/or its policies, rules, or procedures as circumstances (in the sole discretion of the District's General Manager) warrant, with or without notice to employees.

All employees of the District are employed **at-will**, meaning that either the employee or the District may terminate the employment relationship at any time and for any (or no) reason. No District representative has the authority to make any promise or agreement which is inconsistent with this Employee Handbook or any of the District's policies, rules, or procedures without the express, written approval of the General Manager. Likewise, no manager, supervisor, or representative of the District has the authority to enter into an agreement with an employee for employment for any specified time, and any such agreement or terms will be unenforceable, unless they are in a writing signed by the employee, the General Manager, and the Administrative Coordinator. Employees of the District have no property right or interest in their employment or any term of their employment.

There are employee benefit documents (insurance policies and plan documents) containing more complete information. You should refer to those documents and not rely upon this Employee Handbook with respect to any specific benefit, especially a benefit which is provided through insurance or is governed by a plan document because the terms of the insurance policy or plan document supersede the terms of this Employee Handbook in the event of any inconsistency. All benefits are subject to the employee meeting whatever eligibility requirements, qualifications, and conditions are set forth in the insurance policies and plan documents.

Please speak with your supervisor or the Administrative Coordinator if you have a question after reading this Employee Handbook.

PERSONNEL POLICIES

This section of your Handbook covers the policies, procedures and rules relating to your job. Familiarity with the contents will make you aware of what is expected of you, as well as what you can expect from the District.

EMPLOYMENT QUALIFICATIONS:

All persons 18 years of age or older are eligible to apply for employment. All applicants and employees will be treated fairly and no individual will be discriminated against or given preference in any term, condition, or privilege of employment because of race, religion, national origin, sex, age, color, marital status, military/veteran status, genetic information, disability (if the individual is otherwise qualified to perform the essential functions of the job, with reasonable accommodations if necessary), or any other category protected by applicable local, state, or federal law. It is our policy to select the most qualified person for each position, whether that is a new hire, a transfer to another position, or a promotion.

Each applicant for employment must complete an application form in the fullest, most accurate manner possible. Since this information is used as fact for hiring, employment, and on all records, any misrepresentations, falsifications, or material omissions on the application may result in exclusion of the individual from further consideration for employment, or if the person has been hired, termination of employment.

Before entering employment with the District, a background investigation and pre-employment drug test will be required of all individuals who receive a conditional job offer. Assuming the background investigation is satisfactory and the pre-employment drug test is negative, a pre-employment medical examination by a licensed physician will be required to determine the individual's ability to perform the essential functions of the position (with reasonable accommodations if necessary) for which they have applied. Such examinations shall be at the expense of the District.

PROBATIONARY PERIOD:

A new employee is on probation during the first ninety (90) calendar days of employment. During this period of employment, the employee must demonstrate good quality and quantity of work, as well as cooperation and teamwork. In addition, the employee must show a strong interest in doing his/her job. At the end of the probationary period, or earlier if necessary, an evaluation shall be conducted to determine whether the employee is sufficiently well-suited to the job to continue employment by the District; employees discharged during or at the end of the probationary period shall not have recourse to the grievance procedure. The probationary period may be extended in the discretion of the General Manger.

After satisfactory completion of the probationary period, the individual becomes a regular District employee with the anniversary date being the original date of hire. Successful completion of the probationary period and continued employment thereafter does not alter the at-will employment relationship between the employee and the District.

HARASSMENT AND DISCRIMINATION:

Professionalism and respect for each individual's privacy and dignity are essential to the reputation and success of the District. Behavior which is inconsistent with these principles is not acceptable and will not be tolerated. More specifically, any form of harassment or discrimination on the job or related to the job -- including that based on sex, race, religion, national origin, age, color, marital status, military/veteran status, genetic information, or disability, or any other category protected by applicable federal, state, or local law, is absolutely prohibited and may result in severe corrective action, possibly including discharge from employment.

Harassment is a form of discrimination and is broadly defined to include any conduct which is personally demeaning or offensive, and tends to equate a person's worth to their gender, race, religion, national origin, age, color, marital status, military/veteran status, genetic information, or disability, or any other category protected by law, rather than their ability to perform their jobs and contribute to the success of the District. Without limiting the breadth of this definition, harassment specifically includes:

1. Sexual harassment in any form. Sexual harassment is defined by federal regulations as follows:

“Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.”

Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. Examples of some of the kinds of conduct included in the definition of sexual harassment are:

Sexual relations, sexual contact, unwanted physical contact, or threats or intimation of sexual relations or sexual contact which are not welcome and freely and mutually agreeable to both parties;

Continual or repeated remarks with sexual implications, placing sexually suggestive objects or pictures in the work area, or propositions of a sexual nature; and,

Threats or insinuations that the person's employment wages, promotional opportunities, job assignments or other conditions of employment may be adversely affected by not submitting to sexual advances or promises or insinuations that any conditions of employment may be favorably affected by submitting to sexual advances.

It is important to note that sexual harassment does not have to involve conduct of a sexual nature in order to constitute improper behavior. For example, abusive, offensive, or demeaning behavior that is directed to members of one gender only (whether male or female) may be deemed a form of sexual harassment, even though the conduct was not motivated by sexual desire or gratification. In addition,

harassment of a male by another male, or a female by another female also constitutes a form of sex discrimination.

The fact that no objection is voiced or the other person seems to be “going along” does not mean the conduct is acceptable. In the interest of avoiding sexual harassment and maximizing the professionalism of this organization, extra care should be taken to prevent matters of a sexual nature from becoming part of our working environment.

2. Harassment on the basis of any other category protected by law. As with sexual harassment, any conduct which could be offensive and create an intimidating, hostile, or offensive working environment on the basis of race, religion, national origin, age, color, marital status, military/veteran status, genetic information, disability, or any other category protected by federal, state, or local law is improper and strictly prohibited. This could include, for example, racial epithets and religious jokes.

Reporting Harassment and/or Discrimination

An employee who believes that he or she has been harassed or discriminated against by a supervisor, co-worker, Director, vendor, or any other person in the workplace, or who has witnessed harassment of, or discrimination against, an employee, should tell the person doing the harassing or discriminating, politely but firmly, that such conduct is unacceptable, unless this places the employee in danger. Additionally, and at a minimum, a written report of harassment or discrimination must be brought to the Administrative Coordinator or General Manager. If the Administrative Coordinator or General Manager to whom the complaint can be voiced is not available, please bring your complaint to any other member of management. The worst alternative is to do nothing and allow the situation to continue.

All reports of harassment or discrimination will be promptly and thoroughly investigated; if the report is found to be justified, corrective action appropriate to the circumstances will be taken. All reports and all information given during an investigation will be treated as confidentially as possible, subject to the need to conduct a full and fair investigation, and to inform those individuals who will be involved in any corrective action.

Under no circumstances will any person who in good faith reports harassment or discrimination, or assists in its investigation, be subject to any form of retribution or retaliation. Any person who makes or participates in such retribution or retaliation, directly or indirectly, will be subject to severe corrective action.

DEFINITION OF EMPLOYEES:

Full-Time Employee: Any employee who has completed their probationary period and is regularly scheduled to work thirty-seven and one-half (37-1/2) or more hours per week, unless the probationary period is extended.

Probationary Employee: Any employee in their first ninety (90) calendar days of employment, or longer if probation is extended.

Part-Time Employee: An employee who is regularly scheduled to work less than twenty-five (25) hours per week on a regular basis.

Temporary Employee: An employee hired with expectation that employment will be short-term, such as for seasonal work or on an “as-needed” basis.

Exempt/Salaried: An employee who is employed in a position which is exempt from overtime requirements by law. Exempt employees work all hours required to fully and properly perform the job, and do not receive overtime pay. ~~The only exception will be if exempt employees receive extra pay for Emergency Operations work.~~ Being paid on a “salary basis” means an employee regularly receives a predetermined amount of compensation each pay period on a weekly, or less frequent, basis. Subject to certain exceptions, the predetermined amount cannot be reduced because of variations in the quality or quantity of the employee’s work, and an exempt employee must receive the full salary for any workweek in which the employee performs any work, regardless of the number of days or hours worked. Exempt employees do not need to be paid for any workweek in which they perform no work. In certain instances, deductions may be made for personal leave when vacation or sick leave is exhausted, for jury or military leave, disciplinary suspensions for violations of the District’s safety or workplace conduct rules, or in the first or last week of employment, if the employee works less than a full week. It is the District’s policy to comply with the salary basis requirements of the Fair Labor Standards Act (FLSA) and applicable state laws. Therefore, the District prohibits any improper deductions from the salaries of exempt employees. If an employee believes that an improper deduction has been made from his/her salary, the employee should immediately report this information to the District. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed for any improper deduction made and the District will make a good faith commitment to comply in the future with the terms of this policy so that improper deductions will not be taken in the future.

Non Exempt/Hourly: An employee whose pay is computed on an hourly basis, for all hours actually worked. Non-exempt employees are eligible for overtime pay at the rate of time and a half (1-1/2 time’s regular hourly rate) for all hours actually worked in excess of forty (40) hours during any work week. Non-exempt/hourly employees are not authorized to work “off the clock.” They shall record, and be paid for, all hours actually worked.

All employee classifications shall be determined by District management and may be changed from time to time as warranted by the circumstances. The employee’s official classification maintained by District management shall be controlling, regardless of the hours worked in any individual week.

PROMOTIONS: A promotion is based on each individual’s performance record and involves an increase in the amount of responsibility undertaken. The District’s policy is to promote from within whenever possible and to select on a merit basis the employee best qualified and most deserving to fill each job vacancy or new position. Employees seeking promotion will be considered on the strength of many factors including: qualifications, job knowledge, capacity for further responsibility, ability, leadership potential, working relationships, length of service, past performance and employment record.

PERSONNEL RECORDS:

It is important for the District to have accurate records for every employee. You must advise your supervisor and the Omaha office of any changes in the following types of information:

- | | |
|--|---|
| <input type="checkbox"/> Address | <input type="checkbox"/> Next of Kin |
| <input type="checkbox"/> Name | <input type="checkbox"/> Change of Beneficiary |
| <input type="checkbox"/> Telephone Number | <input type="checkbox"/> Person to Notify in an Emergency |
| <input type="checkbox"/> Marital Status | <input type="checkbox"/> Number of Dependents |
| <input type="checkbox"/> Physician's Name & Phone Number | |

Employee health or medical-related records will be maintained separate from the personnel records and will be subject to more strict confidentiality rules. Except as otherwise required by law, employee health records will not be available to District personnel other than the General Manager, persons responsible for creating and/or maintaining employee health records, and supervisors/department heads if they have a need to be apprised of restrictions on an employee's work duties, accommodations for an employee's disability, or possible emergency conditions involving the employee's health condition.

PERSONNEL FILE UP-DATE: Employees are requested to keep the District advised of any additional training, educational courses completed, civic activities, etc. This information will be placed in the employee's personnel file for reference when considerations for promotion are made.

PAY ADJUSTMENTS: Pay adjustments are based on an employee's job performance and the current Pay Program Administration Manual. Any questions you may have concerning your wage and pay adjustments should be addressed to your supervisor.

