SUBJECT: Missouri River Floodway Purchase Program – Iske Place Structures Purchase Agreements

DATE: December 9, 2014

---

The District, in conjunction with the City of Bellevue and Sarpy County, received grant funding through FEMA's Hazard Mitigation Grant Program (HMGP) to purchase properties affected by the 2011 Missouri River Flooding. This project is a voluntary program based on a willing seller and willing buyer basis. Eminent Domain cannot be exercised for this project. The HMGP grant application included funding to allow for properties to be appraised at pre-flood, non-damaged value. Additionally, fair market value may be determined using information from the Sarpy County Assessor's Office or through Federal Emergency Management (FEMA) estimating program which determines actual cash value of the structure. HMGP funds will pay for 75% of the project cost and Nebraska Environmental Trust funds will pay for 12.5% of the project costs. The remaining project cost will be split equally between the District, the City of Bellevue, and Sarpy County.

The District hired Ken Alford and Giordano Appraisal Service to perform appraisals of the residences at Iske Place. For each residence, the County's assessed value, the computed FEMA actual cash value and the pre-flood appraised value were compared and the highest amount was offered as the market value to the resident for the purchase of their structure and leasehold interest. Seven (7) Iske Place residents have accepted the District's offer for market value. They are as follows:

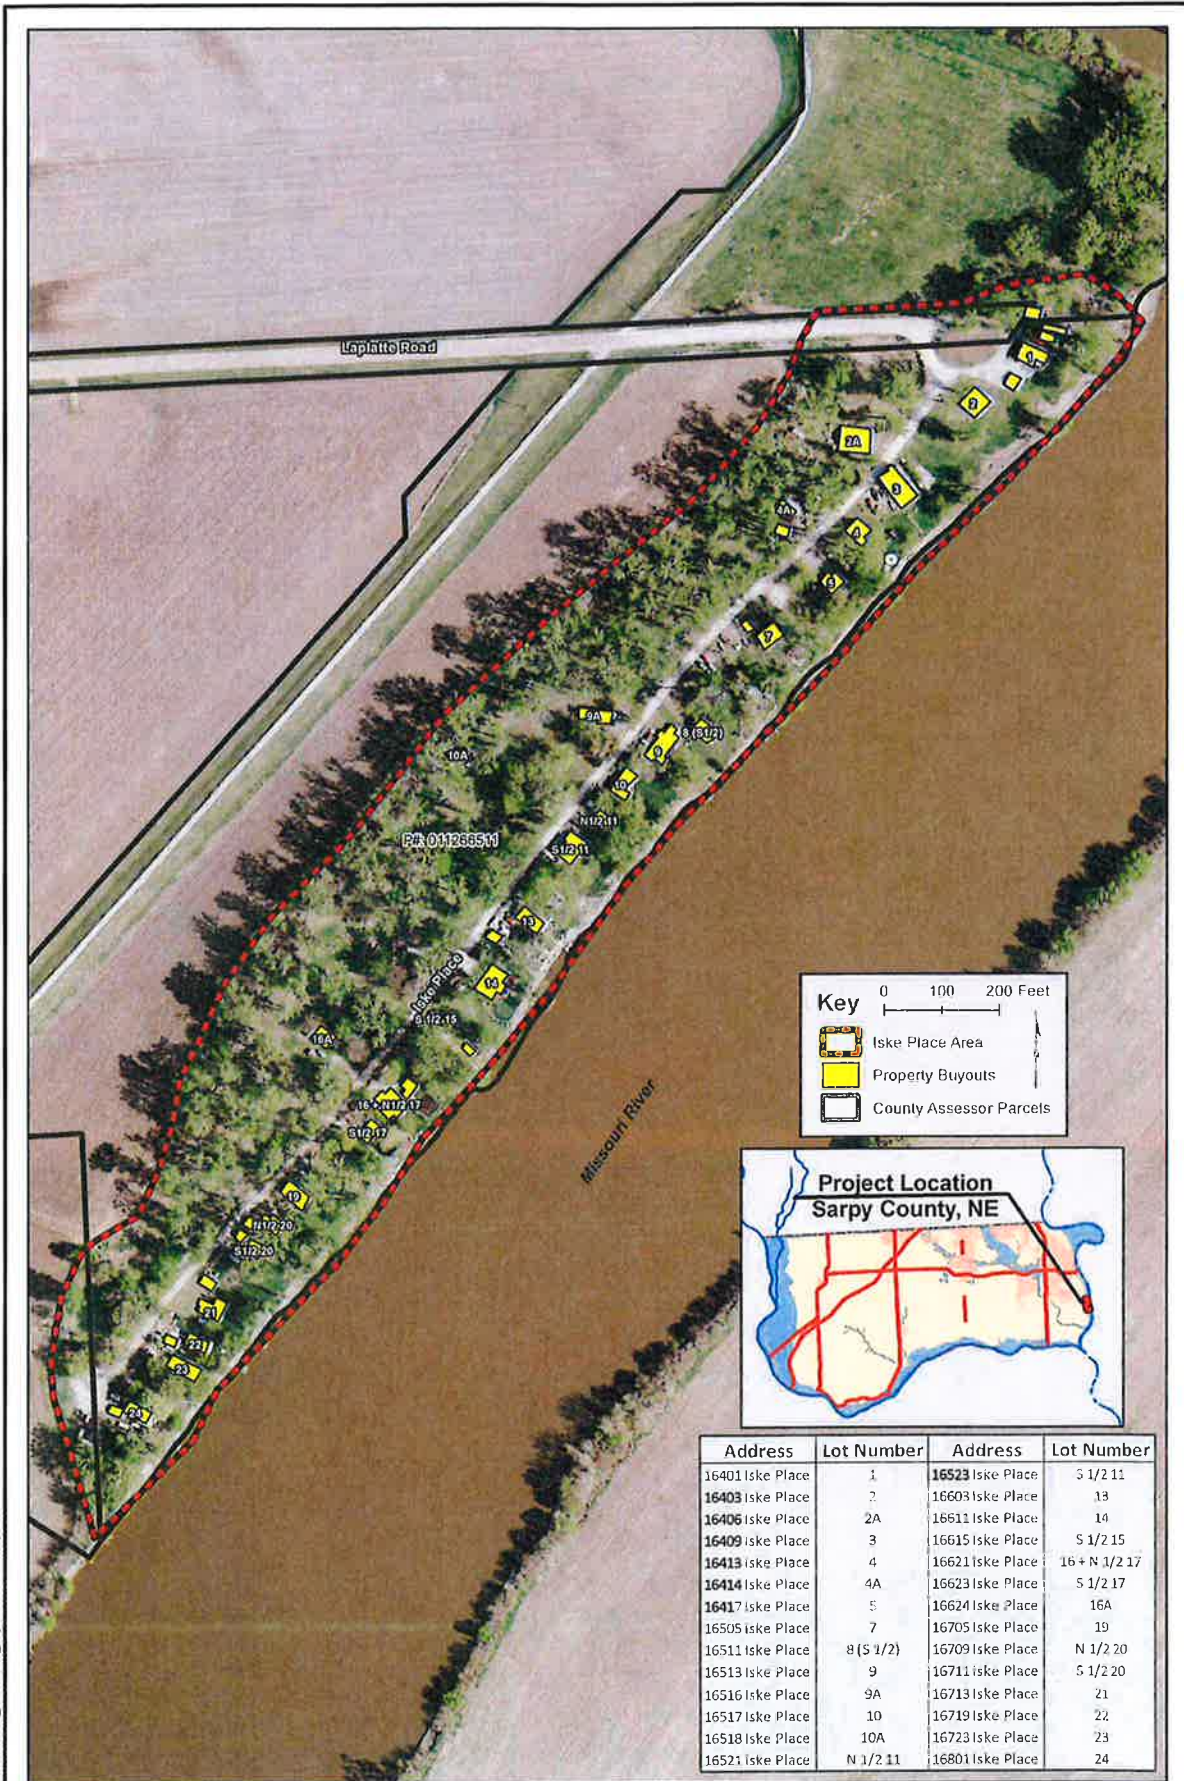

- 16416 Iske Place, Richard and Catherine Baker Steinauer, market value \$77,490
- 16608 or 16603 Iske Place, Glen and Catherine Avery, market value \$70,000
- 16517 and 16612 Iske Place, Charles and Sharon Saxton, market value \$74,000
- 16521 Iske Place, Stephanie Jaksich, market value \$26,000
- 16523 Iske Place, Donald and Sheryl Jaksich, market value \$129,603
- 16623 Iske Place, Thomas Sedlacek, market value \$38,000
- 16723 Iske Place, Robert Smithberg, market value \$75,000

Based on these conditions, District staff and legal counsel worked with the owners of the following residences to develop agreements which will give the District the right to purchase the property (structures) for the market value as well as the leasehold interest. In addition to the purchase offer, relocation benefits will be assessed and paid to each resident of Iske Place (up to a maximum of \$22,500 for primary residences and up to a maximum of \$5,250 for secondary residences) and any duplicative benefits already received by the federal government will be deducted from the purchase price.

**Management recommends to the Subcommittee that the General Manager be authorized to execute for and on behalf of the District a Purchase Agreements in the form as presented at the meeting providing for the purchase by the District from the following:**
