It is the policy at Papio-Missouri River Natural Resources District to provide equal employment and advancement all qualified individuals. To achieve this goal, Papio-Missouri River Natural Resources District is dedicated to taking action to employ and advance in employment protected veterans and individuals with disabilities. All personnel actions, including compensation, benefits, recruitment, hiring, training, and promotion in all job titles, will be administered without regard to protected veteran or disability status employment decisions are based solely on valid job requirements. In addition, employees protected from harassment, threats, coercion, intimidation, or discrimination for:

This EEO policy has the full support of John G. Winkler, General Manager, who has assigned responsibility for its implementation to Jean Tait, Administrative Coordinator. Papio-Missouri River Natural Resources District has designed and implemented an audit and reporting system to monitor and maintain its compliance with the Acts.

REVIEW OF PERSONNEL PROCESSES
41 C.F.R. Section 60-741.44(b); 41 C.F.R. Section 60-300.44(b)

Papio-Missouri River Natural Resources District periodically reviews its employment procedures to ensure careful, thorough and systematic consideration of the job qualifications of known disabled individuals and protected veteran applicants for job vacancies filled either by hiring or promotion, and for all training opportunities offered or available. This review shall also ensure that personnel procedures do not stereotype individuals with disabilities and protected veterans in a manner which limits their access to jobs for which they are qualified. When protected veterans are considered for employment, only that portion of the individual's military record, including discharge papers, that is relevant to the requirements of the position will be considered.

To facilitate compliance with this requirement, some or all of the following procedures have been implemented:

1. The application or personnel form of each known applicant with a disability or each known protected veteran may be annotated to identify each vacancy for which the applicant was considered and will be retrievable for review for use in investigations and internal compliance activities.
2. The application or personnel form of each known applicant with a disability or each known protected veteran may include the identification of each promotion and training program for which that employee was considered.
3. When a protected veteran employee or applicant is rejected for employment, promotion, or training, a statement of the reason may be appended to the personnel file.
4. When an employee or applicant with a known disability or a protected veteran status, is rejected for employment, promotion, or training, a statement of the reason may be appended to the personnel file along with a description of any reasonable accommodation considered.
5. When an employee or applicant is selected for hire, promotion, or training, and reasonable accommodation has been undertaken to enable the selection of an employee or applicant with a disability or disabled veteran, the personnel record may contain a description of the reasonable accommodation.

PHYSICAL AND MENTAL QUALIFICATIONS
41 C.F.R. Section 60-741.44(c); 41 C.F.R. Section 60-300.44(c)

At least annually, Papio-Missouri River Natural Resources District reviews physical and mental job qualification requirements as openings occur, to ensure to the extent qualification requirements tend to screen out qualified disabled individuals, they are job-related and consistent with business necessity and the safe performance of the job.

To the extent that physical or mental job qualification requirements tend to screen out qualified disabled individuals in the selection of employees or applicants for employment or other changes in employment status such as promotion or training, Papio-Missouri River Natural Resources District assures that the requirements are related to the specific job(s) for which the individual is being considered and are consistent with business necessity and the safe performance of the job.

REASONABLE ACCOMMODATION
41 C.F.R. Section 60-741.44(d), 41 C.F.R. Section 60-300.44(d)

Papio-Missouri River Natural Resources District makes reasonable accommodations to the physical and mental limitations of employees or applicants to the extent that such accommodations do not impose an undue hardship on the conduct of its business. When an employee with a known disability is having significant difficulty performing his or her job and it is reasonable to conclude that the performance problem may be related to the known disability, the employee will be notified of the performance problem and asked if the problem is related to the disability. If the employee indicates the performance problems are related to his or her disability, the employee will be asked if reasonable accommodation is needed.

Papio-Missouri River Natural Resources District makes reasonable accommodation to the special needs of disabled individuals and disabled veterans including access to the building, utilization of rest room facilities, and mobility requirements within the building and parking locations.

HARASSMENT
41 C.F.R. Section 60-741.44(e); 41 C.F.R. Section 60-300.44(e)

Papio-Missouri River Natural Resources District has developed and maintains procedures to ensure that its employees are not harassed because of a disability or status as a protected veteran.