COMPENSATION FOR TEMPORARY DUTY: If an employee temporarily serves in the capacity of a either a higher or lower grade position for an extended period of time (minimum of three months or 60 working days, consecutively), the General Manager shall have the authority to provide additional compensation to that employee for that period according to the general guideline of one-half the difference between the midpoints for the salary grade of the higher grade position and the employee's position. When compensating an employee for additional work performed for a lower grade position, the General Manager shall determine the compensation amount and is required that he report it to the Board of Directors.

TARDINESS: Consistent and timely attendance is vital for each employee to adequately perform his or her job functions. Employees are expected to be at their work stations at their designated work time. If you must be late, make every effort to notify your supervisor. Excessive tardiness may result in disciplinary action, up to and including termination of employment.

ABSENCES:

Regardless of your reason for absence, always notify your office or supervisor as soon as possible. The District's Outlook Calendar will be used to schedule all leave, meetings, and all other absences. All unscheduled absences should be coordinated through your supervisor. If you

are unable to reach your supervisor via phone, text, or email, you should call the office or have an immediate family member do so for you.

Always give the specific reason for your absence; and,

Notify your office or supervisor when you expect to return.

Excessive or unwarranted absenteeism will result in dismissal. If you are absent for two (2) consecutive working days without notifying your office or supervisor, and without approved leave of absence, you will be considered to have voluntarily resigned.

An UNEXCUSED absence will be considered as leave without pay, and paid sick leave, vacation, or other paid time off may not be used. When a person does not call their office or supervisor when they are absent, even if they are ill, it shall be considered an UNEXCUSED absence.

An EXCUSED absence is an absence approved by your supervisor for reasons recognized as valid by the employer, and for which available vacation leave, sick leave or other paid time off may be used. The following reasons are generally considered valid: Personal illness; death in the family; illness in the family (when the employee is needed at home); accidents - on or off the job.

Use and accrual of vacation leave, sick leave, and other paid time off is set forth in the "Employee Benefits" section, below.

TIME RECORDS:

Each employee is required to record daily work activities through the District's Pacific Timesheet Program and submit this report every week. This weekly work report contains space designated for the recording of:

1. Total hours worked daily.
2. Total hours worked on a particular program, project or miscellaneous activity (each activity, program or project has been assigned an individual work number).
3. A short description of work performed and equipment use number when appropriate.

HOURS OF WORK:

For full time employees, the basic work day shall consist of seven and one-half (7-1/2) hours or eight (8) hours; and the basic work week shall consist of thirty-seven and one-half (37-1/2) hours or forty (40) hours, depending on your job description, or as set by your immediate supervisor.

The Omaha office hours shall be 8:00 a.m. - 4:30 p.m., Monday through Friday. Field offices will be open 8:00 a.m. - 12:00 p.m. and 1:00 p.m. - 4:30 p.m.

OVERTIME:

All employees of the District classified as hourly employees (non-exempt) will be paid at the rate of one and one-half (1-1/2) times the regular hourly rate for work in excess of forty (40) hours in any work week. Regular pay rates will be paid for work of less than forty (40) hours. A work week is defined as the period from 12:00 a.m. on ~~Sunday-midnight~~Monday to the following ~~Saturday-Sunday~~ at 11:59 p.m. Work is defined as only those hours in the work week during which the employee is actually working on the job and shall not include any hours for which paid or unpaid leave was used.

Overtime work will generally be distributed as fairly and as practicable among qualified available employees within each classification in a department. A record of overtime hours worked by each employee will be kept.

All overtime must be authorized by your supervisor in advance. All employees may be required to work overtime from time to time.

FLEXIBLE WORK ARRANGEMENTS:

To assist the District in achieving optimal productivity, provide employees with a potential methodology for balancing their personal responsibilities and professional work demands, and facilitate the recruitment and retention of a diverse work force of the highest caliber at every level, the District is instituting flexible work arrangements (FWAs).

Employees interested in being considered for an FWA should discuss the matter with their immediate supervisor or with the General Manager. FWAs are not granted automatically but must be considered on a case-by-case basis, based on job-related factors such as the nature of the employee's job, departmental work flow, customer service needs, and so forth. In addition, because FWA are considered a privilege, to be eligible for consideration for an FWA, employees must be in good standing on the basis of their overall work record. ~~Before being granted authorization to work an FWA, employees must sign a Flexible Work Arrangement Acknowledgment Form.~~

Individuals with a medical need for an FWA should contact human resources to discuss their need. (FWAs to accommodate a disability or an employee's or a covered family member's serious health condition will be handled under the District's family and medical leave policy. Please consult that policy for details).

Daily and weekly work schedules, including FWAs, may be changed from time to time at the discretion of an employee's supervisor and/or the General Manager to meet the varying conditions of the District's business. Changes in work schedules will be announced as far in advance as practicable.

Flextime Work Schedule:

Employees on a flextime schedule are normally permitted to begin their workday anytime between 8:00 A.M. and 10:00 A.M. daily on the hour or half hour unless otherwise notified by their immediate supervisor that certain designated hours are required for a given workday. Regardless of an employee's starting time, the employee must be present during the District's core hours daily, which are from 10:00 a.m. to 3:00 p.m. Employees will receive a one-hour unpaid meal period, which will normally be taken between 12:00 P.M. and 2:00 P.M. or as otherwise required by applicable state law. The time of your meal period will be designated by your

immediate supervisor. If you are a part-time employee, your working hours will be arranged by your supervisor.

EMERGENCY OPERATIONS WORK:

The District will compensate non-exempt (hourly) ~~all~~ employees of the District for Emergency Operations Work in accordance with the overtime pay policy, ~~except the General Manager, for Emergency Operations Work in accordance with the overtime pay policy~~ This policy doesn't apply to exempt (salaried) employees, unless approved by a majority vote of the Board of Directors .

It shall be the policy of the District to allow reimbursement to employees for meals and other actual expenses incurred while on Emergency Operations Work for the District. An employee must work a complete full shift, (i.e., 8 hours) either during normal office hours or an assigned work period and an additional two (2) hours to be eligible for reimbursement for a meal. Meal expense shall be reimbursed at a rate per meal established by the District for employees working more than a ten (10) hour work period. This will be paid only if submitted for payment by the employee on an Expense Claim form.

LUNCH BREAKS: Lunch breaks for employees may vary from one-half hour to one hour, as designated in your job description and approved by your supervisor. This includes going from and to work stations.

PAY PERIOD - PAY DAY: Payroll periods shall consist of a two (2) week period, with payments made every other Friday via automatic deposit to a financial institution of the employee's choice. Payroll automatic deposit is mandatory for all District employees.

PAY TRANSPARENCY: The contractor will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. However, employees who have access to the compensation information of other employees or applicants as a part of their essential job functions cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) in response to a formal complaint or charge, (b) in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or (c) consistent with the contractor's legal duty to furnish information

PAYROLL DEDUCTIONS: The District is required by Federal and State laws to make certain deductions from employee earnings. Tax deductions are turned over to the proper government department by the District. The records of your tax deductions are noted on each payroll statement. Tax deductions are based on the number of dependents declared on the employee's W-4. Employees are responsible for properly completing their own W-4 forms, and notifying the Accounting Department whenever, due to family changes or otherwise, they wish to change their declared exemptions.

Deductions will include:

- Social Security (FICA)
- Medicare portion of FICA (MEDFICA)
- Federal Withholding Tax
- State Withholding Tax
- Retirement Program
- Other deductions required by law

Voluntary deductions may include:

- Group Health Insurance for Dependents
- Retirement Program (additional individual contribution)
- United Way
- Supplemental Insurance (AFLAC)
- Dependent Life Insurance
- Flexible Benefits Plan

RESIGNATION:

All employees should notify your immediate supervisor in writing of your decision to resign. Two (2) calendar weeks advance written notice is required in order for the employee to be deemed to have resigned in good standing. Employees who do not resign in good standing will not be paid any of their accrued but unused sick leave upon separation. Employees who resign in good standing will be paid 25% of their accrued but unused sick leave.

RE-HIRE: An employee who is re-employed will be considered the same as any other new employee for the purposes of all employee classifications and must serve the usual probationary period.

RETIREMENT:

In preparation for retirement from the District, an employee should notify his/her immediate supervisor and the Administrative Coordinator, in writing, of their retirement date. This notice must be given at least thirty (30) calendar days prior to the retirement date in order for the employee to be deemed to have retired in good standing. Employees who do not retire in good standing will not be paid any of their accrued but unused sick leave upon retirement. Employees who retire in good standing will be paid 25% of their accrued but unused sick leave.

It is important for employees who intend to retire to continue to work until their retirement date so they can train their successor and ensure a smooth transition. Therefore, in order for an employee to retire in good standing with the District, the employee must also work all of their scheduled days/hours from the date they provide their retirement notice until the date they actually retire. The only exception will be the employee's use of vacation leave during this timeframe which has been approved in writing by the employee's supervisor and either the Administrative Coordinator or the General Manager.

SUGGESTIONS: The management of the District does not pretend to know the best answers to every problem. There may be a better way to do each job. We earnestly ask all employees who have ideas or suggestions for the improvement of the District to feel free to offer them, preferably

in writing, to their supervisor. Refer to District's Employee Suggestion Program, pages 30-31 of this handbook.

YOUR SUPERVISOR: Your supervisor is responsible for the on-the-job wellbeing of those who report to him/her. It is part of your supervisor's job to see that your working conditions are satisfactory, that your questions are answered, that you are informed about the District and that your problems receive fair consideration. When you are troubled, your supervisor expects you to come to him/her for help. Your supervisor also appreciates an opportunity to discuss your viewpoints and suggestions. A good working relationship between you and your supervisor is essential to the smooth functioning of your department.

GRIEVANCES: The District provides a fair and efficient means to receive, investigate and resolve employee complaints and grievances. Each employee is encouraged to informally discuss grievances with their immediate supervisor. The General Manager shall ensure employees' freedom from restraint, interference, discrimination or reprisal in the presentation of grievances of any supervisory level.

FORMAL GRIEVANCE PROCEDURE:

When an instance occurs that an employee considers to be unfair or incorrect relative to that employee's working situation, the following procedure will be followed to resolve the matter. If the grievance directly involves the immediate supervisor, and the employee for good reason is unable to take the issue to the immediate supervisor, the employee may go directly to the next level of supervision according to the District's Administrative Flow Chart.

The aggrieved employee, within two (2) working days after the instance, shall submit a written claim of the grievance to the immediate supervisor as a formal grievance. The supervisor shall make careful inquiry into the facts and circumstances of the grievance and shall verbally advise the employee of the findings of the investigation and his or her decision usually within seven (7) calendar days after hearing the employee's grievance.

If the grievance is not resolved by action of the immediate supervisor, the employee may submit the grievance in writing to the Department Head, on a form furnished by the immediate supervisor and within seven (7) calendar days after being advised of the supervisor's decision. The Department Head shall make a separate investigation and inform the employee in writing of his or her decision and the reasons for it usually within seven (7) calendar days after receipt of the employee's grievance form.

If the grievance is not resolved by action of the Department Head, the employee may obtain a review by the General Manager by submitting a written request for review to the General Manager within seven (7) calendar days following receipt of the written decision of the Department Head. The General Manager shall make such investigation as appropriate, and within approximately fifteen (15) calendar days after the receipt of the employee's request for review, shall inform the employee in writing of his or her findings and decision. Routine Grievances shall be concluded with the determination of the General Manager.

