

MEMORANDUM

TO: Programs, Projects and Operations Subcommittee

FROM: Martin P. Cleveland & Dick Sklenar

SUBJECT: Elk Creek Channel Stabilization Project #3

DATE: September 30, 2008

The Papio-Missouri River Natural Resources District received and opened bids for the Elk Creek Channel Stabilization Project #3 on September 29, 2008, at 10:00 a.m.

There was one contractor that submitted a bid. That bid was from K&L Landscape and Construction Inc. in the amount of \$264,070.00. Attached is a bid summary, and a location map of the project.

The project consists of repairing the right bank levee at 2 locations along Elk Creek where channel bank erosion has eroded the creek bank levee slope. This includes installing 12,000 cubic yards of embankment soil and 1,650 tons of rock riprap.

The Staff has reviewed the lone submitted bid. It is recommended that the bid be rejected and that the project be re-bid for award at the November Board of Directors meeting in the interest of obtaining competitive bids

It is Management's recommendation that the Subcommittee recommend to the Board of Directors that the bid submitted by K&L Landscape and Construction Inc. for \$264,070.00 be rejected and that new bids be sought for the Elk Creek Channel Stabilization Project #3.