ASSESSMENT OF EXTERNAL OUTREACH AND RECRUITMENT EFFORTS
41 C.F.R. Section 60-300.44(f)(3); 41 C.F.R. Section 60-741.44(f)(3)

At least annually, Papio-Missouri River Natural Resources District reviews the outreach and recruitment efforts it has taken over the previous twelve (12) months to evaluate their effectiveness in identifying and recruiting qualified protected veterans and qualified individuals with disabilities. Each evaluation is documented, including at a minimum the criteria used to evaluate the effectiveness of each effort and the conclusion as to whether each effort and the totality of the efforts are effective. Among these criteria are the Data Collection Analysis for the current year and the two most recent previous years. If Papio-Missouri River Natural Resources District concludes the totality of its efforts are not effective in identifying and recruiting qualified protected veterans and qualified individuals with disabilities, alternative outreach and recruitment efforts are identified and implemented.

Papio-Missouri River Natural Resources District concludes that each and the totality of, its efforts are effective in identifying and recruiting qualified protected veterans and qualified individuals with disabilities.

INTERNAL DISSEMINATION OF POLICY
41 C.F.R. Section 60-741.44(g); 41 C.F.R. Section 60-300.44(g)

Papio-Missouri River Natural Resources District has developed the following internal procedures to communicate its obligation to engage in affirmative action efforts to employ and advance in employment qualified individuals with disabilities and protected veterans. These procedures are designed to foster understanding, acceptance, and support among executive, management, supervisory and other employees and to encourage such persons to take the necessary actions to meet this obligation.

All personnel involved in the recruitment, screening, selection, promotion, disciplinary, and related processes are trained to ensure knowledge of equal employment opportunity and affirmative action laws. Papio-Missouri River Natural Resources District will continue to ensure that all employees have the opportunity to participate in such programs without regard to disabled or veteran status.

DATA COLLECTION ANALYSIS
41 C.F.R. Section 60-300.44(k), 41 C.F.R. Section 60-741.44(k)

Papio-Missouri River Natural Resources District has documented the following computations or comparisons pertaining to applicants and hires on an annual basis and maintain them for a period of three (3) years:

1. The number of applicants who self-identified as protected veterans pursuant to § 60-300.42(a), or who are otherwise known as protected veterans;
2. The number of applicants who self-identified as individuals with disabilities pursuant to § 60-741.42(a), or who are otherwise known to be individuals with disabilities;
3. The total number of job openings and total number of jobs filled;
4. The total number of applicants for all jobs;
5. The number of protected veteran applicants hired;
6. The number of applicants with disabilities hired; and
7. The total number of applicants hired.

BENCHMARKS FOR HIRING VETERANS
41 C.F.R. Section 60-300.45

The benchmark is not a rigid and inflexible quota which must be met, nor is it to be considered either a ceiling or a floor for the employment of particular groups. The purpose of establishing benchmarks is to create a quantifiable method by which Papio-Missouri River Natural Resources District can measure its progress toward achieving equal employment opportunity for protected veterans. Benchmarks will be set on an annual basis using one of the two mechanisms described below:

1. Establish a benchmark equaling the national percentage of veterans in the civilian labor force, which will be published and updated annually on the OFCCP website; or
2. Establish a benchmark by taking into account: (i) the average percentage of veterans in the civilian labor force in the State(s) where the contractor is located over the preceding three years, as calculated by the Bureau of Labor Statistics and published on the OFCCP website; (ii) the number of veterans, over the previous four quarters, who were participants in the employment service delivery system in the State where the contractor is located, as tabulated by the Veterans' Employment and Training Service and published on the OFCCP website; (iii) the applicant ratio and hiring ratio for the previous year, based on the data collected pursuant to § 60-300.44(k); (iv) the contractor's recent assessments of the effectiveness of its external outreach and recruitment efforts, as set forth in § 60-300.44(f)(3); and (v) any other factors, including but not limited to the nature of the contractor's job openings and/or its location, which would tend to affect the availability of qualified protected veterans.

Papio-Missouri River Natural Resources District has chosen to establish a benchmark equaling the national percentage of veterans in the civilian labor force.

UTILIZATION GOALS FOR INDIVIDUALS WITH DISABILITIES
41 C.F.R. Section 60-741.45

The OFCCP establishes a utilization goal for employment of qualified Individuals with disabilities for each job group in the contractor's workforce, or for the contractor's entire workforce where the workforce consists of 100 or less employees. The utilization goal is not a rigid and inflexible quota which must be met, nor is it to be considered either a ceiling or a floor for the employment of particular groups. The purpose of the utilization goal is to establish a benchmark against which the contractor must measure the representation of individuals within each job group in its workforce, or within the contractor's entire workforce. Papio-Missouri River Natural Resources District has evaluated utilization of individuals with disabilities in each job group, and in its entire workforce.

