

MEMORANDUM

TO: Finance, Expenditure and Legal Subcommittee

SUBJECT: FY 2010 Budget – 1st Draft

DATE: June 4, 2009

FROM: John Winkler, General Manager

Attached is a copy of the first draft of the P-MRNRD FY 2010 budget. As you are aware, a budget document is a guide or working plan for each fiscal year. The following is a quick overview of the draft budget:

	FY 2009	FY 2010
TOTAL OPERATING BUDGET (General)	\$39.47 million	\$66.80 million
PROPERTY TAX LEVY	0.033753	0.032779*
TOTAL PROPERTY TAX REQUIREMENT	\$16,594,576.17	\$16,518,319.09
PROPERTY VALUED AT \$100,000	\$33.75	\$32.78

- * Reflects an overall 2.5% increase in property tax revenues. This is an estimate. Final valuations will not be available from the County Assessors Offices until mid August. Last year's final valuations were an overall 4.18% increase.

The following are some items I would like you to consider when reviewing the draft FY 2010 budget:

Draft Budget Assumptions:

- ★ \$500,000 has been budgeted for Necessary Cash Reserve. This is less than one month of operations for the District.
- ★ \$11,800,000 has been estimated for General Cash on Hand as of June 30, 2009.
- ★ The expense and revenue figures used are preliminary as of May 31, 2009. Please note the figures in the column titled Manager's Estimate. These figures have been calculated to show the end of year total expenditure based on the percentage of budget that has been spent or the project manager's estimated expenditure figures for the end of the fiscal year. This column will drop out of the report when we have final figures.

- ✪ The draft budget shows an expenditure of \$4.8 million to be transferred out of the general fund for the Flood Control and Water Quality Programs and Projects Special Reserve Fund. The balance of the reserve account as of June 30, 2009 will be approximately \$12,750,000. The fund was established by the Board of Directors at their May 8, 2008 meeting. The Flood Control and Water Quality Programs and Projects Special Reserve Fund was created to enable the District to set aside and accumulate District general funds to finance the future establishment, construction, operation and maintenance of flood control and water quality projects and practices, including but not limited to low-impact development best management measures, flood plain buyouts, dams, reservoir basins and levees. These funds will not be available for expenditure for any other purposes.
- ✪ LB 160 – Bonding authority was granted by the legislature and signed into law by the Governor this legislative session. Bonding authority grants the District great flexibility in funding flood control and water quality projects and programs. In addition, this authority allows the District to complete projects in a timely and cost effective manner. For example, projects that have been in the planning, design and/or construction phases for ten to fifteen years will now be completed in a much more timely fashion. District staff continues to work with professional bond counsel to establish a bond funding strategy that will maximize District resources while simultaneously protect the interest of property tax payers throughout the entire District. Since L.B. 160 and the Special Reserve fund were written to complement each other the combination of reserve funds and bonding revenue funding strategies may change from this draft until the final budget is adopted in August.

As noted above there are still several unknowns, i.e., final revenues/expenditures, cash on hand, Treasurer's balance, valuations, etc. The budget figures shown in the first draft hopefully will get us in the ball park for compliance with state statutes.

I would ask that each Director carefully review this document and if there are any questions or concerns, please contact me.

NOTE: Dates to Remember for P-MRNRD FY 2010 Budget:

- Public Input Meeting at July 9, 2010 Board Meeting
Budget Hearing and Adoption of FY 2010 Budget at August 13, 2009 Board Meeting
- Set Tax Levy for FY 2010 at September 10, 2009 Board Meeting

4902 – Special Reserve Fund – \$4,800,000 - The Flood Control and Water Quality Programs and Projects Special Reserve Fund was established by Board of Directors at their May 8, 2008 meeting. The fund was created to enable the District to set aside and accumulate District general funds to finance the future establishment, construction, operation and maintenance of flood control and water quality projects and practices, including but not limited to low-impact development best management measures, flood plain buyouts, dams, reservoir basins and levees. These funds will not be available for expenditure for any other purposes. \$4,800,000 will be transferred from the District's General Fund into the Special Reserve Fund in FY 2010.

Flood Control and Water Quality Projects and Programs Special Reserve Fund:

Balance as of 6/30/09	\$	12,750,000
Transfer out of General Fund	\$	4,800,000