When an employee believes that the matter has not been satisfactorily resolved by the General Manager's decision, the employee may request a review by the Personnel, Legislative and Public Affairs Subcommittee by submitting a written request for review, stating the complaint, and the decision received from the General Manager. The concerns of the employee will be considered

by the Personnel, Legislative and Public Affairs Subcommittee in making a determination of whether to submit the matter to the Board of Directors for review and guidance.

Within the foregoing procedure the burden of proof shall be on the aggrieved employee.

Please note that the Grievance Procedure is not intended to cover complaints or reports of workplace discrimination or harassment. Instead, please immediately report any such discrimination or harassment pursuant to the District's "Harassment and Discrimination" policy, which is set forth below.

BAD WEATHER CLOSING:

There are occasions where storms during non-duty hours render roads hazardous to traffic so that it is deemed that employees, except those engaged in services which cannot be suspended or interrupted, will not report for work.

For employees located at the Chalco Hills Natural Resources Center: Delayed opening will automatically occur if the Millard Public Schools (MPS) cancel classes due to inclement weather. Employees will automatically report for duty at 10:00 a.m. when MPS is closed due to inclement weather. The General Manager will decide office closure by 9:00 a.m., if necessary. Hazardous weather that develops during the workday requiring early office closing will be addressed by the General Manager. Employees should monitor local media for closing information.

For employees located at field offices: The Natural Resources Conservation Service Resource Conservationist at the respective field office may declare the office closed for all or a portion of the day if weather conditions require. Employees should monitor radio announcements or contact their supervisor for closing information.

For employees located at the Dakota County Rural Water Office: The Water Supply Superintendent may declare the office closed for all or a portion of the day if weather conditions require. Employees should monitor radio announcements or contact their supervisor for closing information.

If hazardous conditions exist before regular working hours and the office is declared closed, employees will be on administrative leave for that work day. Employees who had scheduled leave are to remain on scheduled leave, not administrative leave.

In the case of late start, i.e., if the office is declared open at 10:00 a.m., employees will be on administrative leave until the time the office opens. Employees who had scheduled leave are to remain on scheduled leave, not administrative leave. Examples of how to charge administrative leave based on established working hours are described in the following scenarios:

If established hours are 7:30 a.m. - 4:00 p.m. and the office opens at 10:00 a.m., the employee is approved for 2-1/2 hours of administrative leave.

If the established hours are 8:00 a.m. - 4:30 p.m., the employee will be approved for 2 hours of administrative leave.

In the event hazardous weather conditions occur during office hours, employees on duty are to receive administrative leave based on established working hours. Employees who had scheduled leave

are to remain on scheduled leave, not administrative leave. Examples of how to charge administrative leave based on established working hours are described in the following scenarios:

If established working hours are 7:30 a.m. - 4:00 p.m., and the office is closed at 3:00 p.m. due to weather conditions, the employee is approved for 1 hour of administrative leave.

If established working hours are 8:00 a.m. - 4:30 p.m., and the office is closed at 3:00 p.m. due to weather conditions, the employee is approved for 1-1/2 hours of administrative leave.

Administrative Leave will be recorded ~~in the on-time-sheets program as such under 900 55~~ **(Other Leave)**.

VEHICLE USE POLICY: Some employees, at the discretion of the General Manager, shall be assigned a District vehicle to drive to and from work. Personal use of the District vehicles, other than driving to and from work, is not allowed.

1. Employees who utilize a vehicle for commuting purposes have the option to utilize a personal vehicle for commuting purposes or can continue to utilize a District vehicle for commuting only after agreeing to reimburse the District an amount not less than the IRS mandated minimum taxable value under the commuting rule. The employee would sign an agreement with the District to have funds withheld from their bi-weekly pay checks.
2. All employees utilize a District vehicle, when available, for attending District related functions and or conducting work related duties. Personal vehicle use should be discouraged for conducting District business unless no other transportation is available to the employee.

Vehicles should be eliminated through attrition whenever feasible.

EMPLOYEE BENEFITS

As a member of the Papio-Missouri River Natural Resources District team, you will enjoy a number of benefits, above and beyond your paycheck, subject to eligibility requirements. The following descriptions of benefits are summaries only, designed for the convenience of the employee, and an employee's eligibility for benefits and benefits rights will be governed by the plans and policies themselves, and applicable law. District management reserves the right to exercise discretion when interpreting and applying benefit plans, and to modify benefit policies and plans at any time.

SOCIAL SECURITY: Each pay day, the District deducts from your pay a tax which is paid into the Treasury of the United States Government to provide a Retirement Fund for you when you are eligible. The District also contributes an equal amount.

UNEMPLOYMENT INSURANCE: This benefit is paid entirely by the District. Employees who qualify for benefits will receive a check from the Nebraska Department of Labor for a limited period.

WORKERS' COMPENSATION: This benefit is also paid entirely by the District and covers all employees, while working here, in case of occupational illness or injury. The benefits allowed are set in accordance with State law.

GROUP INSURANCE:

The District provides a comprehensive insurance plan for all eligible full-time employees through participation in the Nebraska Association of Resources Districts Insurance Plan. An employee is eligible to participate in the plan the first day of the month after hire. A full description of the coverage, eligibility dates and benefits is available to employees and their dependents at the Omaha office.

An employee who is discharged or voluntarily leaves his or her employment may be entitled to a continuation of the District's health benefits at the employee's cost, pursuant to the Consolidated Omnibus Budget Reconciliation Act (COBRA), depending on the specific provisions of the District's health insurance policy. Additional information regarding continuation rights will be provided upon termination from employment or another COBRA event.

The plan includes the following:

1. Medical Insurance: The District pays the entire premium cost for the employee. The employee may enroll his/her eligible dependents under the District's employee health insurance coverage. The District will pay a portion of the applicable monthly premium and the employee will pay for the remaining premium for dependent medical coverage.
2. Dental Insurance: The District pays the entire premium cost for the employee and eligible dependents.
3. Vision Care: The District pays the entire premium cost for the employee and eligible dependents.
4. Life Insurance: The District pays the entire premium cost for the employee but employees must pay the withholding tax on premiums for the amount over \$50,000. Dependent coverage is available for eligible dependents at the employee's cost.
5. Long Term Disability Insurance: The District pays the entire premium cost for the employee.

FAMILY AND MEDICAL LEAVE ACT LEAVE:

In accordance with the Family and Medical Leave Act (FMLA) and its regulations, eligible employees may take a leave of absence because (1) of the birth of a son or daughter and in order to care for such son or daughter; (2) of the placement of a son or daughter with the employee for adoption or foster care; (3) the employee is unable to work due to his/her own serious health condition; (4) the employee needs to care for a spouse, son or daughter or parent with a serious health condition; (5) of a qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is on active duty or call to active duty status in support of a contingency operation as a member of the National Guard or Reserves; or (6) the employee is the spouse, son or daughter, parent or next of kin of a covered service member with a serious injury or illness and the employee needs to care for that person.

To be eligible for FMLA leave, an employee must:

1. Have been employed by the District for at least 12 months, which need not be consecutive; and
2. Have worked at least 1250 hours for the District during the 12 month period immediately preceding the commencement of the leave.

Except in the case of service member family leave, an employee's total cumulative FMLA leave may not exceed 12 weeks in any 12-month period. Additionally, all employees must use available sick leave and vacation leave while on FMLA leave. An employee has the right under the FMLA for up to 12 weeks of unpaid leave in a 12-month period calculated as a "rolling" 12-month period measured backward from the date of any FMLA leave usage. A husband and wife who are eligible for FMLA leave and are employed by the District are limited to a combined total of 12 weeks of leave during any 12-month period if the leave is taken to care for the employee's parent with a serious health condition, for the birth of the employee's son or daughter or to care for the child after the birth, or for placement of a son or daughter with the employee for adoption or foster care or to care for the child after placement. FMLA leave for the birth or placement of a child must be completed within one year after the birth or placement of that child.

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings. The District may require employees to provide a copy of the covered military member's active duty orders or other military issued documentation that indicates that the covered military member is on active duty in support of a contingency operation, and the dates of the active duty service.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Eligible employees are required to apply for Family and Medical Leave Act (FMLA) when more than 5 consecutive days are needed to tend to their own serious health condition or that of a family member. When the need for FMLA leave is foreseeable, an employee must give the District at least 30 days' notice, or as much notice as is practicable. When leave is not foreseeable, the employee must provide notice as soon as possible. Refer to the District's Family and Medical Leave and Family Military Leave (Appendix V) policy for more details.

FAMILY MILITARY LEAVE UNDER NEBRASKA STATE LAW:

Employees who: 1) are the spouse or parent of a person called to active military service lasting 179 days or longer with the State or United States pursuant to the orders of the Governor or the President of the United States; 2) have been employed by the District for at least 12 months; and 3) have worked at least 1,250 hours during the 12 months immediately preceding commencement of the leave, may be entitled to unpaid family military leave under Nebraska state law. This leave shall run concurrently with any other leave to which the employee is entitled. Employees will be required to provide certification from the proper military authority to verify the employee's eligibility for the family military leave requested.

Employees taking leave for less than five consecutive work days must give as much advance notice as practicable. Employees taking five or more consecutive work days of leave under this policy must give at least fourteen days' notice of the intended date upon which the leave will commence. Where the employee is able, he or she shall consult with the District to schedule the leave so as to not unduly disrupt our operations.

LONG-TERM DISABILITY:

Long-term disability is a benefit provided all full-time employees. After the 90-day elimination period has been met the insurance carrier for this plan determines if an employee is disabled and coordinates all benefit payments. An employee who qualifies for long-term disability is ineligible to use available sick leave or vacation leave.

The District will continue to pay its share of premiums under the District's Employee Benefit Program (i.e., dental insurance, medical insurance, and vision care) for up to two years on behalf of employees on long-term disability, subject to their continuing eligibility under the plan documents. If employment is separated due to the employee's disability, the District's payment of the premiums on behalf of the employee may be contingent upon the employee electing COBRA continuation coverage. If the employee on long-term disability has elected dependent coverage under the insurance program, the District will continue to pay its share of the premiums for dental coverage and applicable medical insurance premium for up to two (2) years after the first long-term disability benefit payment is made to the employee subject to Plan document limitations. Any employee payments normally required for dependent coverage shall be reimbursed to the District on a monthly basis prior to the month being covered. Dependent medical, dental and vision coverage may continue after the two-year period, but the employee is responsible for the entire premium payment for any dependent coverage. Sick leave and vacation leave does not accrue while an employee is receiving long-term disability benefits.

NON-DISABILITY LEAVE OF ABSENCE:

The District recognizes that there will be instances where, for various reasons, an employee may require time off from his or her job without pay or benefits, for personal reasons. Anyone requesting a leave of absence for personal reasons must receive prior permission from the General Manager. Each request for leave of absence will be considered on an individual basis, and the granting of a leave will be at the sole discretion of the General Manager. The duration of the leave, and whether the employee's job will be held open during the leave, will be determined on a case-by-case basis.