IDENTIFICATION OF PROBLEM AREAS
41 C.F.R. Section 60-741.45(e)

When the percentage of individuals with disabilities in one or more job groups, or in the entire workforce if the workforce is 100 or less employees, is less than the utilization goal, Papio-Missouri River Natural Resources District takes steps to determine whether and where impediments to equal employment opportunity exist. When making this determination, Papio-Missouri River Natural Resources District assesses its personnel processes, the effectiveness of its outreach and recruitment efforts, the results of its Affirmative Action Program audit, and any other areas that might affect the success of the Affirmative Action Program.

Papio-Missouri River Natural Resources District has not found any impediments to equal employment opportunity in our personnel processes, outreach and recruitment efforts or any other area that might affect the success of its Affirmative Action Program.

ACTION ORIENTED PROGRAMS
41 C.F.R. Section 60-741.45(f)

As needed, Papio-Missouri River Natural Resources District has developed action-oriented programs designed to correct any identified problems areas. These action-oriented programs may include the modification of personnel processes to ensure equal employment opportunity for individuals with disabilities, alternative or additional outreach and recruitment efforts and/or other actions designed to correct the identified problem areas and attain the established goal.

Papio-Missouri River Natural Resources District has not identified any problems areas.

SPOUSES OF PROTECTED VETERANS
41 CFR Section 60-300.21(e)

It is the policy of Papio-Missouri River Natural Resources District not to exclude or deny equal jobs or benefits to, or otherwise discriminate against, a qualified individual because of the individual's relationship or association with a protected veteran. This includes spouses and other family members.

DESIGNATION OF RESPONSIBILITY
41 C.F.R. Sections 60-2.17(a), 60-2.10(b)(2)(i)

John G. Winkler, General Manager, has overall responsibility for implementation of the Equal Employment Opportunity Policy. Jean Tait, Administrative Coordinator, has assumed the responsibility for the development, implementation and monitoring of the Affirmative Action Plan, to include all those positions located in subordinate and/or lower-level establishments for which the selection decisions are made at the corporate level.

The Administrative Coordinator's responsibilities include but are not limited to the following:

1. Developing the policy statements and affirmative action programs.
2. Developing internal and external communication procedures, as appropriate.
3. Designing and maintaining an internal audit and reporting system that will:
 - a. Identify any areas requiring remedial action and develop programs to correct those problem areas.
 - b. Determine the degree to which the goals and objectives have been reached.
4. Monitoring the following internal practices:
 - a. Proper display of EEO posters and policies.
 - b. Full participation of minority, female, and disabled employees in all Papio-Missouri River Natural Resources District sponsored educational, training, recreational, and social activities.
5. Assisting management in solving any identified problems. It shall be the responsibility of department heads, managers, and supervisors to provide the HR Manager with such information and/or statistical data as may be necessary to measure progress toward the attainment of goals and to assure good faith efforts to implement the Affirmative Action Plan. Such information and/or statistical data shall be used to set reasonable placement goals.
6. Keeping management informed of the latest developments in the equal employment opportunity area.
7. Assisting employees in solving problems and resolving EEO complaints.
8. Serving as a liaison between Papio-Missouri River Natural Resources District and appropriate women and minority groups.

9. Serving as a liaison between Papio-Missouri River Natural Resources District and appropriate EEO enforcement agencies.

IDENTIFICATION OF PROBLEM AREAS
41 C.F.R. Section 60-2.17(b)

As part of our monitoring practice, an analysis of personnel matters will be conducted for the current plan year. The following items will be considered:

