SEVENTEENTH EDITION, MAY 2022

COMPUTER AND ELECTRONICS RECYCLING COLLECTIONS

The District's annual computer and electronics recycling collections are this month! These collections are a great way to keep electronics out of the waste stream.

Free disposal of computers, monitors, printers, office equipment, TVs, phones, radios, audio/video equipment, small electronics. No large appliances or microwaves.

TUESDAY MAY 24TH

10am - 1pm **Tekamah**, 539 South 13th Street

3pm - 6pm **Blair**, 1060 Wilbur Street

THURSDAY MAY 26TH

10am - 1pm **Dakota City**, 1505 Broadway

3pm - 5pm **Walthill**, 106 South Costello Street

Funding provided through Litter Reduction & Recycling Incentive Grant
Program, Nebraska Department of Environment & Energy

THIS SPRING, NEBRASKA'S NATURAL RESOURCES DISTRICTS CELEBRATE THE PLANTING OF
100 MILLION TREES THROUGH THE CONSERVATION TREE PROGRAM! THAT'S
APPROXIMATELY 50 TREES FOR EACH NEBRASKAN! TO LEARN MORE ABOUT THE TREE
PROGRAM, CALL THE BLAIR OFFICE AT (402)426-4782 EXT 101.

WELCOME TYLER ROBERTS, NEW RURAL WATER OPERATOR!

Tyler Roberts started as the new Washington County Rural Water Operator in April!

Tyler is a life-long resident of Blair. He enjoys hunting and fishing. Tyler continues to enjoy living and working in Washington County with his wife and three kids. Welcome to the NRD, Tyler!

Tribute - Terry's

A Word from Terry Schumacher,
Land & Water Programs Coordinator

As we turn the calendar over to the fifth month of the year, everyone looks forward to being out in the farm fields and gardens. It is a time of optimism in hopes that everyone will produce a bountiful crop (if Mother Nature provides some cooperation). It has certainly been abnormally dry over the past several months as snowfall was hard to come by, as well as Spring rains.

The NRD is all about conservation and protection of our water resources. Supplying many citizens of Washington County with drinking water is a big part of what we do. The politicians will tell you that water is Nebraska's most valuable resource, and they are correct. It is critical that we manage this resource for today, tomorrow, and future generations. If you would like more information or need assistance with conserving the most valuable resource of our state, we are here to provide you with the necessary tools.

NEW ASSISTANT GENERAL MANAGER, AMANDA GRINT

Amanda Grint was promoted to the role of Assistant General Manager following the passing of Marlin Petermann in December.

Amanda has been with the District for 15 years as a Water Resources Engineer. Congratulations Amanda!