Any such leave will be without pay or benefits. The employee will be allowed to use accrued but unused vacation leave. Sick leave and vacation leave does not accrue while an employee is on a non-disability leave of absence. If insurance benefits are continued during the leave, the employee shall pay the full cost of the benefits.

VACATION LEAVE:

Vacations must be earned before they can be taken. Vacations will be considered "earned" only to the extent that vacation time has been accrued according to the following schedule, and all conditions for using vacation have been met. The employee's date of hire will be the eligibility date for determining the amount of vacation earned.

Each full-time employee shall accrue vacation leave bi-weekly at the following rates:

0 through ~~5~~4 years of service -- 13 working days per year

~~6~~5 through ~~10~~9 years of service -- 18 working days per year

~~11~~10 years of service or greater -- 23 working days per year

Employees may carry-over all unused vacation leave days into the next calendar year; however, no employee will continue to accrue vacation leave once he or she has accumulated 53 days of vacation leave. Vacation leave does not accrue when an employee is on an unpaid leave or long-term disability.

All vacation leave shall be scheduled in advance and taken at a time that is agreeable to the employee and the employee's supervisor. Any paid vacation more than 10 consecutive working days in duration will require a minimum of thirty (30) day notice and approval of the General Manager.

Vacation leave is accrued on a bi-weekly basis and an employee may not take more time than that which the employee has already accrued and has available at the time vacation leave is taken.

Employees will be paid for all accrued but unused vacation upon termination from employment.

Part-time employees will accrue vacation leave on a pro-rata basis according to average hours worked. Temporary employees are not eligible for annual leave.

FUNERAL LEAVE: Funeral leave is allowed for all full-time employees only for family funerals. The term “family” is defined to include spouse, children, parents and parents of the employee’s spouse, brothers, sisters, grandparents, and grandchildren and those similarly related to the employee’s spouse. The amount of funeral leave (not to exceed 5 days) will be determined by the General Manager based on the particular situation involved. Employees will be paid at their regular rate of pay for any funeral leave granted.

SICK LEAVE: Each full-time employee will accrue one and one-half (1-1/2) days per month sick leave. This leave may only be used in the case of actual sickness and/or for actual, necessary visits to health care providers (including dentists).

The purpose of this benefit is to assist eligible employees when they suffer the misfortune of an extended illness or disability. Therefore, to avoid possible abuse of this benefit, a physician’s statement will be required by the District as verification of illness or accident before sick leave benefits are paid when an employee has been absent for three (3) consecutive working days. Sick leave pay benefits for work related injury/accidents will be coordinated with workers’ compensation benefits received by the employee.

An employee may utilize sick leave to tend to the needs of his/her ill “immediate family.” The term “immediate family” is defined to include spouse, children and parents of the employee and children and parents of employee’s spouse. An example of sick leave under this situation would be where an employee’s spouse is ill, and children require attention until other adequate arrangements can be made. The illness of a spouse requiring a doctor’s attention would be a second example.

Accrued but unused sick leave may be carried forward from year to year, up to a cumulative total of 180 days. For those employees who have over 180 days of accumulated sick leave, their cap will be set at the amount of accumulated sick leave as of June 30, 1994. If an employee whose cap is over 180 days drops below 180 days of sick leave as of December 31st of any given year, that employee’s cap will be re-established at 180 days. Sick leave does not accrue when an employee is on an unpaid leave or long-term disability.

Abuse of this sick leave policy may result in loss of the sick leave benefit and/or discharge.

Part-time and temporary employees are ineligible for sick leave.

WELLNESS BENEFIT: Each full-time employee will be compensated for unused sick leave upon retirement, termination/resignation in good standing, or death at the rate of 25% of salary. No payment of accumulated sick leave will be made to an employee in the event of termination for any other reasons, including resignation prompted by an action of the employee that could result in disciplinary action.

MILITARY LEAVE: The District is proud to grant time off to our employees in the military service for necessary training, reserve duty and active duty. Full pay will be provided for the first fifteen workdays in any one calendar year. Other pay, benefits, and return-to-work rights will be followed in accordance with applicable state and federal law governing absence for military duty. All employees with military obligations are expected to notify the District of their obligations and

expected absences as far in advance as possible, and to provide return-to-work notification as provided by law.

JURY DUTY - ELECTION BOARD - CRIMINAL TESTIMONY:

All employees will be granted time off for jury duty and election board duty and will be paid the difference between their jury and/or election board pay and their regular wages for time lost from their regularly scheduled work. The same will apply for an employee when subpoenaed as a witness in a criminal case. Employees are required to provide a copy of the summons/subpoena for jury service or to testify as a witness in a criminal case, to the District as soon as possible and in advance of the day of the resulting absence, and in no event later than ten days after the summons/subpoena was issued.

The pay voucher the employee receives from the court for his/her services must be presented to the office to receive supplemental pay. Employees released from jury duty prior to noon on any day must return to work.

HOLIDAYS:

All full-time and part-time employees will receive and be paid the following ten (10) holidays:

- | | |
|---|---|
| <input type="checkbox"/> New Year's Day | <input type="checkbox"/> Labor Day |
| <input type="checkbox"/> Martin Luther King Day | <input type="checkbox"/> Veteran's Day |
| <input type="checkbox"/> Presidents Day | <input type="checkbox"/> Thanksgiving Day |
| <input type="checkbox"/> Memorial Day | <input type="checkbox"/> Day After Thanksgiving |
| <input type="checkbox"/> Independence Day | <input type="checkbox"/> Christmas Day |

Full-time hourly employees will be paid for seven and one-half (7-1/2) hours or eight (8) hours, according to their regular work schedule. Full-time salaried employees will be paid at their regular rate of pay according to their regular work schedule. Part-time employees will be paid on a pro rata basis according to average hours worked. Temporary employees are not eligible for holiday pay.

In the event that any of the paid holidays fall on a Saturday, the preceding Friday will be observed as the paid holiday. Holidays falling on Sunday will be observed on the following Monday. District offices will be closed on holidays.

~~Hourly (non-exempt) employees who actually work on a District observed holiday will waive the right to receive holiday pay for hours worked on the holiday, but will be paid at a double-time rate for all hours worked on that holiday. In the event a holiday falls on a Saturday or Sunday and the employee works on the holiday, the employee will be paid double their regular rate of pay for the hours worked, plus their regular rate of pay for hours not worked on the day the District offices are closed to observe the holiday.~~

~~Hourly (non-exempt) employees who are eligible for paid holidays but who may be required to work on the holiday will be paid their regular rate of pay for hours worked, in~~

addition to the paid holiday. Holiday pay is not to be considered hours worked in the computation of overtime.

BREAKS: Breaks are not required by law, but are a benefit provided by the District to employees. The breaks are fifteen (15) minutes each – with one generally scheduled before lunch and one generally scheduled after lunch, as set by your supervisor. No employee may use more than fifteen (15) minutes total for each break period, including going from or to work stations.

RETIREMENT PLAN: The District provides, on a matching contribution basis, a retirement income program for eligible District employees. Eligibility and participation in the retirement income program is mandatory for new full-time employees of the District. Participation in the retirement income plan begins six (6) months after employment. **Timed previously worked at any Natural Resources District will count towards the six (6) months of eligibility.** Employees are vested at the rate of 20% for each year of employment (i.e., 1 year = 20%; 2 years = 40%, etc.). After 5 years of employment, the employee is 100% vested. The vesting percentage is applicable only to the employer's contribution.

DEFERRED COMPENSATION PLAN: A voluntary plan of deferred compensation is available for eligible employees of the District. The plan provides the employees of the District with an option whereby salary and wages may be contributed to a fund maintained by the District or its designate. No State or Federal Income Tax is paid on the contributions in the year contributed. Tax is payable in a later year when distributed to the employee.

FLEXIBLE BENEFITS PLAN: A Flexible Benefits Plan is available to eligible employees of the District pursuant to Section 125 of the Internal Revenue Code of 1986, as amended. **Employee participation in the plan is on a voluntary basis.** The plan features three benefit options:

1. Insurance Premium Payment Option - This allows participants to pay for dependent coverage with pre-tax dollars.
2. Health Flexible Spending Account - This will allow employees to pay for medical expenses not covered under the insurance plan, i.e., deductibles, co-pays, prescription drug co-pays, dental co-pays, etc., with pre-tax dollars. Maximum contributions are set by federal law. The minimum contribution is \$40/month to offset administrative costs.
3. Dependent Care Flexible Spending Account - This option would allow participants to pay for dependent care with pre-tax dollars. In most cases employee contributions may not exceed \$5,000 during the plan year.

TRAVEL AND EXPENSE ACCOUNTS:

It is the District's policy to pay actual and necessary travel expenses to those employees required to travel away from the office on business.

Employees will not be paid for ordinary home to work travel. If an employee has gone home after completing the work day and is called out to travel a substantial distance to a remote location to perform emergency work, then all time spent on such travel will be paid. If an employee

is given a special 1-day work assignment in another city then travel time will be paid, less the amount of time the employee would normally spend on home to work travel. Time an employee spends as part of his or her principal activity, such as travel during the workday, will be paid. Travel that keeps an employee away from home overnight will be paid if it cuts across the employee's normal working hours, even during the corresponding hours on nonworking days, but time spent in such travel outside of regular working hours as a passenger on an airplane, train, or automobile will not be paid. Hourly employees will be paid for all hours actually worked or attending meetings, classes, etc.

Expenses of the District employees will be reimbursed only upon the completion of an Expense Claim, Form 14.3.B. Manual of Standard Forms (Appendix E) and as necessary for the District to remain compliant with Internal Revenue Service requirements for an accountable plan. An expense claim shall be submitted within sixty (60) days after the occurrence of the claimed expense. The expense claim shall itemize and describe the nature of the expense. Receipts for expenses shall be attached to the claim. The following rules apply to Expense Claim, Form 14.3.B.

Staff expense claims will be furnished to the ~~District~~ Accounting Department by the first work day of each month. Staff expense claims shall have the written approval of the staff member's supervisor prior to being processed for payment.

District employees are eligible for a travel advance against the otherwise reimbursable expenses of any authorized out-of-District travel. The maximum amount for a travel advance shall be \$500.00. A written request for a travel advance must be submitted to the ~~District~~ Accounting Department at least five (5) days but not more than thirty (30) days prior to the date of travel. Any excess reimbursement or excess travel advance shall be returned within one hundred twenty (120) days after the expense was incurred.

It shall be the policy of the District to pay the standard mileage rate allowed by the State of Nebraska Administrative Services Department, pursuant to Section 81-1176, R.R.S., 1943, for those employees required to provide their own vehicles. This mileage shall start from his/her office and end at his/her office except for the case of meetings at the District office during other than regular office hours, at which time a round-trip mileage would be applicable.

TUITION REIMBURSEMENT PROGRAM:

The District will reimburse 75% of the tuition cost of full time employees who enroll in approved courses related to job requirements. Approval of the General Manager is required prior to enrollment and grades of "C" or higher must be achieved in the course.

Reimbursement will be made after the school notifies the District of satisfactory course completion. A maximum of five (5) courses per year is allowed with a maximum of two (2) courses per semester or quarter. Approval for enrollment will be granted only to employees who have completed at least six months of employment with the District prior to requesting such approval.