1. Composition of the workforce by minority group and sex. Good faith placement goals are established where necessary.
2. Composition of applicant flow by minority group and sex. Corrective action will be taken as appropriate, whenever the referral ratio of a disfavored group to the hiring supervisor or manager indicates a significantly higher percentage are being rejected as compared to a favored group of applicants.
3. Compensation System. Papio-Missouri River Natural Resources District evaluates its compensation system to determine whether there are gender, race or ethnicity-based disparities. The purpose of the analysis is to identify potential areas where impediments to equal employment opportunity may exist. Disparities alone do not necessarily indicate a problem area; there may be many non-discriminatory reasons for a disparity.
4. Selection Process. Papio-Missouri River Natural Resources District will consider the entirety of the selection process, including, position descriptions, titles, application forms, pre-employment forms, interview procedures, test validity and administration, referral procedures, final selection process and similar factors. The application and related pre-employment forms are in compliance with federal guidelines, and position descriptions accurately reflect actual duties and responsibilities.
5. Any other areas that might impact the success of our affirmative action program, which may include but are not limited to:
 - a. Applicant flow, hires, promotions, transfers, terminations and other personnel practices are made on the basis of qualifications of the individual without regard to race, color, sex, religion, national origin, sexual orientation, gender identity, disabled, or veteran status.
 - b. Facilities and Company sponsored recreational social, and educational events have not excluded women and minorities from participation.
 - c. The general attitude of the work force and management is positive toward our Equal Employment/Affirmative Action programs.
 - d. EEO posters and policy statements are displayed. The EEO clause will be included on purchase orders, leases and contracts.

- e. Papio-Missouri River Natural Resources District reviews its training programs, both formal and informal, and has not found them to be discriminatory. These programs will be analyzed annually or when appropriate.

ORGANIZATIONAL PROFILE
41 C.F.R. Sections 60-2.11(c), 60-2.17(b)(1)

Papio-Missouri River Natural Resources District has chosen to produce a Workforce Analysis report in lieu of an Organizational Display. The Workforce Analysis is a more meaningful report for Papio-Missouri River Natural Resources District.

1. The Workforce Analysis is a listing of each job title as appears in applicable collective bargaining agreements or payroll records, ranked from lowest paid to the highest paid within each department or other similar organizational unit including departmental or unit supervision. All job titles, including all managerial job titles, are listed. The total number of incumbents in each minority classification is given for each job title.
2. Where there are separate work units or lines of progression within a department, a separate Line of Progression report may be provided for each such work unit, or line, including unit supervisors. The order of the jobs in the line through which an employee could move to the top of the line is indicated on the report.
3. Where there are no formal progression lines or usual promotional sequences, job titles are listed by department, job families, or disciplines, in order of wage rates or salary ranges.
4. The total number of incumbents in each minority classification is given for each job title.

WORKFORCE BY JOB GROUP
41 C.F.R. Sections 60-2.12, 60-2.17(b)(1)

Papio-Missouri River Natural Resources District groups jobs with similar content, wage rates, and opportunities into job groups. This analysis includes a list of the job titles that constitute each job group. The Job Group Analysis includes a list of the job titles that comprise each job group

PLACEMENT OF INCUMBENTS IN JOB GROUPS
41 C.F.R. Section 60-2.13

Papio-Missouri River Natural Resources District has separately stated the percentage of minorities and the percentage of women it employs in each job group established pursuant to Sec. 60-2.12.

WORKFORCE BY JOB GROUP – ANNOTATIONS
41 C.F.R. Section 60-2.1(e)

Where required, Papio-Missouri River Natural Resources District prepares a separate Job Group Annotations report that lists employees who are included in an affirmative action program for an establishment other than the one in which the employees are located, and identifies the actual location of such employees.

EVALUATION OF PERSONNEL ACTIVITY
41 C.F.R. Section 60-2.17(b)(2)

Papio-Missouri River Natural Resources District will prepare a Disparity (Impact Ratio) Analysis of personnel activity when required to determine whether there are selection disparities.

DETERMINING AVAILABILITY
41 C.F.R. Section 60-2.14

Availability is an estimate of the number of qualified minorities or women available for employment in a given job group, expressed as a percentage of all qualified persons available for employment in the job group. The purpose of the availability determination is to establish a benchmark against which the demographic composition of our incumbent workforce can be compared in order to determine whether barriers to equal employment opportunity may exist within particular job groups.

