** MOTION NO. 12 ** It was moved by Chairperson Kolowski and seconded by Director Fred Conley that the following resolution be adopted:

Whereas, it has been discovered that the MAPA redistricting Proposed Scenario 4 map, presented to the Executive Subcommittee’s meeting on October 11, 2011 and adopted by the Board of Directors on October 13, 2011 as the new Board of Directors election subdistrict boundary map for the Papio-Missouri River Natural Resources District, contains clerical errors in the depiction of precinct boundaries; and,

Whereas, MAPA has produced a corrected Proposed Scenario 4 map, in the form as presented to this Board of Directors meeting (the “Redistricting - Scenario 4 (Adjusted) map”), wherein the errors in the depiction of precinct boundaries have been corrected and such depictions have been rectified with correct precinct boundaries,

Now, therefore, be it resolved by the Board of Directors of the Papio-Missouri River Natural Resources District that the “Redistricting - Scenario 4 (Adjusted) map,” in the form as presented to this meeting, should be and is hereby adopted as the Board of Directors election subdistrict boundary map for the Papio-Missouri River Natural Resources District (superseding the map adopted on October 13, 2011), and incorporated in the Board’s minutes and the District’s files; and, that copies of the “Redistricting - Scenario 4 (Adjusted) map” should be certified to the Douglas and Sarpy County Election Commissioners on or before Friday, November 25, 2011, as
the correct Board of Directors election subdistrict boundary map for the Papio-Missouri River Natural Resources District.

Paul Mullen from MAPA briefed the Board of the error caught by the Douglas County Election Commission; the most current Douglas County precinct map was not used when the Papio-Missouri River NRD Subdistrict boundaries were set. Using the most current Douglas County Precinct Map and the scenario the Board approved on October 13, 2011, MAPA corrected the error. There was discussion by the Board primarily concerning Subdistrict #1. Subdistrict maps must be submitted by the District prior to November 25, 2011. Failure to file on time could result in a lawsuit.

Roll call vote was held on the motion. The motion carried on a vote of 9 – yea and 1 – abstention.

Voting Yea - Conley (Fred), Conley (John), Erickson, Fowler, Klug, Lanphier, Tesar, Thompson, Kolowski