PROFESSIONAL ORGANIZATION MEMBERSHIP: The District encourages participation by employees in professional organizations and societies. The District will pay the annual membership fee for one professional organization/society membership for each employee if the employee requests. The organization selected must be approved by the General Manager and related to the employee's job responsibilities.

EMPLOYEE RECOGNITION PROGRAM:

Each full or part-time District employee with 5 years of continuous employment will receive a certificate of appreciation and a \$50.00 check recognizing their service to the District. Following 10 years of continuous employment a \$100.00 check will be awarded; after 15 years a \$150.00 check will be awarded; after 20 years a \$200.00 check will be awarded; after 25 years a \$200.00 check and 1 day of vacation leave (vacation leave to be taken the following calendar year) will be awarded; after 30 years a \$200.00 check and 2 days of vacation leave (vacation leave to be taken the following calendar year) will be awarded; after 35 years a \$200.00 check and 3 days of vacation leave (vacation leave to be taken the following calendar year) will be awarded; and, after 40 years a \$200.00 check and 4 days of vacation leave (vacation leave to be taken the following calendar year) will be awarded.

In addition to the certificate and the monetary award, the names of employees recognized for five, ten, fifteen, twenty, etc., years of service will be noted on a plaque to be displayed in the headquarters office of the District.

Temporary employees are not eligible to participate in this program.

EMPLOYEE WELLNESS PROGRAM:

The District encourages employees to practice healthy lifestyles and sponsors a wellness program. A wellness committee, designated by the General Manager, will develop and distribute information materials and will organize activities and workshops with speakers on various topics, such as nutrition, exercise, etc., which normally will be held in conjunction with District All Employee Meetings.

As a part of the Wellness Program, the District will reimburse participating employees 50% of the monthly individual membership cost, up to \$25.00 per month, in a health club, based on active participation on the employees' own time.

EMPLOYEE ASSISTANCE PROGRAM (EAP):

The District has contracted with the Best Care Employee Assistance Program (EAP) to provide short-term counseling services designed to help employees and their families work through issues in their work and personal lives. EAP counselors typically provide assessment, support, and, if needed, referrals to additional resources. The issues for which the EAP provides support vary, but examples include substance abuse, emotional distress, major life events (including births, accidents and deaths), health care concerns, financial or legal concerns, and family/personal relationship issues. The EAP's services are confidential.

The majority of the EAP's services are free. If a referral is to another resource, there may be a cost involved. The District's health insurance program may pay for a portion of costs associated with advanced counseling by a licensed professional.

At times, personal difficulties may affect an employee's work performance. The District's administration is not trained in counseling, so may refer an employee to the EAP for support. If the District refers an employee to EAP as a condition of employment, only the District's administration will have knowledge of the particular service used.

To inquire about services EAP provides, or to schedule an appointment, call 402-354-8000. You can also contact the Administrative Coordinator for further information.

VOLUNTEER TIME OFF POLICY:

The purpose of the District's Volunteer Time Off (VTO) policy is to support activities that enhance and serve communities in which we live and work and the issues that impact quality of life. The intention is to participate in giving back and supporting the community and to allow the employees of the District to share in that effort. At the same time, the District recognizes that participating in these sorts of activities enriches the lives of its employees. Community is not defined as just local community but may encompass the global community.

Employees can donate up to 4 hours per month toward a 501c3 charitable organization, in accordance with the District's giving and volunteering guidelines. More than one organization may be chosen.

This donated time, up to 4 hours per month, will be treated like paid time off. The pay rate will be the employee's current base salary on the day(s) the time is taken and will be coded ~~as 900-55-Other Leave~~ (Volunteer) Leave.

This time is refreshed at the beginning of each calendar year, unless the program is amended or discontinued, and does not accrue from year to year. Usage of this time or lack thereof does not affect vacation accrual or sick leave usage. Because this time may only be used for approved volunteer activities during employment with the District, any unused time is not paid upon separation of employment.

All full time regular employees of the Papio NRD are eligible to participate in this program. There is no minimum service requirement for participation in this program. Employees can choose a charity of their choice or work together with other employees of Papio NRD on a team effort.

An employee is ineligible to participate in the Program, if:

1. The Program is discontinued. The District reserves the right to amend or terminate this program at any time without prior notice.
2. The District also reserves the right to revoke approval if it is felt that the employee is misusing the Program.

Employees must fill out the VTO Request Form and submit it to their manager at least one week before the requested time off. The manager should then get approval with the Wellness Coordinator as well. Approval is at the discretion of the employee's manager and the Wellness Coordinator. Following the time volunteered, each employee needs to have the VTO Follow-Up Form completed by the organization's supervisor and return this to the Wellness Coordinator. If this form is not returned, the VTO will not be granted.

District sponsored VTO may not be used for organizations that discriminate based on sex, race, religion, national origin, age, color, marital status, military/Veteran status, genetic information, disability, or any other category protected by law.

Examples of appropriate uses for VTO:

Building a house for Habitat for Humanity

Donating your time at a food bank

Cleaning up the highway or park

Coaching a basketball team of disadvantaged young adults

Participating in Big Brother/Big Sister programs

Inappropriate examples:

Taking a ski vacation and charitably giving ski lessons

Coaching your kid's basketball team

Attending a professional, religious, or personal interest conference

Employee Suggestion Program:

Policy

The Employee Suggestion Program (ESP) encourages all employees to develop suggestions that improve the performance and quality of their work while achieving the objectives of the Papio-Missouri River NRD. Those suggestions that identify specific problems and propose suitable solutions to enhance the efficiency and effectiveness of the Papio-Missouri River NRD through increased productivity, reduced costs, improved and safer working conditions, conservation of resources and improved public services are considered

Eligibility

All District employees (part time, full time or temporary) are eligible to receive awards with the exception of: General Manager, Assistant General Manager and elected officials of the District.

Procedures

Suggestions must be submitted in writing to the General Manager. The General Manager will conduct a detailed investigation and evaluation of the suggestion, and then make a recommendation to the Suggestion Award Board regarding eligibility, implementation and award structure. If the suggestion is not adopted by the Suggestion Award Board, a written notification will be sent to the employee. If the suggestion is adopted by the Suggestion Award Board, a determination will be made as to the amount of the award and sent to the employee. The Suggestion Award Board shall make the final decision as to whether the suggestion is to be adopted within the District.

Group suggestions may be eligible when submitted by more than one employee and if the suggestion is adopted, the award will be prorated evenly among the eligible employees. A suggestion will not be considered a group effort unless signed by all parties concerned.

Exclusions

Suggestions that cannot be considered include the following:

- Suggestions that would normally be expected in the performance of the employee's job or those that the employee can implement without higher-level approval.
- Suggestions that do not include a solution or plan for improvement.
- Suggestions that result from assigned audits, surveys, reviews or research.
- Suggestions that concern proposals that management can document as already under active consideration.
- Suggestions that duplicate another suggestion under consideration or for which an award previously has been granted.
- Suggestions that propose changes to salaries, benefits or employment classifications.
- Suggestions that are already enforced by existing laws or regulations.
- Suggestions that pertain to complaints or grievances open or closed.

Suggestion Award Board

The Suggestion Award Board shall be composed of the General Manager, Assistant General Manager, Board of Directors Chairman and Board of Directors Treasurer. The Suggestion Award Board shall govern the rules and regulations of the program, determine the eligibility of suggestions, determine the amount of the award for each adopted suggestion and at its discretion, determine when an award will be paid to the employee.

Award

A one-time payment of 10 percent of the first year's dollar cost savings is to be awarded for suggestions which are adopted and implemented. [Example, first years cost savings is \$4,000.00; minus cost of implementation of \$500.00; award is based on \$3,500.00 @ 10% = \$350.00]. Awards will begin with a minimum of \$25.00 and end with a maximum cash award of \$3,000.00. State and federal taxes laws will be withheld from awards. The decisions of the Suggestion Award Board are final and binding. This includes all questions of policy, procedure, entitlement to an award and the nature and amount, if any, of such award.

Rights

The employee has the sole right to: 1) Receive an award subject to the provisions of the Employee Suggestion Program; 2) Anonymity, for all non-adopted or rejected suggestions; 3) Appeal to the Suggestion Award Board if a suggestion has been declared ineligible or rejected.

The District has the right to use a suggestion in any form or modification it deems appropriate without making any payment except for an award determined by the Suggestion Award Board. All submitted suggestions become property of the District, whether adopted or not. The District has the right to make public all employee identities that are granted an award under the Employee Suggestion Program.

GENERAL WORK REGULATIONS

All employees are expected as a continuing condition of employment to comply with all personnel policies, general work regulations, safety regulations, and other District policies, to display respect for their coworkers, to accept and carry out reasonable job assignments, to refrain from insubordination, carelessness, mishandling of District property, repeated absenteeism and tardiness, and to avoid any other conduct which is disruptive or adverse to the best interests of the District. Whenever an employee fails to do so, appropriate corrective action may be imposed. The nature of corrective action will be determined in the discretion of the supervisor, department head, and/or General Manager, depending on the circumstances, the employee's prior work record and conduct, and the manner in which similar problems have been treated in the past. Corrective action may include a verbal or written warning, suspension without pay, probation, discharge, or other appropriate action. Whenever possible, corrective action will be designed to assist the employee in improving his or her performance or conduct, and not to be punitive in nature, but severe action may be taken without prior warning when deemed necessary.

The three basic steps in the progressive disciplinary process are set forth below. However, this progressive disciplinary policy is not mandatory, and is provided as a guideline ONLY. One or more steps may be skipped or repeated, or other corrective action may be taken at the discretion of the district management and based on all of the facts and circumstances in each individual case. Furthermore, the same rule need not be violated in order to progress through the disciplinary procedure.

- 1. First offense: a verbal reprimand from their supervisor.*
- 2. Second offense: a written notice may be issued.*
- 3. Third offense: further disciplinary action and/or dismissal.*

The following are some of the general work regulations which all employees are responsible to abide by, in addition to the general personnel policies, safety rules and other District policies. This list is not exhaustive.

CONDUCT AND COURTESY: Consideration for the rights of others requires that each employee conduct himself/herself in a respectable and orderly manner. The District's effectiveness is helped greatly by the high degree of courtesy and willing service shown by employees in their dealings with the general public and coworkers.

HONESTY: Honesty is expected of each employee in dealing with the District, the District's property, and their coworkers. Falsification of District records, or theft from the District or from coworkers will result in dismissal.

DRUGS AND ALCOHOLIC BEVERAGES: See Employee Handbook Attachment 1 – Drug-Free and Alcohol-Free Workplace Policy, adopted by the District's Board of Directors on June 12, 1990.

SOLICITATIONS: The District prohibits solicitations for sales, membership in organizations and other causes, or distribution of materials for outside interests. Accordingly, solicitation or distribution by employees is not permitted when either the employee doing the soliciting or distributing, or the employee being solicited or receiving materials, is on working time. In addition, solicitations or distribution of materials by non-employees is not permitted at any time in any part of District premises which is accessible only to employees and is not open to the public.

