

## MEMORANDUM

TO: Programs, Projects and Operations Subcommittee

FROM: Lori Ann Laster, Stormwater Management Engineer

SUBJECT: Resolution to Adopt the District's Multi-Hazard Mitigation Plan

DATE: January 29, 2021

---

In 2006, the District completed its first multi-jurisdictional Hazard Mitigation Plan (HMP). As a result of the Disaster Mitigation Act of 2000, HMPs are now required in order to be eligible for grant funding from FEMA through the Hazard Mitigation Assistance program. This District frequently utilizes these programs for projects such as floodplain structure acquisitions. Several other communities within the District have also utilized the programs to complete projects such as acquisitions, channel improvements, and power generators for critical facilities.

FEMA requires that the plan be updated every five years. The plan was last updated in 2016. A professional services contract with JEO Consulting Group was approved to assist with the grant application and complete the update of the plan, which must be finished by June 2021. In August 2018, the District successfully applied for a Pre-Disaster Mitigation Grant to begin work on updating the plan.

After the public input period in January 2021, comments received will be addressed and incorporated. Once the District has adopted the plan, it will be submitted to the Nebraska Emergency Management Agency and FEMA for review and approval.

The draft plan can be viewed in its entirety at <https://papiomitigation.org/home/2021hmp/>.

As part of the process to be included in the plan, each community must adopt the following resolution to participate:

**“WHEREAS** the governing body of the Papio Missouri River Natural Resources District recognizes the threat that natural hazards pose to people and property within the District; and

**WHEREAS** the Papio Missouri River Natural Resources District has prepared a multi-hazard, multi-jurisdictional hazard mitigation plan, hereby known as the 2021 Papio Missouri River Natural Resources District Multi-Jurisdictional Hazard Mitigation Plan in accordance with the Disaster Mitigation Act of 2000; and

**WHEREAS** the Papio Missouri River Natural Resources District Multi-Jurisdictional Hazard Mitigation Plan identifies mitigation goals and actions to reduce or eliminate long-term risk to people and property in Papio Missouri River Natural Resources District from the impacts of future hazards and disasters; and

**WHEREAS** adoption by the governing body of Papio Missouri River Natural Resources District demonstrates their commitment to the mitigation of hazards and achieving the goals outlined in the 2021 Papio Missouri River Natural Resources District Multi-Jurisdictional Hazard Mitigation Plan.

**NOW, THEREFORE**, the governing body of Papio Missouri River Natural Resources District, does herewith adopt the 2021 Papio Missouri River Natural Resources District Multi-Jurisdictional Hazard Mitigation Plan Update in its entirety”

**Management recommends that the Subcommittee recommend to the Board of Directors that the proposed 2021 Papio-Missouri River Natural Resources District Multi-Jurisdictional Hazard Mitigation Plan Update resolution be adopted.**
