

MEMORANDUM

TO: Programs, Planning and Operations Subcommittee

FROM: Dick Sklenar

SUBJECT: Professional Services Contract for Elkhorn River Public Access Site

DATE: May 5, 2006

Attached is a copy of the Professional Services Agreement with Beringer Ciaccio Dennell Mabrey, Inc. (BCDM) for development of an Elkhorn River public access point at West Dodge Road (HWY 6). The development of this site will be the second of three that will occur over the next few years. The Board of Directors selected BCDM to investigate sites and develop a master plan for public access locations along the Elkhorn River. In May, 2004, the Board determined to employ BCDM on a site by site basis for final design, contract administration and construction observation.

There are two programs that the Game and Parks Commission administers that could possibly apply grant funds to this location. I am somewhat confident that grant funds would most likely pay for about half the construction costs for this site. The awarding of grant funds for this project will not be known by the District until March 2007. Construction activities are expected to occur several weeks later.

The staff recommends that the Subcommittee recommend to the Board of Directors that the Assistant General Manager be authorized to execute a professional services contract with BCDM, Inc. for the Elkhorn River W. Dodge Road public access site, for a fee not to exceed \$55,000.00, subject to changes deemed necessary by the Assistant General Manager and approval as to form by District's Legal Counsel.

However, the Owner shall be permitted to authorize the Contractor, Subcontractors, Sub-subcontractors and material or equipment suppliers to reproduce applicable portions of the Instruments of Service appropriate to and for use in their execution of the Work by license granted in Section 6.2. MEMORANDUM TO: Programs, Projects and Operations Subcommittee

SUBJECT: Equipment Replacement/Purchase Request for FY 2007

DATE: May 8, 2006

FROM: Jean Friends Tait, Purchasing Agent

Attached is a chart of equipment items identified for purchase/replacement in FY 2007. Again this year, the process to identify and prioritize equipment items most needed by the District was determined by a staff Equipment Committee comprised of Jerry Herbster, Martin Cleveland, Bill Warren, Trent Heiser and me. Each section within the NRD identified their equipment requirements and the equipment committee reviewed each item and made recommendations to the Assistant General Manager for purchase. The Assistant GM then reviewed the Committee's recommendations and made further changes/cuts to the chart. The chart reflects the final recommendations.

The FY 2006 equipment budget was \$343,185. The FY 2007 equipment budget request is \$403,469. State statute allows for a maximum 2.5% increase in restricted funds (to include general operational costs, i.e. salaries, equipment, insurance, etc., does not include project expenditures, i.e. construction, land rights, etc.). The Board can approve an additional 1% increase for a total of 3.5% increase in restricted funds, if required.

Staff recommends approval of the FY 2007 Equipment Requirements subject to FY 2007 Budget.
