

MEMORANDUM

TO: Programs Projects and Operations Subcommittee

FROM: Terry Schumacher, Land & Water Programs Coordinator

SUBJECT: Application for Small Flood Control and Water Quality Structure 319 Program.

DATE: May 3, 2021

District Policy 17.37 – Small Flood Control and Water Quality Structure Program was adopted by the Board in February of 2021.

The District received an application from Lance and Michele Dunker who reside at 9757 County Road 23 in Blair, Nebraska, Washington County located 1.5 miles west and 2.5 miles north of Kennard, Nebraska. (See attached map)

Olsson has provided a preliminary design of the structure and the required land rights needed for the project. The watershed of the proposed structure encompasses 847 acres with a proposed permanent pool of 25 to 30 acres. The structure would be constructed as a high hazard structure and meet the goal of improving water quality in the Papillion Creek 319 Watershed.

Management recommends that the Subcommittee recommend to the Board that the proposed application be approved per the District Policy 17.37 Small Flood Control and Water Quality Structure Program.

Form17.37.A.

**SMALL FLOOD CONTROL AND WATER
QUALITY STRUCTURE PROGRAM
