

MEMORANDUM

To: Programs, Projects and Operations Subcommittee
From: Amanda Grint, Water Resources Engineer
Date: February 4, 2021
Re: Agreement with OPPD for Transmission Line Reroute at WP1

Throughout the design of the WP1 regional detention basin there has been ongoing coordination with OPPD regarding a transmission line that will need to be relocated for construction of the WP1 dam and spillway. The existing transmission line would not be able to span the spillway and the normal pool of the structure so OPPD has provided a plan and estimated cost to relocate the transmission line by installing four single poles and three 3-pole steel structures to reroute the line.

Since the line is currently in a private easement, the District will need to pay for the reroute costs according to the agreement. The District will also provide OPPD with a new easement in the reroute area as part of the WP1 project. Due to system load, OPPD is not able to work between June and September and the most efficient work schedule would be to have the relocation take place prior to a District contractor moving earth for the dam embankment. A proposed agreement, map of the rerouted poles and cost estimate are attached for review. The estimated cost for the work is \$788,701.21.

Staff recommends that the Subcommittee recommend to the Board of Directors that the General Manager be authorized to execute an agreement with Omaha Public Power District to relocate a portion of a transmission line at the WP1 Regional Detention Basin Project for a maximum cost of \$788,701.21, subject to changes deemed necessary by the General Manager.

PAPIO-MISSOURI RIVER NRD

**Papio-Missouri River NRD
Redevelopment Plan OPPD 69KV
Transmission Line 5 Replacement
Project No. A17-1185**

A G R E E M E N T
Papio-Missouri River NRD
OPPD 69KV Transmission Line 8A Replacement

THIS AGREEMENT is made and entered into by and between the Omaha Public Power District hereinafter referred to as the "Utility" and the Papio-Missouri River NRD hereinafter referred to as the "Agency".

WITNESSETH:

WHEREAS, the Papio-Missouri River NRD is in the process of increasing the height of the dam system along certain portions of the Papillion Creek dam Site WP-1 in Douglas County, Nebraska, and adopted documents and instruments that include a Papillion Creek Regional Detention Site WP-1 Improvement Plans ("Improvement Plans").

WHEREAS, the Agency, pursuant to applicable documents and instruments including the Improvement Plan, desires to provide for the **Replacement of Line 5 as shown on the attached drawing**. Said construction will be undertaken under the project designation **Papio- Missouri River NRD — OPPD 69KV Transmission Line Replacement** (the "Project"), and

WHEREAS, preliminary plans and specifications for the Project are presented with this Agreement, and

WHEREAS, the Agency is willing to have the Utility contract and remove and replace electrical facilities as part of the Agency's Project, subject to the terms of this Agreement.

NOW THEREFORE, in consideration of the foregoing recitals and the promises and covenants herein, the parties hereto agree as follows:

SECTION 1. The Utility has designed a transmission facility and system to be constructed by the Utility or Utility's contractor for the Project according to the Utility's specifications and as set forth in the Project plans and specifications.

The Utility's engineering department has estimated the cost to remove OPPD facilities to be **\$788,701.21**

Development, finalization, or modifications of any plans or specifications, scheduling and completion of the work, and processing of applications for payment shall be subject to approval of the Agency Engineer acting on behalf of the Agency.

SECTION 2. The Agency shall pay the Utility **100** percent of the actual and reasonable cost of the construction effort for removing and replacing the facilities and any required construction engineering costs and any applicable overheads.

SECTION 3. The Agency shall make payment to the Utility within thirty (30) days after receipt of billing from the Utility. When the work is completed and all costs accumulated, the Utility will submit a final statement to the Agency showing the payment due from the Agency.

The parties agree to make final settlement within thirty (30) days after the Agency receives the final statement. The Utility will furnish the Agency a copy of the engineering estimates and actual costs for the Project and as built drawings, if any. Ownership in the said facilities shall remain with the Utility at all times.

SECTION 4. This Agreement shall be subject to concurrence of the Agency in writing below. The parties hereto shall not, in the performance of this Contract discriminate or permit discrimination against any person because of race, sex, age, or political or religious opinions or affiliations or disability in violation of Federal or State Statutes or Local Ordinances. The recitals at the beginning of this Agreement, and all plans, specifications, documents or instruments referenced in this Agreement, shall be incorporated into this Agreement by reference.

SECTION 5. Without cost to the Utility and as part of the consideration for the design, procurement, and installation of The Project, The Agency shall execute and deliver to the Utility an Amended and Restated Easement in the form attached hereto. The Agency further agrees to execute and deliver to OPPD any other temporary and permanent easements determined by The Utility in its sole discretion to be necessary in connection with The Project. Any such additional easements shall be substantially the same as the Amended and Restated Easement attached hereto.

SECTION 6. To the extent the Nebraska Interlocal Cooperation Act, Nebraska Revised Statutes Section 13-801 et seq, as amended, applies, the following is provided:

a. The duration of this Agreement shall be as follows: This Agreement shall begin upon its execution by both parties and concurrence of the Agency below, and end upon completion of performance of all the obligations of the parties;

b. There shall be no separate legal or administrative entity created by this Agreement to administer this Agreement, and except as otherwise provided in this Agreement, the parties do not contemplate acquiring, holding or disposing of any real or personal property pursuant to this Agreement;

c. The purpose of this Agreement is to provide for relocation of the facilities as described in this Agreement or related documents or instruments;

d. The Agency will pay costs and expenses of the work as described above. No separate budget will be established or maintained by the parties apart from normal budget and accounting records maintained by each of the parties;

e. This Agreement will end upon completion of performance by the parties and shall not terminate before that occurs. The Utility will own the overhead transmission facilities at all times, including at the end of the Agreement;

f. The Agency will pay the costs and expenses of the work from available funds; the parties do not contemplate any levy, collection, or accounting for any tax authorized under sections 13-318 to 13-326 or 13-2813 to 13-2816;

g. The District's Utility Coordination Group and Agency Engineer jointly shall be the administrators of this Agreement for the parties; and

h. The overhead transmission facilities will be acquired, held and disposed of in the manner described in this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed by their proper officials there unto duly authorized as of the dates below indicated.

