This draft budget hopefully will be in compliance with provisions of Nebraska state statutes. The District is limited to a 2.5% increase in restricted funds plus growth, if the growth exceeds 2.5%. The Board can also exceed the limit by 1% with a ¾ vote of the members. The following items are lid exceptions that would apply to the District:

1. Capital Improvements (acquisition and improvements to real property)
2. Interlocal Agreements/Joint Public Agency Agreements
3. Repairs to infrastructure damaged by a natural disaster.

The 2.5% lid applies to General expenditures such as the Directors' per diem and expenditures, District's insurance coverage, equipment/vehicles, salaries, utilities, gas, oil and vehicle repairs, etc.

The budget worksheets are divided into 8 major budget categories: General Administration, Information and Education, Flood Prevention, Erosion Control, Water Quality, Recreation, Forestry, Fish and Wildlife and Improvement Project Areas. Each major project is shown on a separate sheet in the budget document detailing revenues and expenses for specific projects.

4409 – SINKING FUND – Papio Reservoir Sites - \$3,560,000 – Flood control/multi purpose reservoir(s) are of the utmost importance to the Greater Omaha Area. The Papio Watershed truly has a very high potential for loss of life and property damage from flooding. As urban development continues at a rapid pace, the NRD needs to be more aggressive on achieving the construction of more flood control reservoirs. Opportunities for such are waning, thus, the recommendation for an additional one cent earmarked for the sole purpose of building more reservoirs in a timely manner is being proposed at this time.