SMOKING AND TOBACCO USE:

The use of tobacco products is prohibited in all District buildings, vehicles, and motorized equipment with cabs. Additionally, the use of tobacco products is prohibited within a reasonable distance outside the entrances to and air intakes and operable windows of District buildings, and at such other locations as provided by laws or government regulations. Contractors, vendors, suppliers, and visitors are expected to comply with this policy.

For purposes of this policy, "use of tobacco products" means the smoking of, or carrying in one's hand or mouth, any kind of cigarette, electronic cigarette, cigar, or pipe, or any other smoking or vaping equipment or material, or the use of smokeless tobacco ("chew") or snuff.

Special or additional work breaks will not be given for the use of tobacco products. Employees may use normal work breaks for this purpose.

TRESPASSING: Employees shall enter District property or work areas only when they are here on specific business or during working hours. This policy shall not prohibit employees from enjoying public-access areas of the District on the same basis as other members of the public.

TELEPHONE CALLS: The District's telephones (both landlines and cellular telephones) are for business purposes; therefore, all employees are requested to use discretion in the use of these telephones for personal calls, which should be kept to a minimum during work hours. When driving a District vehicle, or a personal vehicle on District business, be aware that you should never be reading or sending text messages or e-mails due to safety and insurance issues. You should also limit talking on a cellular phone while driving a District vehicle or a personal vehicle on District business. If you must talk, you should use a hands-free device or safely pull the vehicle into a parking area or the side of the road.

For further details, please see the "Cellular Telephone Policy" in the District's Safety Manual.

VISITORS: The District requests that you do not have personal visitors or conduct personal business during working hours, nor should anyone accompany District employees on District business unless appropriate to completion of the task.

ATTIRE:

Clothing should be appropriate to the demands of the individual job.

From time-to-time the District may provide to employees and Directors certain items of clothing which bears the District's logo. This clothing (such as shirts, windbreakers, sweatshirts, etc.) is provided to employees and Directors to identify them as District representatives when dealing with the public. Employees are required to pay the taxes on the fair market value of any such item, other than safety-related attire.

The District may also provide items of apparel (or an expense allowance) for its employees' personal protective clothing, such as steel-toed boots. Personal protective equipment is likewise not considered to be a taxable fringe benefit.

NEPOTISM POLICY:

The District shall not hire more than one full-time, part-time or temporary employee from any family on a District-wide basis. Family is defined as any blood relative, spouse or in-law to include: husband, wife, parent, grandparent, brother, sister, aunt, uncle, niece, nephew, mother-in-law, father-in-law, brother-in-law and sister-in-law.

If two employees within the District marry, one of the employees must leave the employment of the District. The individuals marrying shall have the opportunity to decide which one shall leave. If the individuals do not determine which employee shall leave, the District will make the decision.

No District Directors' family shall be hired for a full-time, part-time or temporary position during the term of said elected office. However, this would not include relatives who were hired prior to the District Director's term.

USE OF DISTRICT PROPERTY: Employees may not use the District's tools, vehicles, equipment and supplies other than for the business of the District. Personal use of such items is prohibited.

EQUAL OPPORTUNITY:

The District declares and reaffirms a policy of equal employment opportunity, affirmative action in employment, and non-discrimination in the provision of all of its services to the public.

Equal Employment Opportunity: The District will make all decisions regarding recruitment, hiring, promotions, and all other terms and conditions of employment, without discrimination on the basis of race, religion, national origin, sex, age, color, marital status, military/veteran status, genetic information, disability (so long as the person can perform the essential functions of the job with or without reasonable accommodation), or any other category protected by federal, state, or local law.

Non-discrimination in Services to the Public: The District reaffirms its policy of non-discrimination on the basis of minority status, sex or other illegal grounds, in the provision of all services to members of the public.

AFFIRMATIVE ACTION: The Papio-Missouri River NRD is an Equal Employment/Affirmative Action employer, meaning that it is committed to providing equal

employment opportunity to all applicants and employees, regardless of their race, color, gender, religion, national origin, and disabled or veteran status. Specifically, the NRD is required to comply with the requirements of Executive Order 11246, as amended, related to affirmative action; Section 503 of the Rehabilitation Act and the Americans with Disabilities Act, covering the employment of the disabled; and Section 402 of the Vietnam Era Readjustment Assistance Act of 1974, covering the employment of veterans. As part of these obligations, the NRD is required to monitor and analyze its employment practices to ensure equal employment opportunity for all individuals, regardless of their membership in any protected class. Should you have any concerns or suggestions on how to better promote equal employment opportunity, please contact the General Manager or Administrative Coordinator.

CONFLICT OF INTEREST: No employee shall use his or her job or position or any confidential information received through his or her job or position to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which the individual is associated; nor shall such employee use personnel, resources, property, or funds under that individual's official care and control, other than in accordance with prescribed constitutional, statutory and regulatory procedures, or use such items, other than compensation provided by law, for personal financial gain. (Source: Neb.Rev.Stat. 49-14, 103 (3) and (4)).

GIFTS OR GRATUITIES: No employee will solicit or accept anything of value including a gift, loan, contribution, reward or promise of future employment, based on an agreement that the official action or judgment of the employee would or could be influenced thereby. (Source: Neb. Rev. Stat. 49-14, 101 (2)).

E-MAIL, INTERNET, AND ELECTRONIC COMMUNICATIONS SYSTEMS:

The term "electronic communications systems" refers to all computers (and related equipment and data), electronic messaging, and communication systems and services maintained by the District and used by employees from any location, including but not limited to e-mail, internet services, voice mail, and cellular telephones. The term "internet" or "internet services" refers to all services subscribed to or maintained by the District to connect with or communicate through the internet and accessed or used by employees from any location. (For the purposes of this policy, "employees" shall mean employees and other authorized persons.)

The electronic communications systems and all information created, sent, received, accessed, or stored on them are the property of the District. The electronic communications systems are to be used primarily to conduct business of the District. Reasonable personal use of such systems is permitted but must not interfere with an employee's productivity.

Employees should assume that any communications that they create, send, receive, or store on the District's electronic communications systems may be read or heard by the District's representatives and someone other than the intended recipient. Employees do not have personal privacy rights, and should not expect privacy, with respect to their use of the electronic communications systems (including their e-mail messages, internet usage, telephone calls, and voice mail). The Board and the General Manager reserve the right to authorize the Information Technology Administrator, or any other authorized person, to monitor, access, and retrieve an employee's use of the District's electronic communications systems, including any electronic

communications, for any purpose not prohibited by law, and if advisable, to disclose the same to law enforcement officials or other third parties.

~~Employees will assign their own password and will update this password on a semi-annual basis.~~ Employees will assign their own password. Passwords are not required to be changed, but employees are responsible for updating them in the event their password is compromised. Passwords should follow industry standards with regards to complexity and strength. Employees may not, without authorization, use or disclose someone else's password or give their own password to someone else. Passwords and other security devices are for the protection of the District, not the user, and the use of passwords shall not create any expectation of privacy in an employee's use of the District's electronic communication systems.

Electronic communications may not contain content that a reasonable person would consider to be defamatory, offensive, harassing, discriminatory, disruptive, or derogatory.

With the use of the internet, employees may not upload, download, or otherwise transmit copyrighted, trademarked, or patented material; or other confidential, private or proprietary information or materials in violation of any legal constraints. Employees may not use the District's electronic communication systems to gain unauthorized access to remote computers or other systems, or to damage, alter, or disrupt such computers or systems in any way, and may not access or display any websites or other materials containing any text, images or other material which would generally be considered pornographic, sexually explicit, hateful, or otherwise offensive or inappropriate to a place of business.

Personal use of the internet should be limited to breaks, lunch and other non-working time.

Non-exempt/hourly employees who are not working and are not on call are not required to review or respond to the District's electronic communications of any type, including e-mail and text messages. Remote access for non-exempt/hourly employees is for the employees' primary benefit, and not for that of the District. Non-exempt/hourly employees are not granted permission to work remotely simply because they have remote access. Permission from the employee's supervisor must be obtained before using remote access to perform any work. Non-exempt/hourly employees approved to use remote access to perform work must document their working time and submit it on a weekly basis for payment. It is the responsibility of employees with remote access privileges to the District's electronic communications systems to ensure that their remote access connection is given the same considerations as their on-site connections. Users should never leave the computer or other device they are using for remote access unattended while connected to the District's electronic communications systems.

Violations of this policy may result in disciplinary action, or if necessary, termination.

SOCIAL MEDIA:

In the rapidly expanding-world of electronic communication, social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the Internet, including to your own or someone else's web log or blog, journal or diary, personal web site, social networking or affinity web site, web bulletin board or a chat room, whether or not associated or affiliated with the District, as well as any other form of electronic communication.

The same principles and guidelines found in the District's policies and guiding principles apply to your activities online. Ultimately, you are solely responsible for what you post online. Before creating online content, consider some of the risks and rewards that are involved. Keep in mind that any of your conduct that adversely affects your job performance, the performance of fellow employees or otherwise adversely affects employees, suppliers, people who work on behalf of the District or the District's legitimate interests may result in disciplinary action up to and including termination.

Know and Follow the Rules

Carefully read these guidelines and the District's other policies (including the Conduct/Courtesy, Honesty, Harassment and Discrimination, Equal Opportunity, and Conflict of Interest policies), and ensure your postings are consistent with these policies. Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may subject you to disciplinary action up to and including termination.

Be Respectful

Always be fair and courteous to fellow employees, suppliers, and people who work on behalf of the District. Also, keep in mind that you are more likely to resolve work-related complaints by speaking directly with your co-workers or by utilizing our grievance procedures than by posting complaints to a social media outlet. Nevertheless, if you decide to post complaints or criticism, avoid using statements, photographs, video or audio that reasonably could be viewed as malicious, obscene, threatening or intimidating, that disparage employees, suppliers, or others associated with the District, or that might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of sex, race, religion, national origin, age, color, marital status, military/veteran status, genetic information, disability, or any other category protected by law.

Be Honest and Accurate

Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Be open about any previous posts you have altered. Remember that the Internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that you know to be false about the District, fellow employees, customers, suppliers, and people working on behalf of the District.

Post Only Appropriate and Respectful Content

Maintain the confidentiality of the District's private or confidential information. Do not post internal reports, policies, procedures or other internal business-related confidential communications. Do not create a link from your blog, website or other social networking site to a District website without identifying yourself as a District employee.

Express only your personal opinions. Never represent yourself as a spokesperson for the District. If the District is a subject of the content you are creating, be clear and open about the fact that you are an employee and make it clear that your views do not represent those of the District, fellow employees, suppliers, or people working on behalf of the District. If you do publish a blog

or post online related to the work you do or subjects associated with the District, make it clear that you are not speaking on behalf of the District. It is best to include a disclaimer such as “The postings on this site are my own and do not necessarily reflect the views of the Papio-Missouri River Natural Resources District.”

MEDIA INQUIRIES

Employees should not speak to the media on the District’s behalf without management’s express permission. All media inquiries should be directed to the ~~General Manager~~ **Public Relations/Education Programs Manager** or to the **General Manager** in their absence.

WORKPLACE VIOLENCE:

It is the District’s policy to promote a safe environment for its employees. The District is committed to working with its employees to maintain a work environment free from violence, threats of violence, harassment, intimidation and other disruptive behavior.