Papio-Missouri River Natural Resources District has separately determined the availability of women and minorities for each job group. To determine availability, Papio-Missouri River Natural Resources District has considered the following factors:

1. The percentage of minorities or women with requisite skills in the reasonable recruitment area. The reasonable recruitment area is defined as the geographical area from which the contractor usually seeks or reasonably could seek workers to fill the positions in question. 41 C.F.R. 60-2.14(c)(1). The most current U.S. Census data is used to derive the availability of women and minorities. If this recruitment method is used, it is because Papio-Missouri River Natural Resources District recruits, and many of its applicants live within the selected recruitment area, or because Papio-Missouri River Natural Resources District plans on recruiting in this region in the future. Any recruitment practices unique to a job group are noted on the Availability Analysis.
2. The percentage of minorities or women among those promotable, transferable, and trainable within the contractor's organization. Trainable refers to those employees within the contractor's organization who could, with appropriate training which the contractor is reasonably able to provide, become promotable or transferable during the AAP year. 41 C.F.R. § 60-2.14(c)(2). If this recruitment method is chosen, it is because Papio-Missouri River Natural Resources District fills positions by recruiting from within the workforce either through promotions or transfers. Internal applicants normally apply for these positions. Any recruitment practices unique to a job group are noted on the Availability Analysis.
3. The percentage of minorities or women in schools and training institutions where Papio-Missouri River Natural Resources District might reasonably recruit. If this recruitment method is used, it is because the organization posts or plans to post available positions at local training institutions, or because many of the applicants who respond to open positions are graduates of these training institutions. Any recruitment practices unique to a job group are noted on the Availability Analysis.

PLACEMENT GOALS
COMPARING INCUMBENCY TO AVAILABILITY
41 C.F.R. Section 60-2.15

Papio-Missouri River Natural Resources District compares the percentage of women and minorities in each job group determined pursuant to Section 60-2.13, with the availability for those job groups determined pursuant to Section 60-2.14. When the percentage of minorities or women employed in a particular job group is less than would reasonably be expected given their availability percentage in that particular job group, a placement goal is established in accordance with Section 60-2.16.

PLACEMENT GOALS
41 C.F.R. Section 60-2.16

Placement goals serve as objectives or targets reasonably attainable by means of applying every good faith effort to make all aspects of the entire affirmative action program work. Placement goals also are used to measure progress toward achieving equal employment opportunity. A determination under Section 60-2.15 that a placement goal is required constitutes neither a finding nor an admission of discrimination. Where, pursuant to Section 60-2.15, a placement goal for a particular job group is established, a percentage goal is equal to the availability figure derived for women or minorities, as appropriate, for that job group.

In establishing placement goals, the following principles from § 60-2.16(e) also apply:

1. Placement goals are neither rigid nor inflexible quotas which must be met, nor are they to be considered as either a ceiling or a floor for the employment of particular groups. Quotas are expressly prohibited.
2. All employment decisions are made in a nondiscriminatory manner. Placement goals are not used to extend a preference to any individual, select an individual, or adversely affect an individual's employment status on the basis of that person's race, color, religion, sex, sexual orientation, gender identity, or national origin.
3. Placement goals do not create set-asides for specific groups, nor are they intended to achieve proportional representation or equal results.
4. Placement goals are not used to supersede merit selection principles. Affirmative action programs prescribed by the regulations in this part do not require a contractor to hire a person who lacks qualifications to perform the job successfully, or hire a less qualified person in preference to a more qualified one.

ACTION ORIENTED PROGRAMS

41 C.F.R. Section 60-2.17(c)

Papio-Missouri River Natural Resources District has developed the following action-oriented programs to correct any problem areas identified in the Identification of Problem Areas 41 C.F.R. § 60-2.17(b) and to attain established goals and objectives.

THE SELECTION PROCESS

1. At least annually, a detailed analysis of position descriptions will be conducted to ensure that they accurately reflect position functions.
2. Job requirements are validated by division, department, location or other appropriate organizational units. Special attention will be given to academic, experience, physical, and skill requirements to ensure that the requirements themselves do not constitute inadvertent discrimination. Job specifications will be free from bias in regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disabled or veteran status, except where sex is a bona fide occupational qualification. Job requirements are validated when the number of individuals from a particular race or gender group is disproportionately selected as determined by Impact Ratio studies.
3. Position descriptions and specifications, when used, will be distributed to all recruiting sources and members of management involved in the recruiting, screening, selection, and promotion processes.
4. Selection processes will be evaluated at least annually to ensure that they are nondiscriminatory.
5. Individuals who have roles in the selection process will be chosen with special care given to their qualifications for such roles, and will be provided any necessary ongoing training to ensure that the selection processes remain nondiscriminatory.

