On December 5, 2019 the Subcommittee selected JEO Consulting Group, Inc (JEO) to provide professional services necessary to perform construction stormwater inspection services on behalf of the member agencies of the Southern Sarpy Watershed Partnership. These inspections are required to enforce the codes and regulations adopted by the member agencies to comply with Municipal Separate Storm Sewer System (MS4) requirements under EPA's National Pollutant Discharge Elimination System (NPDES).

JEO will be responsible for providing project management, routine construction site inspections, complaint-based inspections, and preparation of monthly reports on all inspections and actions. This contract is anticipated to cover one year of required inspections. A report will be prepared for inclusion in each community's annual MS4 report. The total fee for this work was negotiated at \$163,590. This project will be covered by the Southern Sarpy Watershed Partnership Fund.

On December 19, 2019 the Southern Sarpy Watershed Partnership reviewed the contract, scope, and fee and voted to approve the expenditure from the Partnership Fund.