NONDISCRIMINATION CLAUSES

During The performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor"), agrees as follows:

- 1) Compliance with Regulations: The Contractor will comply with the Regulations of the Department of Transportation relative to nondiscrimination in federally assisted programs of the Department of Transportation (Title 49, Code of Federal Regulations. Parts 21 and 27, hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- 2) Nondiscrimination: The contractor, with regard to the work performed by it after award and prior to completion of the contract work, will not discriminate on the ground of handicap, race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations. Including employment practices when the contract covers a program set forth in Appendix "A", "B" and "C".
- 3) Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of handicap, race, color or national origin.
- 4) Information and Reports: The contractor will provide all information and reports required by the Regulations, or orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the State Highway Department or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to the State Highway Department, or the Federal Highway Administration as appropriate, and shall set forth what efforts it has made to obtain the information.
- 5) Sanctions for Noncompliance: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the State Highway Department shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including but not limited to,
 - a) withholding of payments to the contractor under the contract until the contractor complies, and/or
 - b) cancellation, termination or suspension of the contract, in whole or in part.
- 6) Incorporation of Provisions: The Utility's contractor will include the provisions of paragraph (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, order, or instructions

issued pursuant thereto. The contractor will take such action with respect to any subcontract or procurement as the State Highway Department or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request the State to enter into such litigation to protect the interests of the State, and in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

AMENDED AND RESTATED EASEMENT

THIS AMENDED AND RESTATED EASEMENT (hereinafter referred to as "A&R Easement"), is made and entered into as of the _____ day of _____, 20____, by and between _____ (referred to hereafter as "Grantor") and OMAHA PUBLIC POWER DISTRICT, a public corporation and political subdivision of the State of Nebraska, its successors and assigns, hereinafter referred to as "District". This A&R Easement amends and restates the Easement dated the _____ day of _____, 19____, recorded in Miscellaneous Book No. _____, Page _____ in the Register of Deeds for Nemaha County, Nebraska on the _____ day of _____, 19____ ("Existing Easement").

WHEREAS, Grantor is the owner of the real estate described as follows:

[PROPERTY DESCRIPTY]

WHEREAS, Grantor and the District desire to amend and restate the Existing Easement to reflect the agreements and conditions set forth herein.

NOW, THEREFORE, in consideration of the sum of (\$1.00) and other valuable consideration, the receipt of which is hereby acknowledged, Grantor and the District do hereby amend and restate the Existing Easement as follows:

Grantor does hereby grant and convey to the District a permanent right of way easement with rights of ingress and egress thereto, to survey, construct, reconstruct, relocate, alter, add to, maintain, install, inspect, repair, replace, renew and operate thereon, electric transmission lines consisting of poles, pole foundations, towers, tower foundations, structures, down guys, anchors, insulators, wires, underground cables, supports and other necessary fixtures and equipment over, upon, above, along, under, in and across the following described real estate (the "Easement Area"):

[EASEMENT DESCRIPTION]

CONDITIONS:

The District shall have the right to trim or remove all trees and brush on the Easement Area as may be necessary to efficiently exercise any of the hereinbefore granted rights, together with the express provision that any and all trees which, in falling, would come within 15 feet of the nearest electric line conductor may be topped or removed. All refuse from such tree and brush cutting or trimming shall be disposed of by the District, and if the Easement Area is not being utilized for cultivated crops, the District shall have the further right to control and impede the growth of all weeds, trees, and brush along the Easement Area.

Grantor may cultivate, enjoy, and otherwise use the land within the Easement Area, including the right of ingress and egress across the Easement Area, provided that such use(s) shall not, in the reasonable opinion of the District, endanger or be a hazard to or interfere with the hereinbefore granted rights; Grantor shall not allow any buildings, structures, combustible material, hay or straw stacks or other property to remain or be placed upon the Easement Area; Grantor shall not change or alter the grade of the Easement Area without the prior written approval from the District, which approval shall not be unreasonably withheld; Grantor shall not allow the burning of any materials of any nature within the Easement Area. Grantor agrees that the property covered by said easement shall not be used in any way that will impair the rights of the District hereunder.

It is further agreed that the Grantor has lawful possession of said real estate, good, right and lawful authority to make such conveyance and that his/her/its/their heirs, executors, administrators, successors and assigns shall warrant and defend the same and will indemnify and hold harmless the District forever against the claims of all persons whatsoever in any way asserting any right, title or interest prior to or contrary to this conveyance.

The District shall have the right of ingress and egress across the Grantor's property for any purpose hereinbefore granted. Such ingress and egress shall be exercised in a reasonable manner and only when reasonably necessary.

The District shall pay the Grantor and/or Lessee, as their interests may appear, for all damages to growing crops, fences or other property on said real estate which may be caused by the exercise of the hereinbefore granted rights.

This easement shall run with the land, constitutes the entire agreement between the parties, and shall be binding upon the respective grantees, licensees, lessees, successors, heirs and assigns of the parties.