RECRUITMENT

Any one or all of the following techniques may be used to improve recruitment and increase the flow of minority or female applicants:

1. Contact with recruitment organizations and community leaders;
2. Linkage with recruiting sources, which may include briefing sessions, plant tours, presentations by minority and female employees, and full descriptions of appropriate job openings and the selection process;
3. Encouragement of minority and female employees to refer qualified applicants;
4. Inclusion of women and minorities on the personnel staff;

5. Minority and female participation in career days, youth motivation programs and other similar programs in the community;
6. Minority and female participation in "job fairs;"
7. Active recruiting at various training institutions, especially those having high minority and female enrollments; and
8. Expansion of help-wanted advertising to include the minority news media and women's interest media.

PROMOTIONS

Any one or all of the following techniques may be used to improve promotional opportunities for minority and female employees:

1. Posting or general announcement of all appropriate job openings;
2. Assessment of current female and minority employees' academic, skill, and experience levels;
3. Provision of job training and work-study programs;
4. Completion of performance appraisals;
5. Validation of job specifications;
6. Justification by supervisors when apparently qualified minority and female employees are passed over;
7. Establishment of career counseling programs which may include attitude development, education aid, job rotations, buddy systems, and similar programs;
8. Ongoing review of seniority practices in clauses and contracts to ensure that they are nondiscriminatory; and
9. Review of company-sponsored recreational and social activities to ensure that they are desegregated.

INTERNAL AUDIT AND REPORTING SYSTEMS
41 C.F.R. Section 60-2.17(d)

Specific monitoring and reporting procedures have been developed to evaluate the extent to which the goals of the Affirmative Action Plan are being met. Papio-Missouri River Natural Resources District takes the following measures:

1. Applicant flow data. Information on race and sex is obtained when an application for a position is submitted.
2. A Disparity (Impact Ratio) Analysis is performed when sufficient data exists on applicants, hires, promotions, and terminations to ensure compliance with the Uniform Employment Selection Guidelines.
3. Any training programs will be analyzed periodically to eliminate potential discrimination in participation rates.
4. Any tests administered will be routinely analyzed to uncover potential discrimination in grading scores or test results.
5. Compensation practices will be reviewed at least annually for wage discrepancies.
6. The Availability Analysis for women and minorities will be studied and good faith placement goals will be established when necessary.
7. Progress toward established goals will be analyzed at least annually and necessary adjustments made to correct potential deficiencies.
8. Internal reporting is prepared as needed to determine why goals were not met.
9. Results of the affirmative action plan are reviewed with all levels of management.
10. Top management is informed on a regular basis of the effectiveness of these policies and any recommendations for improvement.

GOALS PROGRESS REPORT

Papio-Missouri River Natural Resources District prepares a Goals Progress Report when required to monitor progress towards established goals.

RELIGION AND NATIONAL ORIGIN DISCRIMINATION GUIDELINES
41 C.F.R. Section 60-50

Papio-Missouri River Natural Resources District reaffirms its policy to afford equal employment opportunity to all individuals. Neither national origin nor religion is a factor in recruitment, selection, promotion, transfer, termination, or participation in training. The following activities are undertaken to ensure religion and national origin are not used as a basis for employment decisions:

1. Employment practices are reviewed to ensure that members of particular religious and/or ethnic groups are given equal employment opportunities.
2. All employees, including supervisors, managers, and executives are informed of our commitment to provide equal employment opportunity without regard to religion or national origin.
3. Recruitment sources are informed of our commitment to provide equal employment opportunity without regard to religion or national origin.
4. Internal procedures exist to implement equal employment opportunity without regard to national origin or religion.

ACCOMMODATION FOR RELIGIOUS OBSERVANCE AND PRACTICE
41 C.F.R. Section 60-50.3

The religious observances and practices of employees are accommodated by Papio-Missouri River Natural Resources District, except where such accommodation would cause undue hardship on the conduct of Papio-Missouri River Natural Resources District business. The accommodation offered is determined by considering business necessity, financial expense, and any personnel coverage problems which may result.

NONDISCRIMINATION
41 C.F.R. Section 60-50.5

Papio-Missouri River Natural Resources District does not discriminate against any qualified employee or applicant because of race, color, sex, sexual orientation, gender identity, age, disability, or veteran status in implementing the policy concerning nondiscrimination based on religion or national origin.
