Water Works

May 2 & 3, 2023
10:00am- 1:30pm
Schramm Park SRA

TO REGISTER:

Go to:

www.papionrd.org/education/water-works/

Registration is open February 6, 2023
- February 20, 2023

Fill out required classroom information. Late February, schools will be selected and notified of the date they are to attend.

*Each 5th grade classroom from a school must register. If your school is chosen, all classrooms that registered will be selected to attend. Individual classes rotate separately at the event.

ADDITIONAL INFO:

Clothing: Most sessions are outside. Wear comfortable clothes and be prepared for Spring weather.

Lunch: Participants must bring their own lunches, drinks, and refillable water bottles. No refrigeration is available.

BACKGROUND:

Learn all about water and its importance to Nebraska at Water Works 2023, a full-day educational experience. Designed exclusively for 5th grade students, this environmentally-focused field day incorporates active recreation with education about the complex life of water and its impact in our lives as Nebraskans. Each class will attend six water related sessions taught by experts in the field from a variety of local and state agencies.
