

MEMORANDUM

TO: Finance, Expenditure and Legal Subcommittee

SUBJECT: FY 2009 Budget – 1st Draft

DATE: June 4, 2008

FROM: John Winkler, General Manager

Attached is a copy of the first draft of the P-MRNRD FY 2009 budget. As you are aware, a budget document is a guide or working plan for each fiscal year. The following are some items I would like you to consider when reviewing the draft FY 2009 budget:

Draft Budget Assumptions:

- ❖ 5% increase in valuations has been used to calculate the tax levy. This is an estimated figure. Final valuation from the counties will not be available until mid August. Last year's valuation increase was 9.23%.
- ❖ \$500,000 has been budgeted for Necessary Cash Reserve. This is less than one month of operations for the District.
- ❖ \$8,750,000 has been estimated for General Cash on Hand as of June 30, 2008.
- ❖ The expense and revenue figures used are as of May 31, 2008 or an approximate 10 1/2-month period. Please note the figures in the column titled "Mgr Est" (Manager's Estimate). These figures have been calculated to show the end of year total expenditure based on the percentage of budget that has been spent or the project manager's estimated expenditure figures for the end of the fiscal year. This column will drop out of the report when we have final figures.
- ❖ The draft budget shows an expenditure of \$8 million to be transferred out of the general fund to establish the Flood Control and Water Quality Programs and Projects Special Reserve Fund. The fund was established by the Board of Directors at their May 8, 2008 meeting. The Flood Control and Water Quality Projects and Practices Special Reserve Fund was created to enable the District to set aside and accumulate District general funds to finance the future establishment, construction, operation and maintenance of flood control and water quality projects and practices, including but not limited to low-impact development best management measures, flood plain buyouts, dams, reservoir basins and levees. These funds will not be available for expenditure for any other purposes. The draft budget shows a \$4 million expenditure to be transferred out of the general fund into the special reserve fund in FY 2009.

As noted above there are still several unknowns, i.e., final revenues/expenditures, cash on hand, Treasurer's balance, valuations, etc. The budget figures shown in the first draft hopefully will get us in the ballpark for compliance with state statutes.

I would ask that each Director carefully review this document and if there are any questions or concerns, please contact me.

NOTE: Dates to Remember for P-MRNRD FY 2009 Budget:

- Public Input Meeting at July 10, 2008 Board Meeting
- Budget Hearing and Adoption of FY 2009 Budget at August 14, 2008 Board Meeting
- Set Tax Levy for FY 2009 at September 11, 2008 Board Meeting

FACT SHEET

FY 2009 BUDGET – 1st DRAFT

	FY 2007	FY 2008
TOTAL OPERATING BUDGET (General)	\$44.19 million	\$40.21 million
PROPERTY TAX LEVY	0.034848	0.036664 *
TOTAL PROPERTY TAX REQUIREMENT	\$16,444,611.41	\$18,166,620.88
PROPERTY VALUED AT \$100,000	\$34.84	\$36.66

* Reflects an overall 5% increase in property tax revenues. This is an estimate. Final valuations will not be available from the County Assessors Offices until mid August. Last year's final valuations were an overall 9.23% increase.

This first draft budget puts us in the ball park to be in compliance with provisions of Nebraska state statutes regarding the lid. The District is limited to a 2.5% increase in restricted funds plus growth, if the growth exceeds 2.5%. The Board can also exceed the limit by 1% with a ¾ vote of the members. The following items are lid exceptions that would apply to the District:

1. Capital Improvements (acquisition and improvements to real property)
2. Interlocal Agreements/Joint Public Agency Agreements
3. Repairs to infrastructure damaged by a natural disaster.

The 2.5% lid applies to General expenditures such as the Directors' per diem and expenditures, District's insurance coverage, equipment/vehicles, salaries, etc.

The budget worksheets are divided into 8 major budget categories: General Administration, Information and Education, Flood Prevention, Erosion Control, Water Quality, Recreation, Forestry, Fish and Wildlife and Improvement Project Areas. Each major project is shown on a separate sheet in the budget document detailing revenues and expenses for specific projects.