Violence, threats, harassment, intimidation and other disruptive behavior in our workplace will not be tolerated. All reports of incidents will be taken seriously and will be dealt with appropriately. Such behavior can include oral or written statements, gestures or expressions that communicate a direct or indirect threat of physical harm. Individuals who commit such acts may be removed from the premises and may be subject to disciplinary action, criminal penalties or both.

Employees’ cooperation is needed to implement this policy effectively and to maintain a safe working environment. If you observe or experience violent, threatening, harassing, intimidating or other disruptive behavior by anyone on District premises or at a work location, report it immediately to a supervisor or to the General Manager. Supervisors who receive such reports should seek advice from the General Manager regarding investigating the incident and initiating appropriate action.

Threats or assaults that require immediate attention by law enforcement (police, sheriff, etc.) should be reported to the General Manager and to the following:

Natural Resources Center	Sarpy County Dispatch	593-4111
O&M Shop	Sarpy County Dispatch	593.4111
Blair Field Office	Police	911
Tekamah Field Office	Burt County Sheriff	374-2900
Walthill Field Office	Thurston Co. Sheriff	385-3018 or 911
Walthill O&M Shop	Thurston Co. Sheriff	385-3018 or 911
Dakota City Field Office	Emergency Police and Fire	911
	Local Police	494-7512
	Local Fire	494-7555

SAFETY RULES - ACCIDENT PREVENTION

The District is proud of its safety record and wants to continue to make working conditions as safe as possible. All employees are expected to follow common sense safety practices to protect themselves and others from injury. In order to insure the safety of employees, a comprehensive safety program is in effect. See the District's "Safety Manual," which is attached hereto. Protective equipment, as prescribed by the District, must be worn, and the District's safety policies, rules, and procedures, including those regarding the reporting of workplace injuries and accidents, must be followed. If you observe an unsafe condition or hazard, please bring this to the attention of your supervisor immediately. Additionally, report all accidents and injuries to your supervisor and our Safety Committee Coordinator, regardless of how small it might be, as soon as possible, but in any event not later than 24 hours after the occurrence.

EMPLOYEE VERIFICATION & ACKNOWLEDGEMENT FORM

I have received and reviewed a copy of the District's 2020~~19~~ Employee Handbook, which includes the District's Drug-Free and Alcohol-Free Workplace Policy (Attachment 1). I further acknowledge my receipt and understanding of the Papio-Missouri River NRD Safety Manual (Appendix J to the District's Policy Manual), and the Papio-Missouri River NRD Family and Medical Leave and Family Military Leave Policy (Appendix V to the District's Policy Manual).

I understand all of its rules, policies, terms and conditions, and agree to abide by them, realizing that failure to do so may result in disciplinary action up to and including termination of employment. I understand that I should consult the Administrative Coordinator regarding any questions not answered in this Handbook. I also understand that this Handbook supersedes all previous inconsistent written and unwritten policies, and any previous handbooks.

I understand and agree that my employment is terminable-at-will, so that both the District and I remain free to choose to end our work relationship for any lawful reason or no reason, at any time. I understand and agree that nothing in this Handbook in any way creates an expressed or implied contract of employment between the District and me, but rather is intended to foster a better working atmosphere while the employee/employer's relationship exists. I understand that no District representative has the authority to make any promise or agreement which is inconsistent with this Employee Handbook or any of the District's policies, rules, or procedures without the express, written approval of the General Manager. I also understand that no manager, supervisor, or other representative of the District has the authority to enter into any agreement contrary to this Handbook or for employment for any specified time, and any such agreement or terms are unenforceable unless they are in a writing signed by the Employee, the General Manager, and the Administrative Coordinator.

I understand that the District will monitor my computer files, Internet activity, e-mail messages and voice mail messages for various reasons. The District will disclose such activity and messages to a third party without my consent when it deems such action necessary. I consent to the District's monitoring of my computer files, e-mail transmissions, voice mail messages and Internet activity.

I understand that the District may revise, supplement, modify, interpret, or rescind any policies or portions of this Handbook, as it deems appropriate, in its sole and absolute discretion, with or without prior notice.

Papio-Missouri River NRD

Drug-Free and Alcohol-Free Workplace Policy

PAPIO-MISSOURI RIVER NATURAL RESOURCES DISTRICT DRUG-FREE AND ALCOHOL-FREE WORKPLACE POLICY

PURPOSE

Alcohol or drug abuse by employees of the Papiro-Missouri NRD, whether on or off the job, presents a variety of unacceptable risks, including:

The risk of personal injury to coworkers or members of the public, from accidents caused by an individual who is under the influence of alcohol or drugs.

The risk of harm to the District through reduced productivity, increased absenteeism, damage to District property, or damage to the District's reputation and to the public trust and confidence which has been placed in the District and its employees.

The risk of physical, mental, emotional, and economic harm to the employee who is abusing drugs or alcohol, and to his or her family or friends.

The risk of harm to the community and to the public we serve through any behavior which contributed to drug and alcohol abuse, one of the greatest threats to our society.

As a public entity and a responsible employer, the Papiro-Missouri NRD must take steps to help reduce drug and alcohol abuse in our community, to prevent abuse by its employees affecting District property or operations, and to maintain a drug-free and alcohol-free workplace in the interest of safety and efficiency for all concerned. For these reasons, the District hereby establishes and commits itself to enforcement of the policies and procedures set forth below.

GENERAL POLICY — ALL EMPLOYEES

COVERAGE:

Parts I, II and III of this policy shall apply to all employees for the Papiro-Missouri NRD and to all applicants for employment. Part IV of this policy sets forth additional requirements for drug and alcohol testing of those employees who, as a requirement of their position with the District, operate a commercial motor vehicle and are subject to commercial driver's license requirements. All employees must as a condition of employment abide by the terms of this policy. This policy replaces and supersedes to the extent they are inconsistent with this policy, other District policies including those covering Drugs and Alcoholic Beverages, and Disciplinary Procedures.

CORRECTIVE ACTION:

Violation of any part of this policy may result in any corrective action appropriate to the circumstances, notwithstanding any other provision of the District's policies or Employee Handbook. Depending on the circumstances, appropriate action may include, without limitation, termination from employment, suspension, warning, probation, or any lesser sanction: referral to EAP or another source for chemical dependency evaluation and/or treatment as a condition of

continuing employment; reassignment, supervision, or limitation of responsibilities; or other action deemed to be commensurate with the problem.

RULES AND REGULATIONS:

Use or Possession at Work. The use or possession of alcoholic beverages or illegal drugs, and the unlawful manufacture, distribution, dispensing, possession, or use of alcohol or illegal drugs, while on District property, in District vehicles, or on the job or performing District business, is prohibited.

Intoxication/Impairment. Appearing for work or performing any job duties or District business while intoxicated or impaired by alcohol or illegal drugs is prohibited. Employees who are believed to be intoxicated or impaired on the job may, in addition to any other appropriate action, be suspended or reassigned for safety reasons while the situation is evaluated.

Off-Duty Use. The use of alcohol off duty and off premises in any manner which results in intoxication or impairment on the job, which adversely affects attendance or job performance, or which otherwise adversely reflects on the District is prohibited. The use of illegal drugs, whether on or off duty and whether on or off premises, is prohibited under all circumstances.

Legal Drugs: Notification. The use of legal drugs (over the counter or prescription medications) in accordance with doctor's orders and manufacturer's recommendations is not prohibited. Excessive use or abuse of such drugs shall be considered to be the same as use of illegal drugs under this policy. If use of legal drugs in accordance with doctor's orders and manufacturer's recommendations may impair the employee's ability to safely and effectively perform his or her job, the employee must so notify his or her supervisors in advance, so that any necessary arrangements can be made to assure the safety and productivity of all employees. Employees may be required at any time to provide documentation of the nature and safety of any legal drugs currently being used. The District reserves the right, in its sole discretion, to require any employee to refrain from working while possibly under the influence of any drug or medication.

Drug Convictions. Any employee who is convicted of any criminal drug violation or of driving while intoxicated, must so notify his or her supervisor within five (5) days after the conviction.

Consent. All employees are required to consent, upon request, to drug and/or alcohol testing in accordance with this policy and to the release of test results to the District. Refusal to consent to such testing, to consent to the release of test results, or to otherwise fully cooperate with the testing process, may result in corrective action.

Management Discretion. Nothing contained in this policy shall require the District to obtain drug or alcohol testing before imposing corrective action in any circumstance, if testing is not needed or desired in the District's sole discretion; or prevent the District from imposing corrective action in its sole discretion for any

other infraction, regardless of whether or not drugs or alcohol are involved. The District reserves the right to require that any employee demonstrate current fitness for duty satisfactory to the District in its sole discretion, as a condition of returning to work or remaining at work. This policy, as with all District policies, is subject to management discretion in its interpretation and enforcement.

DRUG AND ALCOHOL TESTING:

Testing of blood and/or urine for the presence of alcohol and/or drugs will be conducted at District expense, in the following circumstances:

Pre-Employment Drug Testing. All applicants for employment who have been conditionally selected for hire will submit to drug testing, as part of the normal pre-employment physical, prior to confirmation of their appointment. Refusal to submit to the test, or testing positive, will disqualify the applicant from employment. If an applicant who is disqualified for this reason later re-applies for employment, the applicant will not be eligible for consideration for employment unless he or she can demonstrate successful completion of a bona fide drug rehabilitation program, including complete abstinence from drug abuse, and meets all other qualifications and conditions for employment including successfully passing another pre-employment drug test.

Post-Accident/Reasonable Cause. An employee involved in a serious job-related accident may be required to submit to testing if there is reason to believe that the employee was intoxicated or impaired by drugs or alcohol at the time of the accident. Continued employment with the District following adoption of this policy shall constitute the employee's consent to testing under these circumstances. For purposes of this section, the following definitions shall apply:

A serious job-related accident shall include any accidental or intentional incident on the job, on District premises, or involving District property, which results in damage to District property, in personal injury requiring medical attention, or in a substantial delay in work or production.

The determination of whether or not there is reason to believe that the employee was intoxicated or impaired by drugs or alcohol at the time of the accident may be based on any facts or circumstances which reasonably support the conclusion, including the following:

Observable phenomena, such as direct observation of drug or alcohol use or possession, detection of an odor of alcohol on or around the employee, and/or observation of physical symptoms of intoxication or impairment such as slurred speech, staggered walk, erratic behavior, irrational statements, and so forth.

Extraordinary circumstances surrounding the accident which are difficult to explain other than as the result of the impairment of the employee's normal faculties.

Information provided by a coworker or other third party which is independently corroborated or which appears to be provided in good faith and is consistent with the other facts of the situation.

A supervisor shall transport the employee to the testing site or make other arrangements for testing as soon as possible after the accident and the determination to require a test, and preferably no more than two (2) hours after the accident. If the employee is seriously injured and cannot provide the blood or urine sample necessary for testing, the employee shall provide all necessary authorizations for his or her doctor/hospital to release to District management all medical or hospital records related to the accident.

Refusal to comply with a request for testing or records shall be treated the same as if the employee tested positive.

Follow-Up Monitoring. Any employee may be required to agree to submit to periodic testing as part of an individualized plan of follow-up, after the employee has been disciplined for a violation of this policy or has been required to obtain counseling or treatment for chemical dependency pursuant to this policy. Refusal shall be treated the same as if the employee tested positive.

