

MEMORANDUM

TO THE BOARD:

SUBJECT: General Manager's Report

DATE: July 14, 2022

FROM: John Winkler, General Manager

A. INFORMATION/EDUCATION HIGHLIGHTS:

1. ACE Camp was a success again this year. Our education team joined other NRDs near Halsey, Nebraska, where middle school students were IN the environment learning ABOUT the environment. Sessions ranged from water quality and forestry to outdoor cooking and nature photography. Of course, meeting the Papio NRD critters, ziplining and tubing the river were also favorite activities.

B. PERSONNEL/MISCELLANEOUS ITEMS:

1. Tsolmon Peters has been hired as the District's IT Support Technician. Her first day was June 27.
2. Darrell Logemann from Bennington sent a letter to the Blair office thanking the team for their professional advice regarding planting wildflowers through the WHIP program. This is Logemann's second year seeding and says his six to seven acres of wildflowers are a success. He invited the Blair team to come look at the progress at any time. A great letter and a great program. The letter is attached.

Dear Sir or Madam:

Enclosed are some pictures of my 6 to 7 acres of wild flowers. We are in year #2 of the seeding and I am very satisfied with the progress of the flowers. With your professional advise, I feel my program is a success and I thank you for your help.

You are welcome to examine the program progress anytime. Please drive down on both sides of the north-south creek. Do what you can to get others interested in planting wild flowers. If you'd like a tour, feel free to call.

Sincerely,

Darrell Logemann