REHABILITATION:

Employees who have a drug or alcohol related problem will be encouraged and assisted to obtain appropriate treatment whenever reasonably possible, but neither this philosophy nor the availability of treatment will excuse violation of the District's policies or rules, or necessarily lessen the corrective action taken. All employees should obtain help before their personal problem interferes with their work or leads to a violation of District rules. Employees are strongly encouraged to utilize the Employee Assistant Program for this purpose.

An employee may be required, as a condition of continued employment, to undergo a qualified professional assessment for chemical dependency whenever it is determined that the employee has violated this policy, or whenever there is reason to believe that the employee suffers from an alcohol or drug problem which requires intervention to prevent a serious job-related problem from occurring, and to follow through with any treatment recommended by the professional(s) conducting the assessment. The employee shall authorize the assessment and treatment providers to inform the District of the employee's diagnosis and treatment status. Eligibility to continue or to resume work, and any special conditions on the employee's work, shall be determined on a case-by-case basis to balance the individual's rehabilitation program which the District's interest in safety and operational efficiency, considering all relevant circumstances including without limitation the following:

The expressed desires of the employee.

The nature and success of the employee's treatment and after-care plan, including the employee's ability to function independently and to handle the responsibilities of his or her position.

The nature of the employee's prior position, and other appropriate positions for which there are openings, including the extent of responsibilities, decision-making and stress levels, impact on safety issues, and so forth.

The recommendations of the employee's treatment providers and supervisors. Treatment costs shall be the responsibility of the employee or his/her health insurance.

AWARENESS/EDUCATIONAL PROGRAMS:

The District will periodically provide educational programs and resources to all employees, to increase their awareness and understanding of the dangers of drug and alcohol abuse, the District's drug-free and alcohol-free workplace policy, the penalties which may be imposed for violation of this policy, and the availability of the Employee Assistance Program and other helpful resources. Supervisors will receive training on identifying the signs and symptoms of drug and alcohol abuse, and on identifying impairment or intoxication on the job. Employees shall be encouraged, and may be required to attend these programs.

TESTING PROCEDURES

APPROVAL: Drug or alcohol testing of an employee (not an applicant) shall require the approval of the General Manager or Assistant General Manager

TESTING FACILITIES: Testing facilities shall meet any licensure or certification standards imposed by applicable state law and DOT regulations which are applicable. Testing will be conducted under the direction of qualified medical personnel selected by the District. The medical personnel will collect the blood and/or urine sample, arrange for testing by a qualified laboratory, and report test results to the District in accordance with accepted scientific standards and applicable laws and regulations. Testing costs will be paid by the District.

TRANSPORTATION: Applicants will be notified of the time and place for the pre-employment health examination, including drug and alcohol testing, and will be responsible for their own transportation and arrangements to complete the examination. Employees who are being tested based on reason to believe they are impaired or intoxicated shall be transported to the testing site and back to work or home by a supervisor.

RELEASE OF RESULTS: All applicants and employees being tested shall execute written authorizations for the tests, and for release of test results to the District. Refusal to do so shall be considered refusal to submit to the test.

OPPORTUNITY TO EXPLAIN: If the initial screen and confirmatory test are positive, the applicant or employee will be afforded a reasonable opportunity to talk with the medical personnel/medical review officer to explain or rebut the results.

RECORDS: Upon his/her written request, an employee will be allowed to review his/her records kept by the District pursuant to this policy. Confidential files containing test results shall be maintained for five (5) years in a secure location with controlled access. No information regarding the test or the results thereof shall be provided to any other person, orally or in

writing, without the applicant's or employee's approval, except for those District employees or agents with a legitimate need for the information in the performance of their responsibilities, or as otherwise provided by law.

TAMPERING OR FALSIFICATION: Any employee who knowingly tampers with or falsifies, or knowingly assists or aids another in tampering with or falsifying, any test sample or test results, or who knowingly violates the confidentiality of any test information, shall be subject to immediate and severe corrective action.

POSITIVE TEST: For purposes of this policy, a blood/alcohol level of .02 or greater will constitute a positive test result. The presence of any amount of an illegal drug as determined in accordance with the cutoff levels established by the District and/or the testing facility, will be deemed a positive test.

NOTIFICATION OF RESULTS: The District will notify an applicant of the results of his/her pre-employment drug test if the applicant requests such results within 60 days of being notified of the disposition of the employment application. The District will notify employees of their test results, both positive and negative, and, if positive, will notify employees of the specific drug(s) found.

DEPARTMENT OF TRANSPORTATION (DOT)
TESTING-COMMERCIAL DRIVERS

IN ADDITION TO PARTS I, II AND III OF THIS POLICY, drivers (as defined below) shall be governed by the following provisions, and by any other applicable provisions of DOT regulations. These provisions shall control if they conflict in any way with the provisions of Parts I, II and III of this policy governing all employees.

DEFINITIONS:

Alcohol. The intoxicating agent in beverage alcohol, ethyl alcohol or other low molecular weight alcohols including methyl and isopropyl alcohol.

Driver. Any person whose job description required him or her to possess a valid commercial driver's license.

Drug. Those controlled substances set forth in the Regulations, including marijuana, cocaine, opiates, amphetamines and phencyclidine (PCP).

Refuse to Submit. When an employee fails to provide adequate breath for alcohol testing, without valid medical explanation, or fails to provide an adequate urine sample for drug testing, without genuine inability to provide a specimen, when he or she has received notice that he or she must take an alcohol and/or drug test pursuant to this policy, or when the employee engages in conduct that clearly obstructs the testing process.

Regulations. Those regulations found at 49 C.F.R. Part 40 and 49 C.F.R. Part 381, as from time to time amended.

Safety-Sensitive Function. All on-duty functions performed from the time a driver begins work or is required to be ready to work until he or she is relieved from work and all responsibility for performing work.

Substance Abuse Professional. A licensed physician (M.D. or Doctor of Osteopathy), or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and drug-related disorders.

ALCOHOL/DRUG PROHIBITIONS:

In addition to the prohibitions set forth in Parts I, II, and III of this policy, drivers are subject to the following prohibitions:

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater.

No driver shall be on duty or operate a commercial motor vehicle while the driver possesses alcohol.

No driver shall use alcohol while performing safety-sensitive functions.

No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.

No driver required to take a post-accident alcohol test shall use alcohol for eight (8) hours following the accident, or until he or she undergoes a post-accident alcohol test, whichever occurs first.

No driver shall refuse to submit to a post-accident, random, reasonable suspicion or follow-up alcohol test.

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any drug, except when the use is pursuant to the instructions of a physician who has advised the driver that the drug does not adversely affect the driver's ability to safely operate a commercial motor vehicle.

No driver shall report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive for drugs.

REQUIRED DRUG AND ALCOHOL TESTING:

In addition to those testing requirements set forth in Part II of this policy, drivers are subject to the following drug and/or alcohol testing under the following conditions. Before performing a drug and/or alcohol test under Part IV of this policy, the District will inform the driver that the test is required by the Regulations. All testing under this Part IV will be conducted in accordance with DOT regulations.

Pre-employment. In addition to the requirements set forth in Part II of this policy, those existing employees who transfer into positions requiring them to possess a commercial driver's license will also be subject to pre-transfer drug testing.

Post-Accident. Alcohol and drug tests will be conducted as soon as practicable, after a driver is in an accident involving his or her use of a commercial motor vehicle:

If the accident occurred while the driver was performing safety-sensitive functions with respect to the vehicle and the accident involved loss of human life; or,

If the driver received a citation under state or local law for a moving traffic violation arising from the accident.

All drivers subject to post-accident testing must remain readily available for testing or will be deemed to have refused to submit to testing. However, a driver shall be allowed to leave the scene of the accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care, provided the driver provides the District with all necessary authorization for the release to the District of medical records related to the accident. Alcohol tests will be performed within eight (8) hours following an accident, and drug tests will be performed within thirty-two (32) hours following an accident. Testing requirements for drivers under this paragraph may be fulfilled by properly administered tests conducted by federal, state and/or local law enforcement officials as long as the test results are provided to the District.

Reasonable Suspicion. Drivers will be subject to drug and/or alcohol testing when the District has reasonable suspicion to believe that the employee's faculties are impaired on the job or that the employee has used or possessed drugs and/or alcohol. The determination of reasonable suspicion will be made by a supervisor or manager who is specifically authorized and trained by the District to make the determination. Reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the appearance, speech or body odors of the employee. The supervisor or manager will document the basis for his or her suspicion within 24 hours of the incident, or before the test results are released if that is sooner. Management's determination of whether reasonable suspicion exists shall be final. The supervisor or manager who makes the determination that reasonable suspicion exists to test for alcohol may not conduct the alcohol test. Reasonable suspicion tests will only be conducted on a driver just before, during, or just after the driver's performance of safety-sensitive functions. Attempts to conduct an alcohol test shall cease eight (8) hours after the determination that reasonable suspicion exists. After a determination of reasonable suspicion of alcohol use, the driver may not return to the performance of a safety-sensitive function until an alcohol test establishes that the driver has an alcohol concentration of less than 0.02 or until twenty-four (24) hours have elapsed since the determination.

Random. All drivers are subject to drug and/or alcohol testing on a random basis at unannounced times spread reasonably throughout the year in accordance with the Regulations. Tests for alcohol will be conducted just before, during, or just after the performance of safety-sensitive functions.

Return-to-duty. Drivers who have violated Part IV of this policy must submit to a return-to-duty drug and/or alcohol test. A driver may not return to the performance of safety-sensitive functions until, in the case of an alcohol test, he or she has an alcohol concentration of less than 0.02 or, in the case of a drug test, the test produces a verified negative result.

Follow-up. Drivers who violate Part IV of this policy and are subsequently identified by a substance abuse professional as needing assistance shall be subject to unannounced, random alcohol and drug testing following their return to duty as required by the substance abuse professional in accordance with the Regulations. Follow-up testing will be performed for a period of one (1) to five (5) years, with a minimum of six (6) tests to be performed during the first year following a driver's return to duty.

CONSEQUENCES OF VIOLATING THIS POLICY:

In addition to those consequences set forth in Part II of this policy (up to and including termination of employment), a driver who violates this policy will be immediately removed from the performance of safety-sensitive functions and may not return to duty to perform safety-sensitive functions until he or she has been evaluated by a substance abuse professional in accordance with this policy and has been administered a return-to-duty test that produces the required result.

A driver who is tested and found to have an alcohol concentration of 0.02 or greater, but less than 0.04, shall not perform or continue to perform safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than twenty-four (24) hours after the test was administered.

Subject to applicable law, the District does not guarantee that a position will be held open for the driver in the event a driver violates this policy and later becomes requalified for his or her position.

REHABILITATION:

A driver who violates Part IV of this policy and whose employment is not terminated, shall be evaluated by a substance abuse professional who will determine what assistance, if any, the driver needs in resolving problems associated with alcohol misuse and/or drug use. Additionally, after such evaluation, the driver is subject to return-to-duty process and follow-up testing as described above. The paragraph does not apply to those individuals who refuse to submit to pre-employment drug testing or those individuals whose pre-employment drug test produces a verified positive result.
